

BAGS THE QUESTION.

Discusses Free Milk and Cream and Bushwhacks Around the Subject.

The Tillamook Herald, democratic organ and mouth piece for the Pull Moosers, underook to "roast" the editor of the Headlight because he had the audacity to comment on the intention of the democratic party to place milk and cream on the free list, and what effect it will have on the cheese market. This is a matter that concerns every dairyman in Tillamook County and, therefore, is a proper subject for discussion in the newspapers. Surely if the wool growers are raising their protests, and the sugar raisers are doing the same thing, against being placed on the free list, every person in Tillamook County who have the dairy interest at heart should be protesting against free milk and free cream being shipped in from Canada and other countries. In fact, every co-operative association should hold meetings and pass resolutions protesting against the home product being placed on the free list, so that the Oregon delegation at Washington may know the sovereign will of the people in this section of Oregon. The Herald does not say one word about free milk and free cream, which is what the Headlight is condemned for drawing attention to, but entirely avoids mentioning one word about that important phase of democratic free trade, which everybody knows who possess any horse sense will have considerable to do with the price of butter and cheese. For that reason we again raise a protest against free milk and free cream, for the same reason entirely that the wool men and sugar men are protesting because their products are placed on the free list. We are wondering why it is that the dairymen of this county are so passive about their own interest, for now is the time to discuss and register a kick, not after the tariff bill is passed. But if, according to the Herald, it is wrong for the Headlight to discuss this question, then it must be equally wrong for the dairymen to protest and discuss what effect free milk and free milk will have upon the cheese market directly the Underwood tariff bill goes into effect. We notice that in Eastern Oregon the newspapers freely discuss as well as protest against free wool, yet no one is wrongfully accusing them of "causing distrust and uncertainty." Our democratic and Bull Moose friends howled their heads off when an effort was made to arrange reciprocity with Canada, and now they want to apply the "gag" and stop discussion because the democratic party is going to allow milk and cream to come into this country from Canada free. The next time that Bro. Trombley, the democratic organ, our free trade and Bull Moose assistant democratic friends, discuss free milk and free cream we sincerely hope and trust that they won't bag the question by ignoring it altogether, for that is what they have done, and not turn it into personalities for the purpose of "roasting" that poor little innocent, much abused, editor of the Headlight.

It is estimated that the exports of Canadian cheese for the trade year ending May 1, will total about 1,875,000 boxes, the value of which is approximately \$10,300,000. Canadian cheese is now selling at 10 1/2c. per pound, and when the duty is taken off milk and cheese, and the tariff reduced on cheese from 6c. to about 2c. it will cause Canadian milk, cream and cheese to be shipped into this country. In the East cheese is selling at 13 1/2c. and Tillamook cheese is 13c. Under the new democratic tariff bill there is nothing to prevent Canadian milk being shipped in and manufactured into cheese in this country.

Rheumatism a Quickly Cured.

"My sister's husband had an attack of rheumatism in his arm," writes a well known resident of Newton, Iowa. "I gave him a bottle of Chamberlain's Liniment which he applied to his arm and on the next morning the rheumatism was gone." For chronic muscular rheumatism you will find nothing better than Chamberlain's Liniment. Sold by all dealers.

Special Bargain.

For 30 days, will offer for sale best 92 1/2 acre Dairy farm in Alsea Valley, Improvements up to date. Price, \$65 per acre. G. T. Vernon, Alsea, Oregon.

GOOD ASSURANCE FOR BEAT SUGAR FACTORY.

Dairymen Freely Sign Contracts to Dispose of Whey at 7c. per 100 Pounds.

