# Headlight.

Vol. XXV. No. 34.

TILLAMOOK, OREGON FEBRUARY 6, 1913.

## For Nearly Ten Years

The Tillamook County Bank has been a strong factor in the commercial progress of Tillamook City and County.

Since its organization in 1902 this bank has maintained its individuality in resources and in the public confidence.

The high position which it has attained is due to its conservative policies and the satisfactory service which its clients have enjoyed.

OLDEST BANK IN THE COUNTY	TILLAMOOK COUNTY BANK TILLAMOOK CITY, ORE.	CAPITAL
		\$30,000.00 STATE SUPERVISION

### TILLAMOOK JOTTINGS

See Big Mack for your sewer connections.

Concrete Construction, side walks and floors a specialty. All work guaranteed. Thos. Dolan, Phone Main 333.

Do not forget the Sunday Chicken Dinner at the Todd. Better than you can have at home for less money. Cans and try us. Service from 5:30 to 7:00 p.m.

A. G. Beals has gone to Portland with the expectation of making arrangements to ship lumber from this city.

Go to the Clam market for Clams, Fish and Crabs. Second Avenue, near First St. in the building back of Beals' office.

If you wish rooms for the winter, by the month "cheap," with hot or cold water and with bath, call at the Todd Hotel.

C. Reed, who comes from Medford, has accepted a position as assistant cashier at the First National Bank of this city.

Fred Christensen and wife and Mrs. Claud Christensen came in on the train Sunday after being detained in Portland since the Christmas holidays.

Mrs. Fred Poorman, who has been in Portland several weeks waiting to come in on a visit to her parents, Mr. and Mrs. W. B. Alderman, arrived on Sunday's train.

Will Conley and the two Japs who were seriously injured in the smash up of the section house on the P. R. & N. and were brought to Dr. Boals' hospital, have made good progress toward recovery.

The merchandise store of Myers & Son at Hebo was destroyed by fire on Wednesday night. A blaze was discovered in the ware house about 10:30 and the fire was well under way. The loss is \$15,000 with \$8,000 insurance.

Only members and those having visitor's cards will be allowed to use the club rooms in future. The business men who have not affiliated with the club will not be allowed to take their friends there in the future.

At a meeting of the Executive Committee of the Tillamook Commercial Club on Monday evening it was decided to hold a ball and basket social on St. Patrick's day, which is to help raise funds for the club. Be sure and attend this social affair.

There will be a reception at the home of Mrs. Arthur Beals on Friday afternoon, to which all members of the women's clubs, and also all women of the city are invited to listen to Dr. Emma F. Drake, M.D., who is here for the week lecturing on civic betterment.

Mr. and Mrs. S. M. Sawyer, who have been visiting with their daughter, Mrs. W. G. Tait, and were detained here on account of the tie-up on the railroad, left on Sunday for California, where they will visit before returning to their home in the East.

William Roy, the contractor, who is building the Christian church, returned to this city on Sunday from Spokane where he had gone to spend the Christmas holidays, but was detained on account of the tie up on the railroad. Work on the new church was started again this week.

A meeting, representing the Commercial Clubs of Tillamook County, was held on Saturday afternoon to consider publicity work and to recommend to the County Court some plan to advertise the county. The Sunset plan in connection with the Southern Pacific was agreed upon.

A serious accident befell William Noble, a bricklayer, on Friday morning, who was working on the new bank building. It seems that a four by four broke which was supporting the scaffold and he fell 30 feet to the ground. He was picked and taken to Dr. Boals' hospital, where it was found that he had injured his back.

Mr. and Mrs. Henry Ellison returned to this city on Tuesday, having spent the winter in California. They were at Santa Rosa, and Mr. Ellison says it is the cheapest place to live at he has ever seen. He kept an account of the expenses each month and all that it cost him and his wife for living was \$10.00 a month.

Dr. Emma Drake, a social speaker of national reputation, will give a lecture in the First Presbyterian Church on Thursday evening, Feb. 6, at 7:45 p.m. Admission free. Dr. Drake has spoken in a number of the largest churches of Portland recently, and she comes to us highly recommended by the pastors of these churches. Her lecture Thursday evening is for both sexes.

Mr. Brannetter, who owned the steamer Golden Gate, was in the city on Wednesday. He was in Portland, and having nothing to do for a few days thought he would pay Tillamook another visit before he returned to California. He was greatly surprised to see how rapidly Tillamook City was coming to the front as a live, progressive city. He left on the train this morning.

