

\$20,000 for WHEY during 1913 would leave \$25,000 for Labor, Factory, Supplies, and Miscellaneous Expenses of Operation.

\$50,000 LOST to Tillamook Valley vicinity if we Fail to Secure the National Milk Sugar Factory---NOW.

This is the Last Advertisement on this Subject.

The approximate figures for Whey from Eight factories in this vicinity during 1912 was 19,500,000 pounds; this amount will be exceeded to at least 20,000,000 pounds in 1913. If this Whey was converted into "Milk Sugar" it would leave for Whey, Labor and Factory Operation at least \$45,000 to \$50,000 per annum, and this year would see a great industry established in Tillamook City, or vicinity, insuring a pay roll of an investment of outside capital. Give this matter your immediate support.

I am interested in the future Development of Industries for Tillamook and I will Subscribe for Stock:

Name _____

Please call for subscription.

I will contract my Whey to help this proposition:

Name _____

Factory _____

Please mail coupon or see

ROLLIE W. WATSON in person.

You are conversant with the proposition. We want your support to make it go through. To be brief, in this matter, will state that the committee promoting this proposition, besides those that have already contracted their whey will give you any information you might desire. There is 150 shares of stock at \$100 per share, payable \$10, each month after organization, which will be used for the purchase of site and putting up the buildings necessary for the factory. This investment will return you 8 per cent interest per annum. Let us have your subscription at once.

Committee:

D. L. SHRODE, President Commercial Club, H. T. BOTTS, F. R. BEALS, W. C. KING, P. E. MAROLF, CHAS. KUNZE, N. G. BOQUEST, R. W. WATSON.

W.C.T.U. Notes.

(Contributed.)

Some of the topics touched upon in the talk given by Mrs. Thomas, President of the local W. C. T. U. at the Union Temperance meeting on Sunday evening at the Presbyterian church.

As a representative of the Woman's Christian Temperance Union I am glad to join forces with the churches of this city in the efforts against the legalized liquor traffic.

Our motto is: "For God and home and every Land." Our badge: A knot of white ribbon. Our pledge: "I solemnly promise to abstain, etc." In the pledge against cider some see objections but, scientists declare it one of the most dangerous for creating an appetite for stronger drinks.

The Trysting Hour. Noontide of each day. "For it is always noontide somewhere and across the wakening continents from shore to shore, somewhere our prayers are rising evermore."

Our methods are to agitate, educate and organize.

There are six distinctive lines of work. Under these six are grouped over 40 departments, with a national superintendent at its head. The latest, called the new department of the W. C. T. U., is among and for the idle rich.

The six departments are: Organization, preventive, educational, evangelistic, social and legal. In the department of organization we have organizers and lecturers, national superintendents of work among foreigners, among colored people, among Indians and miners.

Under the head of prevention we have health, heredity and medical temperance.

Under educational. A bureau of scientific temperance investigation. Scientific temperance instruction in the public schools and colleges.

Physical Education. Temperance Literature, circulation of national official papers. Presenting our cause to influential bodies, co-operation with missionaries' societies.

Temperance and Labor. Courts and industrial, juvenile education and anti-child labor.

Parliamentary Usage, W. C. T. U. Institutes or schools of methods.

The Press. Anti-narcotics, school savings banks, kindergarten and medal contest.

In the Evangelistic department.

Unfermented wine at sacrament, proportionate and systematic giving, penal and reformatory work, work among railroad men, soldiers and sailors, lumbermen and miners.

The influence of this organization has been strongly felt in the purification of our literature and art, and in suppression of immoral shows, bill boards, etc.

It was among the first to ask for an appropriation by the United States Congress for amusement halls, libraries and better food for the soldiers, which appropriation amounts to two million of dollars.

It has created a great literature, distributing many millions of pages annually. Publishes an official organ, The Union Signal, which has a circulation, and a Children's paper, The Young Crusader.

It has largely influenced the change in public sentiment in regard to social drinking, equal suffrage, equal purity for both sexes, equal remuneration for work equally well done, equal education, professional and industrial opportunities for men and women.

In the words of Miss Frances Willard "The W. C. T. U. is organized mother Love."