William J. Warner, of the Standard Milk Sugar Company, has been visiting the dairymen in this vicinity for the purpose of ascertaining whether sufficient whey could be contracted for to justify starting a milk sugar factory in this county. It is gratifying to know that Mr. Warner is meeting with success and that the dairymen are freely signing the contracts, and Mr. Warner assures us that it looks exceedingly favorable for the factory and refinery to be erected as soon as possible. It will be remembered that the National Milk Sugar Company of New York made an effort to procure sufficient whey to start a factory in this vicinity and they indicated that they would be willing to pay 10c. per 100 pounds for whey, but when it came down to actual business 5c. was all that they would pay. This caused quite a number of dairymen to become suspicious and they declined to contract their whey at that price. It is estimated that over 30,000,000 pounds of whey will be available the present year in this vicinity and the Standard Milk Sugar Co., before the contract is binding, want 75 per cent of the whey from Maple Leaf, Clover Leaf, Fairview, Elwood, Red Clover, Tillamook, Long Prairie and South Prairie factories. To handle the whey from these factories it is proposed to erect three crude sugar plants and one refinery. A crude sugar factory will be located at the Maple Leaf factory, one at Fairview and the third near the Tillamook factory. No place is yet decided upon as to where the refinery will be located, but it will be where railroad facilities are available. This is somewhat different arrangements the National Milk Sugar Co. would have made had it succeeded in locating here for it was intended to haul the way to one factory and send the crude sugar East to be refined.

The contract for whey is as follows:

1. Rancher agrees to deliver for the period of ten years from on or before August 1st, 1911, all the milk produced from the farm or farms owned or operated by him now or at any time hereafter during the continuance of this agreement, to the factory located at ... or to any other creamery or cheese factory under contract with the manufacturer, and to whom said rancher is willing to deliver his whole milk. If, for any reason whatsoever, said ... suspends or discontinues its operations, rancher agrees to deliver his milk to a creamery or cheese factory under contract with manufacturer and to no other.
2. Rancher hereby sells, during the term hereof, all the whey produced from his said milk at seven cents per hundred (100) pounds of whey.
3. Rancher agrees that the whey they delivered hereunder shall be fresh, sweet and unadulterated.
4. If during the term hereof, said ... or other creamery or cheese factory, to which rancher delivers his milk, manufactures a cheese or cheese other than American or Cheddar Cheese the whey from which would be unsatisfactory to manufacturer, rancher agrees that in such event manufacturer will be under no obligation to receive or pay for such whey, but may cancel this contract by giving rancher written notice of its intention so to do by reason thereof.
5. It is understood and agreed that said ... or such other creamery or cheese factory, to which rancher may deliver his milk acts for rancher in receiving milk, extracting whey therefrom and delivering the same to the storage vats at said creamery or cheese plant. Manufacturer will collect same from said vats at his own expense. Delivery of whey from creamery or cheese factory to said storage vats, must be by siphon through pipe, without expense to manufacturer.
6. Manufacturer agrees to pay the price above stipulated for whey on the 15th day of the second month following the delivery for all whey delivered, that is, January deliveries shall be paid for on March 15th, and so on. Deposit of checks in the United States mail by manufacturer shall be payment.
7. It is understood and agreed that if the manufacturer's operations cease at any time during the continuance of this agreement by reason of strike, fire or any other cause beyond its control, then, during the period of said interruption, manufacturer shall be released from its obligation to receive or pay for any whey, but it is understood that said manufacturer shall resume its manufacturing operations in such reasonable time as its plant may be restored.
8. It is further understood and agreed that this statement shall not be binding on manufacturer until ranchers who deliver at least seven (7) to five (5) per cent of the milk received at each of the following named plants, to wit: Maple Leaf Creamery Association, Clover Leaf Creamery Company, Fairview Dairy Association, Elwood Creamery Company, Red Clover Creamery Company, Tillamook Creamery, Long Prairie Creamery Company, South Prairie Creamery,

during the month of May, 1912, shall have executed and delivered to manufacturer agreements similar to this agreement, and further, that operations hereunder shall not commence until manufacturer shall have erected its plant for the reception and manufacture of whey. Manufacturer agrees to have its building erected within six months after this agreement becomes binding.

The manufacturer may cancel this agreement at any time prior to the expiration of ten years from July 1st, 1911, if the market conditions become such that manufacturer is unable to operate its factory and pay expenses, by giving rancher written notice of its intention so to do not less than ninety (90) days before the time for said cancellation to become effective.