Representative T. B. Haudley introduced three bills in the house as follows:

H. B. 375, by Handley—To provide for propagation of salmon and purchase of hatchery sites, appropriating \$20,000.

H. B. 376, by Handley—To make it unlawful to put tannin or hair in any stream.

H. B. 377, by Handley—To provide bounties on gophers and moles in Tillamook County.

Train service was resumed on Sunday after a tie-up of exactly five weeks, but on account of several freight cars going off the track above Mohler, the service was slightly crippled on Monday. The passengers were transferred on the incoming train that day, and it was eleven o'clock before they arrived in this city and it was the next morning before the train reached here. This delayed the outgoing train Tuesday morning two hours.

There was a large gathering of members and visitors to the city at the smoker at the Tillamook Commercial Club on Wednesday evening. President Shrode presided at a short business meeting at which the question of new members was again taken up, the committee having that in hand being given until next Wednesday evening to report. Several new applications were made at the meeting, and it is hoped that every business man in the city will affiliate with the club. The stunts at the smoker were boxing contests, singing and instrumental music.

A Big Masquerade Ball will be given at the Opera House, Tillamook, Oregon, February 14, 1913. It is given by Jenkins Four Piece Orchestra. All the latest up-to-date ball room as well as all of the old-fashioned dances will be participated in that evening, making it an enjoyable evening for the old as well as the young, so everybody come and bring your friends. Good music and the best of management guaranteed to all. Positively the best dancing floor in the county. Admission: Ladies, free; Gentlemen, \$1.00. Floor managers, Harry Sutton and Joe Illingsworth.

Mrs. S. S. S., Van Buren St., Kingston, N. Y., (full name furnished on application) had such decided benefit from using Foley's Honey & Tar Compound that she shares her good fortune with others. She writes: "Foley's Honey & Tar Compound brought my voice back to me during a severe case of bronchitis and laryngitis. Oh, how many people I have recommended it to."

When Burton Holmeck recently gave his celebrated travogue on "Panama" at Orchestra Hall, Chicago, he was seriously interrupted by continual coughing of the audience. No one annoys willingly and if people with coughs, colds, hoarseness and tickling in throat would use Foley's Honey & Tar Compound, they could quickly cure their coughs and colds and avoid this annoyance.

### TWO MEN AND BOAT RESCUED FROM SEA.

#### Vessel Springs Leak and Drifts out 60 Miles.

ASTORIA, Or., Feb. 1.—The steamer Praiso arrived from San Francisco this evening, having in tow the Portland Fish Company's launch Bunny, leaking badly and partially water-logged, with George Thompson and H. Thierson on board.

The launch left Bay City four days ago for Portland, and while crossing Tillamook bar was struck by a huge sea which loosened some of the planking, allowing the water to pour in. The engine also went out of commission and the craft drifted helplessly to sea.

On account of the leak one man was compelled to stand by the pump constantly, but the other rigged a sail from gunnybags and an effort was made to beat up the coast as the bar was too rough to put back into Tillamook Bay. Contrary winds and currents drove the launch fully 60 miles off shore.

The one can of water on board was lost while crossing the bar and within a short time the small supply of provisions was exhausted. Desperate with hunger and loss of sleep for four days, the men determined to beach the craft if possible. Accordingly, during last night they headed directly for the shore and picking up a favorable wind arrived about six miles off Tillamook Rock, when they were sighted by the Praiso, which took them in tow.

While completely exhausted, the men are uninjured and the launch is not seriously damaged.

### Amateur Night at the Gem Theatre.

To night the little folks will compete for the five silver dollars offered for the best specialties, i.e. Three dollars for the first prize and two dollars for the second.

Miss Violet Grimes will not appear again in competition, nor will Miss Gladys Roberts, as they have withdrawn from further contest. This leaves an open field for those who have not yet won the first prize.

Several entries have been made and the show bids fare to be excellent. At any rate the amateurs tested are most clever, well rehearsed and presenting a catchy program. Next week there will be several new names added to the list.

### Delayed Mail Arrives.

Captain Emmet Jenkins arrived in this city on Saturday morning with 6 1/2 tons of back mail, which he brought from Portland on the launch Henrietta. He made the run from Astoria to Tillamook at night and crossed in over the bar at eight o'clock in the morning. Besides the mail he had on board several drums of gasoline and cases of oil. The mail was piled outside the postoffice, which was a curiosity to see so much mail. Most of it was paper mail, and as it was the 20th December since the tie up on the P. R. & N., this had accumulated before the mail was routed via Sheridan. At noon Postmaster W. F. Baker had a wagon load sorted and dispatched to the south part of the county, and by four o'clock the regular stage between this city and Cloverdale had another bunch of mail. Bay City obtained part of its mail by auto on Saturday afternoon, and the Sunday morning train took the mail for the post offices in the north part of the county. It was no easy job to handle this mail, and although the postoffice staff kept sorting every day and part of the nights, they were handicapped by the lock boxes being filled up with mail. It was Wednesday before all the mail was sorted, Sunday's train also brought in four days mail.

