The Tillamook Headlight.

Editorial Snap Shots.

The County Surveyor successfully completed the job of surveying at Eugene.

Good advice at this season of the year to the booze fighter. Get on the water wagon.

This is 1913 and the year that the Democratic party is going to try again the experiment of free trade.

Get the boosting spirit and help give Tillamook County and City the biggest boost the coming year they have ever had.

We suppose that the suffragettes will be a little inquisitive to know whether they have been selected on the jury list or appointed as judges and clerks of elections.

It's not so bad after all on account of the tie-up on the railroad, for there's the old standard—the steamer Sue H. Elmore or the hurricane deck of a cayuse—to remind us of strenuous times in Tillamook.

The snap shot man is still patiently waiting for the Hon. F. B. Beals to prove the truth of his accusation. Perhaps the letter was "inspired." Anyway, it is a good thing to tell the truth and shame the devil, Fred.

It is reported that this city is to have another newspaper, and in making its debut it will, no doubt, advertise itself as filling "a long felt want." No one with any business sense or experience sees the need of it, but let her come.

There appears to be a slum in the cheese market. That is not surprising about this time of year, for there is more or less of a slum after the holiday season. But a real slum is liable to occur should the free trade party monkey with the tariff.

Probably the storm on Sunday will make the P. R. & N. hurry up with its depot, for the water covered the dock as well as damaged some freight, which is another convincing argument that that was no place for a depot for a live, progressive city.

A reception is to be given the new city officials Monday evening by the W. C. T. U., and this must be taken for granted that the city fathers won't be dined and wined to commemorate the advent of another city administration unless the wets go one better and give them an old fashioned banquet.

We can understand strangers starting out on a journey in a storm such as was blowing on Sunday morning, but we cannot understand a Tillamooker doing so during a fierce southwester, with torrents of rain falling, knowing, as they do, that something is liable to happen at any moment.

The newly elected city council will take hold of the reins of government on Monday, and we feel that the city will have another good administration. It will, no doubt, be progressive, with the idea of making still more permanent improvements in this progressive city. The city dads can rely on this: That some people will want to "turn the rascals out" at the end of the year, no matter how hon-

estly and well they may have served the public.

Bull Moosers are not eligible to serve on election boards in Tillamook County, and the County Court, will, of course, follow the law in this respect, which says: "No more than two judges and two clerks shall be members of the same political party, and they shall be appointed from the two political parties which, respectively cast the highest number of votes for the presidential electors of the United States at the last preceding presidential election."

As the Republican and Democratic parties polled the highest number of votes in this county, this shuts out the Bull Moosers from serving on election boards.

There should not be any difficulty in disposing of the \$15,000 worth of stock necessary to the location of a whey sugar factory which the National Milk Sugar Company of New York is figuring upon erecting in this neighborhood. This is but one of other industries which will follow the installation of a whey sugar plant. We want to give the new enterprise a boost and recommend it to our citizens as worthy of their support, for, no doubt, it will prove a good investment. Take a few shares of the stock and advise others to do the same and it will not be long before the necessary money is raised.

How ready some people are to pounce down on a railroad directly an accident occurs. We understand that one of the passengers, who was not hurt in the wreck on the P. R. & N., has threatened to sue the company for damages. All he has to do is to employ an attorney and then go on the stand and perjure himself that he was seriously injured he was crippled for life. The railroad should not be held accountable for accidents similar to that which occurred on Sunday, for in a mountainous country this is as liable to happen on a county road, which have often occurred, as on a railroad. No matter where they occur, something is going to happen when a flood of water breaks lose in a gorge or on a mountain side to those who may be unfortunate to be directly in its path at the critical time. That was the trouble with the train on Sunday.

We believe in patronizing the home merchants and the home industries. Let us all make a new year's resolution that we will do so, for it will not only help business, but it will help to boost the county as well. Let the slogan be, "Trade at the home town!" Why not, when many of our citizens are paying more for goods by sending to other towns for them than they can be obtained right here in our home town from reliable business men. Get out of the habit of trading elsewhere and cultivate the habit of trading at home. The print shops of this city don't like to have bills rendered every month when the bill heads and other small jobs of printing are done in other towns. We simply mention this as an illustration, for the printers are amongst those who suffer, like other business men, by the growing system of trading in other towns. Business men should set a good example along these lines and trade one with the other, and the newspapers would feel more like boosting home merchants and home trading if they did so. It is a matter of regret that some will not trade at home, but we do not know a better time than at the commencement of another year to call attention to this and endeavor to cultivate the habit of trading at home and with home people, which will be better for everybody as well as keeping more money in circulation in the home town.