It is further agreed that manufacturer shall purchase all hogs that ranchers may have at the time this agreement becomes effective, and shall pay therefor the market price prevailing at said time for said hogs, said market price to be determined by taking the average price quoted for hogs by the Portland Daily Oregonian and Daily Journal, published at Portland, Oregon, for the hogs sold at Portland, Oregon, for the week previous, the concurrent week, and the week succeeding the time this agreement becomes effective, deducting from such average price the cost of freight on hogs from Tillamook, Oregon, to Portland, Oregon.

It is further agreed that manufacturer shall purchase all hogs that ranchers may have at the time this agreement becomes effective, and shall pay therefor the market price prevailing at said time for said hogs, said market price to be determined by taking the average price quoted for hogs by the Portland Daily Oregonian and Daily Journal, published at Portland, Oregon, for the week previous, the concurrent week, and the week succeeding the time this agreement becomes effective, deducting from such average price the cost of freight on hogs from Tillamook, Oregon, to Portland, Oregon.

It is further agreed that manufacturer shall purchase all hogs that ranchers may have at the time this agreement becomes effective, and shall pay therefor the market price prevailing at said time for said hogs, said market price to be determined by taking the average price quoted for hogs by the Portland Daily Oregonian and Daily Journal, published at Portland, Oregon, for the week previous, the concurrent week, and the week succeeding the time this agreement becomes effective, deducting from such average price the cost of freight on hogs from Tillamook, Oregon, to Portland, Oregon.

commence until manufacturer shall have erected its plant for the reception and manufacture of whey. Manufacturer agrees to have its building erected within six months after this agreement becomes binding.

ROYAL Baking Powder

is the greatest of modern-time helps to perfect cake and biscuit making. Makes home baking pleasant and profitable. It renders the food more digestible and guarantees it safe from alum and all adulterants.

of Campbell being killed by a freight engine at Wheeler. After the accident, it seems, Campbell admitted that it was his fault. The case has taken a long time to try owing to the attorneys wrangling.

S. W. Thompson, et al. vs. Allen H. Wilson et al. Foreclosure. Default entered. Decree of foreclosure granted. Attorneys fees of \$300 allowed.

R. C. Magarrell vs. Edwin Hooker, trustee, et al. Confirmation. Sale confirmed.

Louis G. Freeman vs. Lars Johnson. Confirmation. Sale confirmed.

S. B. Hill vs. Frederic Briody, et al. Foreclosure. Default as to all defendants excepting defendant Krebs. Decree as prayed for. Motion to open up default filed.

B. W. Neilson vs. Joseph Kutcher, et al. Foreclosure. Default entered. Decree of foreclosure granted.

State of Oregon vs. Bay City. Quo Warranto. Decree for defendant on appeal.

W. S. Grout, et al. vs. John R. Harter. To quiet title. Demurrer sustained. Plaintiff given ten days to file an amended complaint.

J. D. Dubach vs. G. R. Ridgway. Action for money. Dismissed on motion of plaintiff.

Thomas P. Johnson vs. Roxie Ann Johnson. Divorce. Default entered. Decree as prayed for.

Club Elects Officers.

On Monday evening the Tillamook Commercial Club met in regular session with President Shrode in the chair.

On motion a committee was appointed to negotiate for the rental for another year, of present club quarters or possibly new quarters. R. W. Watson, Will Spalding and Dr. Kerron were placed on this committee.

On motion a committee was appointed to prepare an exhibit of Tillamook County products for display at Los Angeles, Cal., said display to be conducted under the auspices of the Sunset magazine and the S. P. Ry. It is said that at least 10,000 people view daily the displays that are cared for at the Los Angeles depot by the S. P. Company. Chas. Kunze, E. J. Clausen, Wm. G. Tait, E. T. Haltom, F. C. Baker and C. E. Trombley were placed on this committee.

Chas. Kunze was called upon to make some remarks and he responded by giving a talk upon the proposed demonstration farm for Tillamook County. It was Mr. Kunze's opinion that a demonstration farm would aid in doubling the present output of our dairy ranches. Mr. Kunze is very much in favor of advancement all a-

Circuit Court Doings.