### Demonstration Farm.

We have received the following communication in regard to the establishment of demonstration farms, which is of interest of those who are advocating a demonstration farm in Tillamook county.

Mr. F. C. Baker, Editor of Tillamook Headlight Tillamook, Or.

My Dear Mr. Baker,—I am advised that the citizens of Tillamook are petitioning the legislature to have the demonstration farm work placed under the control of county courts. I candidly believe this to be a very great mistake. In fact under such an arrangement it would be utterly impossible to properly coordinate the work in districts having similar agricultural conditions and throughout the state generally.

For efficiency and economy I am sure the better plan is to centralize the work in one department and this, of course, should be the Agri-

cultural College. So far as my information extends the agricultural extension work of every state in the Union, which is supported by state aid, is placed in charge of the agricultural colleges or experiment stations.

If such county proceeds independently there will be a great deal of unnecessary duplication of work which means waste of means and effort. Agricultural extension work must be based upon experimental data and the agricultural college and experiment station is the source of this.

In conclusion I beg to assure your people that the Agricultural College has no interest in the movement other than to serve the agricultural interests of the state in the very best possible manner.

I beg to remain, very cordially yours,  
JAMES WITHYCOMBE.

### Theatrical.

The Gem Vaudeville Co. played Bay City Theatre Saturday night, February 1st, entertaining a full house to a great degree of satisfaction.

Miss Violet Grimes, the Ragtime Kid, was exceptionally good, and Mr. Beals' illustrated songs were excellent. The company is advertised to play there again this coming Saturday night, February the 8th, and once each week until the season opens—then steady.

A social dance will be given by The Gem Co. after the performance to which all are cordially invited.

### Club Is On the Boost.

The Executive Board of the Commercial Club last Monday night took several steps which will help in the rejuvenation of the Club now planned. The Directors instructed the Secretary to issue cards as a receipt for dues. Only members who can exhibit cards showing their dues for the current month paid will be given the privilege of the Clubrooms. Cards of a distinctive color will be used each month so that it will be easy to determine whether the holder is paid up or not.

The Directors also determined on a basket social to be held Friday evening, March 16th (St. Patrick's eve) Dancing will be the order of the evening until mid night, but it is probable that a program will be rendered between dances for the benefit of those who do not indulge in this form of diversion. Members of the Club will be charged \$1 and others \$1.50. Ladies will be requested to furnish basket lunches which will be auctioned at mid-night to the highest bidder. The funds raised will be used in paying off the Club's indebtedness.

Seven new members were added to the Club's roster. They are: E. D. Severance, S. E. Henderson, F. J. Worrall, A. I. Thomas, Elbert E.

Ginn, James Feeney and Frank Hanenkratt.

### LUMBER COMPANY PLANS

#### Large Holdings to Be Developed When Tillamook Is Accessible.

As soon as the bay at Tillamook is opened to vessels of a sufficiently large draft to permit of the shipment of timber and lumber generally, in large cargoes, the Whitney Company, Ltd., will begin development of its extensive holdings there.

Such is the information given by Russell Hawkins, local manager of the company, who has been East to attend a company meeting at Detroit, Mich.

This company is one of the largest holders of timber in Oregon, and by far the greater portion of its stand is in Tillamook County.

According to Mr. Hawkins the lumber business in the East is in a flourishing condition, there being a marked increase in the value of Southern pine and for a lesser degree other varieties.—Oregonian.

### Social Betterment Addresses.

Mrs. Emma F. A. Drake, M. D. who is touring the state under the direction of the Portland Lecture Bureau in the interests of social betterment, is now in Tillamook for a series of lectures covering a period of several days of a week. Her repertoire of lecture subjects may well insure her an audience in whatever capacity the committee in charge may place her. She will, no doubt, be invited to speak before all the women's and men's clubs of the city as well as the schools, churches and some private parlor gatherings.

Her first appearance will be at the Presbyterian Church this (Thursday) evening.

Following are some of her lecture subjects:

Adam, Where Art Thou?  
Our Boys and Girls.  
Sex Hygiene in the Schools.  
Playgrounds and Civic Centers.  
The Juvenile Court and Fathers.  
The Passion Play at Oberammergau.  
Heredity, Environment and the Grace of God.  
Individual Responsibility.  
The Home, The School and The Church.  
Daughters in Bondage.  
The Teacher.  
Mother and Daughters.  
Girls Who Go Wrong.  
Mrs. Drake's expenses will be met by collections and free will offerings.