It was a commendable act on the part of President Taft when he pardoned Attorney John H. Hall, who had been persecuted under the Heney system of prosecution. Hall was U. S. District Attorney during the celebrated Oregon land trials, and because the law gave him discretion as to prosecuting those who had fenced government land either by civil or criminal process, Heney procured Hall's conviction under a system that was a disgrace to the legal profession and courts of justice. It was almost impossible for a person to obtain a fair trial at the time, with Heney giving out long interviews trying the cases in the newspapers and special

government agents ascertaining from prospective jurors that they would convict if selected as jurors. On one occasion it was arranged that Heney should speak in one of the largest churches in Portland, and in this building, which had been dedicated to the worship of the Divine Being, Heneyism was at its height and this building used to denounce innocent citizens, which gained the plaudits of the church going people who had allowed themselves to be hoodwinked by Heney and the secret service systems. There surely ought to be some other redress for Mr. Hall than a pardon, who was made the victim of Heneyism and an autocrat clothed with power and money to persecute anyone whom he had a grudge against. It is no wonder that the people here are losing confidence in courts of justice when they see so much trickery practiced by part of the legal profession when they are placed in a position to persecute innocent persons.

Joint Installation.

On Friday evening the Masonic and the Star Lodges held a joint installation of officers.

The following Masonic officers were installed: Dr. R. T. Boals, W. M.; Bert Severance, S. W.; C. I. Clough, J. W.; C. E. Trombley, Sec'y.; Thos. Coates, Treas.; Fred Minick, S. D.; Dr. Reedy, J. D.; M. V. Stillwell, Tyler; Henry Crenshaw and Ira Smith, Stewards. Frank Severance acted as installing officer and H. T. Botts as marshal.

The following officers were installed by the Stars: Mrs. Henry Crenshaw, W. M.; H. T. Botts, W. P.; Mrs. Ira Smith, A. M.; Mrs. Amanda Haberlach, Sec'y.; Mrs. Maud Botts, Treas.; Mrs. Lola Shrode, Con.; Mrs. J. E. Reedy, A. Con.; Mrs. Ethel Hays, Adm.; Mrs. E. L. Baker, Ruth; Mrs. P. W. Todd, Esther; Mrs. Sarchet, Martha; Mrs. Homer Mason, Electra; Mrs. Thos. Coates, Warden; Henry Crenshaw, Sentinel; Mrs. Erwin Harrison, Chaplain. Frank Severance acted as installing officer and John Groat as marshal.

After the ceremonies a fine banquet was given by the Star Lodge.

Alumni Win from High School.

The Tillamook "All Stars" defeated the High School team Saturday evening at the skating rink in a hard played game of basket ball, by a score of 13 to 12. The Alumni were represented by such seasoned players as Horace Sappington, Vierick, Eberman, Clint King and Stanley, but they won only by a majority of one point from the fast and promising High School "Five." Vierick has played with the O. A. C. and Multnomah Club and only through him and Eberman did they score any points.

This was the first game between Alumni and the High School this term and will probably be the last and then the Alumni will be strengthened by such able players as Stam, Stanley and Ebinger, who expect to graduate this coming June. This was the only defeat the "Scholars" have met with so far and in the future games between Bay City, Hebo, Cloverdale and many others they will, under coaching by Moore, put forth every effort to win. The standing was:

Table with 4 columns: Name, Field, Baskets, Thrown, Total. Rows include Alumni (Sappington, Vierick, Eberman, King, Stanley) and High School (Ebinger, Stanley, Wallace, DeLillies, Stam).