In the case of Virgil Kellow, indicted for arson, at Hebo, where he set fire to Doc Lane's barn and destroyed hay and killed a horse, the father of Kellow having paid in cash the amount of the damages caused by the fire. Judge Galloway thought it would not be advisable to send the young man to the penitentiary and suspended an indefinite sentence to be passed upon him. It seems that young Kellow acted foolishly and thoughtlessly in setting fire to the barn, and as all damages had been settled, it would be far better to give the young man an opportunity to make good than to send him to the penitentiary.

In the bootleg cases at Cloverdale, where Mert Everest and Virk Leonard were indicted for violating the local option law, also for selling liquor to minors, the defendants agreed to plead guilty on the bootleg cases provided the other cases were dropped. Judge Galloway sentenced them to pay a fine of \$300 each and 20 days in jail, and in doing so the judge gave the young men a good lecture. He suspended the jail sentence pending good behavior, but should it be known that they are bootlegging again they will have to go to jail.

B. N. Sproat and Agnes C. Sproat vs. J. H. Hathaway and Anna H. Hathaway. This was a case where the plaintiff had become dissatisfied in a trade with the defendants for what is known as the Elmore ranch for property in Washington County. The plaintiff put up the plea that the ranch had been misrepresented to him by Hathaway and that the stock was diseased. The judge, without taking the case under advisement, decided against the plaintiff.

M. W. Harrison vs. Pacific Railway & Navigation Co. was a damage suit on account of the railroad failing to provide means whereby he plaintiff could remove his timber over the railroad tract, which he had agreed to sell to the Tillamook Lumber Manufacturing Co. By taking the logs under the railroad tract it would cost more to log. The railroad made a plea that it would be dangerous to passenger trains to have a log chute over the track. The jury awarded the plaintiff \$7400.

Frank Long, Sr., administrator of the estate of Wm. Campbell, vs. the Pacific Railway & Navigation Co. This was a case where the administrator endeavored to obtain damages from the railroad on account

ARCADIAN

AMERICA'S BEST RANGE

The Arcadian is a perfect baking range, and stays a perfect baker for a lifetime because it is built like a locomotive boiler. Built of malleable iron and charcoal iron riveted together instead of being bolted together. Made airtight without the use of stove putty to crumble and fall out, as happens in cast iron and so-called steel ranges, allowing false drafts to fan the fire or deaden it.

The Arcadian Range will never have false drafts—it will always do perfect baking, using a third less fuel than common ranges.

Never need to use bleaching—a rub with an old cloth makes it appear like new. It pays for itself over and over in the fuel it saves, to say nothing of the way it makes a woman's work easier and allows her to do perfect baking.

THE ARCADIAN IS SOLD BY US.

We invite you to call as we wish to demonstrate the value of this range to you.

Jones-Knudson Furniture Co.

EVANGELISTIC SERVICES

Death of Peter Jenck

On Thursday of last week Jenck a much respected pioneer of Tillamook County and a well to do man of the Nestucca Valley, passed at the home of his brother, Frank Berns of Tillamook.

Mr. Jenck had been ill since August, but was taken seriously about a month ago with a weak and other complications and brought to Tillamook that he receive every care and comfort.

The funeral services were held the Catholic church of this city. Father Van Clarenbeck officiating.

Peter Jenck was born in France, Oct 13, 1844. He came America in 1871, and settled at St. field, Ill., where he was married Madgaline Berns in 1875. In 1888 they came to Oregon and set on a homestead in the Nestucca Valley.

Eight children were born to union, two girls and six boys, the and one son having died. He is survived by a loving wife and five children, John, Peter, Tony and Jack.

Deceased served in the French Franco-Prussian war of 1870-71.

Presbyterian Church.

Every man needs help from in living his life. It is the aim of this church to be a place of help to the soul. We invite you to the fellowship of our worship church life. We open our doors every Lord's Day and invite you to join with us in making house of God a holy place for refreshing thought and deep spiritual feeling. Come thou with at the stated times, 11 a.m. and 7 p.m., and we will not only do good spiritually, but you will ways be greeted with a Christian Welcome. The Pastor's message theme: "The Sin of Going Down Egypt for Help." Evening subject: "How Saul of Tarsus got B. A. degree." Bible school 9 a.m. and Christian Endeavor 7 p.m. Please take notice that evening open half an hour later than usual.

D. A. Mackenzie, B.D.