Will you not join this home loving, child loving, home protecting band, in the great work for God and humanity.

Sabbath Observance.

"Mercy" Mother's Meetings and White-Ribbon Recruits.

Purity.

Rescue Work.

Work for the promotion of purity in literature and art.

5th-Social Department.

Local Meetings and Red Letter Days.

Flower Mission.

Fairs and Open Air Meetings.

6th-Legal.

Legislation, Curfew Law, Christian Citizenship, Franchise.

Peace and International Arbitration.

The work for the soldiers has resulted in the abolition of the army canteen (the saloon) It was a hard fought battle, but now for the right.

Some Other Achievements of the W.C.T.U.

The Woman's Christian Temperance Union, organized in every state and territory, and the World's W.C.T.U. in fifty countries, carries on forty lines of work, all tending to girdle the monster tree of liquor traffic.

The membership in the world is

over half a million.

Net gains in the United States in 1912 was twenty thousand.

It keeps one hundred evangelists, lecturers and organizers in the field. It has broken down sectarian barriers and women of all denominations are working in unity for a common cause.

It has secured Scientific Temperance instruction in the public schools of every state, whereby millions of children are taught the true nature of alcohol and its effects on the human system.

After seven years of faithful work it secured regular quarterly temperance lessons in the Sunday schools.

It has been the chief factor in securing reform laws in general, and for the protection of women and children in particular.

Its work against concealed alcohol in fake and patent medicine, has resulted in legislation and in an aroused church and press.

It keeps a superintendent of legislation in Washington during every Congress and has been instrumental in securing fifty nine righteous laws beside those won in the several states.

It keeps a missionary at the Port of Entry at New York.

It has sent fourteen missionaries round the world in the gospel temperance cause.

It prints and circulates literature in twenty different languages.

It was first to establish Flower Mission work which now is world wide.

It established School Savings Banks.

In Oregon the first Baby's Home was founded by the East Side W. C. T. U.

The first Rescue Home, the first matron in the depot, the first county Police matron, was the work of the W. C. T. U.

Its Child's Welfare work is carried on by more than a dozen different departments of work each touching child life at some point.

Before any other society had taken up mother's meetings the W. C. T. U. had organized them in 37 states and territories, one state alone holding 2,000 meetings in one year.

Hints for Housekeepers.

Keep Foley's Honey and Tar Compound always on hand, and you can quickly head off a cold by its prompt use. It contains no opiates, heals and soothes the inflamed air passages, stops the cough and may save a big doctor's bill. In the yellow package. Sold by Lawar's Drug Store.

A Reflection on Tillamook High School Pupils.

With your kind permission I wish to say a few words regarding the conduct of some of those who participated in the game of base ball which was played at this place on Friday night of last week. The teams in the game were those of Hebo and Tillamook high schools. We have no fault to find with anything that occurred during the process of the game, but after this game was over, the students of the Tillamook high school gathered in the lobby and parlor of the hotel and in their conversation used language that was simply shocking. The profanity and vulgarity used by these boys would disgrace any high school in the state of Oregon.

There is an idea prevalent among many high school students, that because they are members of some high school, they are privileged characters when away from home, and are licensed to behave in any manner they see fit. This is where these young men are entirely wrong. Such actions bring discredit upon themselves and upon their school.

These are no marks of gentlemanly young men but rather of street and bar-room loafers. These same young men not only used shameful language, but took some pennants from the walls of the hotel parlor.

We have the very highest opinion of the instructors of the Tillamook high school, and know very well that they do not approve of any such conduct on the part of their students. Prof. Moore, who came with the boys, was not present with them at the time mentioned above, but remained with relatives in this city.

Now, dear readers, I am not talking through my hat. Every word I have stated is vouched for by many of our best citizens. If any of my students behaved in a like manner in Tillamook, I would thank Prof. Baker or Prof. Moore, for advising me of it. Will the young men who took the pennants, please return them, and hereafter heed the advice contained in this article.

H. S. BRINHALL,
Principal Cloverdale School.

Chamberlain's Cough Remedy.
This remedy has no superior for coughs and colds. It is pleasant to take. It contains no opium or other narcotic. It always cures. For sale by all Dealers.