An interesting game between the Amazons and Suffragettes started the ball rolling for the evening and the girls certainly made it roll till the first half was played, and then the Freshman and Sophomores played for twenty, whereupon the girls finished their game. The voters defeated the Amazons again and it looks like all that the name, Amazon, implies has come to naught; but they may surprise the wily Voters yet. The score in favor of the Suffragettes was 15 to 16. Stella Goyno, Areta Everson, Atice Eggleston, Gertrude Ebinger, Mary Hare and Helen Case represented the winners; while the Amazons were composed of the following: Marie Emerson, Ruth Burge, Lottie Crane, Helen Stam, Margarette Coates and Verna Phillips.

The Freshmen met with defeat at the hands of the Sophomores, 15 to 8. This was the Freshies first game of basket ball and they expect to whip the Alumni some day since

the Seniors failed in the task. The five players for the Sophomores were: Lamar, Jope, Bain, Buel and Coates. The Young Ones who have aspirations for Heroics were: Wade, Fletcher, Ivancovitch, Atterbury and Monlon. The games were refereed by Melchoir and Moore, time-keeper Bain, score-keepers Dawson and Ginn.

Tillamook High Defeats Hebo.

In a basket ball game at Cloverdale last Friday evening Tillamook's Invincible Five defeated the Hebo team by a score of 16 to 14. It was a fast game from beginning to end, and all through the forty minutes played, the ball hardly ever touched the floor. The close of the first half looked like defeat for the Tillamook boys, for the score stood 7 to 4, but not in their favor. This only renewed their vigor and at the end of the second half John Ebinger threw the ball for the basket just as the time-keeper blew his whistle. The ball hit the basket and dropped through and sent the High School home on the long end of the score, 16 to 14. The Hebo team is a good one and with a little more practice will be able to make any team in the county hustle. A return game will be played in Tillamook some time in January.

Table with 4 columns: Name, Field, Baskets, Thrown, Total. Rows include Hebo (Allen, McGinnis, Cross, W. McGinnis, Kellow) and Tillamook (Ebinger, Stanley, Wallace, Stam, DeLillies).

The officers of the game were: Referee, Moore; Umpire, Nedry; time-keeper, Cunard; Score-keepers, Bodyfelt and Eberman.

The Whey Sugar Factory.

Just a Few Reasons Why this \$15,000.00 Stock Issue for the securing of the National Milk Sugar Industry should be subscribed:

- 1st. The money invested in this stock will return the investor 8 per cent interest and be expended in this town and county. 2nd. The money invested in site and buildings will be the very best security for the funds so invested. 3rd. Labor and material will be necessary to carry out the plans. Which incidently means that a large portion of this money will be placed in circulation here. 4th. The pay-roll established on completion of the plant will at a very minimum figure mean from \$30,000 to \$40,000 every twelve months circulated in this county, for labor, material and supplies, which will grow materially from year to year. 5th. The establishment of this factory means: More money in circulation incidental thereto. It means more homes for Tillamook. It means more people for Tillamook. It means more business for our merchants and a general advancement all along the line in the future growth, development and success of this town.

Now, dear Mr. Citizen, think this matter over seriously and at once. The committee will be glad to answer any and all questions you may wish to be more fully informed on.

Let us start the New Year right and Keep Right by each and all of us hustling for New Industries for Tillamook and Tillamook County during the year of 1913. Much good is sure to crown our efforts along this line.

- H. T. BOTTS, F. R. BEALS, W. C. KING, Rollie W. WATSON, CHAS. KUNZE, PRESTON MAROLF, N. G. BOQUIST, Committee.

Chronic Constipation Cured. "Five years ago I had the worst case of chronic constipation I ever knew of, and Chamberlain's Tablets cured me," writes S. F. Fish, Brooklyn, Mich. For sale by all Dealers.

Hints for Housekeepers. Keep Foley's Honey and Tar Compound always on hand, and you can quickly head off a cold by its prompt use. It contains no opiates, heals and soothes the inflamed air passages, stops the cough and may save a big doctor's bill in the yellow package Sold by Lawar's Drug Store.

W. R. Fox, 186 W. Washington St., Noblesville, Ind., says: "After suffering many months with kidney trouble, after trying other remedies and prescriptions, I purchased a box of Foley Kidney Pills which not only did me more good than any other remedies I ever used, but have positively set my kidneys right. Other members of my family have used them with similar results." Take at the first sign of kidney trouble.—Sold by Lamar's Drug Store.
