It was a penny wise policy that is accountable for the loss of life attending the effort to float the German bark Mimi. It may be all summed up in a few words. The ballast should never have been removed until the ship was entirely dismantled. This was not done, and it is no surprise to a great many persons, what happened to the vessel, with so great loss of life.

Thanks, Bro. Beals, for the free advertising you are giving the snap shot man, for we are awfully delighted when unpopular individuals jump outo us. COMPARE the size of the Paige "36" with any other car. It isn't a small car, but a big room, comfortable, easy-riding car. It has 116 inch wheel base, 34 x 4-inch tires, deep luxurious uphol stery, full elliptic scroll rear springs and a perfectly balanced distribution of weight that make it is comfortable as any car you ever saw.

The Paige "36" clutch is not simply a steel disc clutch but a Cork Insert Multiple Disc Clutch running in oil. This clutch is one feature of Paige cars that has never been equalled for mechanical efficiency, control or real service. Look for this type of clutch in other motor cars and then not the prices of those cars. There is no better evidence of Paige "36" value than this clutch

One or two other features of this great car are too good to pass over without mention here. The position of the gasoline tank is one instance of the many conveniences of this car. It is carried under the shroud of the dash and is filled from the outside. The break drums are so large that they insure ab solute safety of break control, being 14 inches in diameter and unusually wide.

Men who know motor cars recognize instantly that this Paige "36" is unequalled for value. And your most searching investigation must convince you likewise. Look at it from any angle—measure it by any known standard—ride in it—drive it—the answer is the same. Paige cars are designed and built by men who know motor car values to the last detail—and the Paige "36" is their expression destreme value. The Paige "36" today enjoys the distinction of being the most remarkable motor car value of the year—an achievement we are naturally quite proud of because it so truly reflect Paige policy. PRICE, \$1,390 f.o.b. Portland. We also have the Paige 25 at \$1,050.
