COMMISSIONERS' COURT PRO-

CEEDINGS.

DEMONSTRATION FARM DISCUSSION.

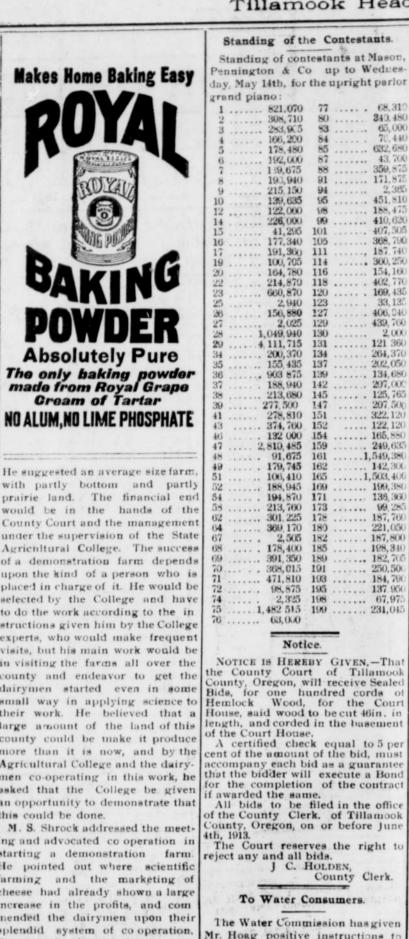

Interesting Meeting and Committee Appointed.

There was a good attendance at the Court House on Monday afternoon to hear discussed the matter of a demonstration farm for Tillamook County, some of the dairy. men coming from Nehalem for the purpose of attending the meeting. Owing to the unavoidable ab-

sence of President Kerr, of the Oregon Agricultural College, whose wite was taken seriously sick, Prof. R. D. Hetzel took his place, with M. S. Shrock, deputy dairy and food commissioner.

President Chas. Kunze, of the Tillamook Development Association, opened the proceedings with a appropriate remarks touching spon the benefits which would be derived from organizing a demonstration farm, both socially and fir ancially. He predicted that more cows could be kept on the dairy farms by co-operating with the Oregon Agricultural College.

Prof. Hetzel commenced his remarks by a review of what had been done in other parts of the country He suggested an average size farm, by the co-operating with different with partly bottom and partly State Agricultural Colleges, in re. prairie land. The financial end ferring to what had first been done would be in the hands of the in the Southern States to eliminate County Court and the management the boll weavil which was distroy. under the supervision of the State ing the cotton crop. It had become Agricultural College. The success so had that the cotton raisers were of a demonstration farm depends in desperate straits and ready to upon the kind of a person who is quit. The government sent ex placed in charge of it. He would be perts into those states who studied selected by the College and have tae situation along scientific lines to do the work according to the in with the result that the Southern structions given him by the College ers were advised to diversify their experts, who would make frequent forming and told how to destroy visits, but his main work would be the pests which they thought had in visiting the farms all over the made their lands valuelesss. With county and endeavor to get the the aid of State Agricultural Col. dairymen started even in some leges a wonderful change took place small way in applying science to in the South, the pests being al. their work. He believed that a most eliminated. Prof. Hetzel then large amount of the land of this contended that by applying science county could be make it produce to agriculture it would increase the more than it is now, and by the products of the farm, and to do Agricultural College and the dairythis it was necessary to have a men co-operating in this work, he demonstration farm and field work- asked that the College be given ers who would visit farms in all an opportunity to demonstrate that parts of the county. The State this could be done. Agricultural College had done a M. S. BRIGANDS IN SKIRTS 10.40 2.50 Robbers In Europe Who Dress Li 2 50 Grand Opera Ballet Girls. 1.25 There are places in the world star 15.00 5.00 women dress in men's clothing u 16.00 men don women's apparel. 4.00 Even in Paris there are wood 71.75 dressed in cheap, coarse, masca 22.50 attire, working as teamsters and day 27.50 laborers. While it is against the las 32.75 the police wink at the fact and aller 7.50 70.00 them to earn peaceably their dail 33.00 wages. 5.50 In Persia in some of the interior parts the women wear the stranges, oddest trouser garments. They see 5.00 33.25 38.25 to like them, too, from the fact that 30.75 they cling to them in spite of all et 3.00 37.45 forts to make them don feminine as 19.25 tire. Then there are the Alpine dain maids, who dress as men when the go about their work and look pretty. 11.50 22.75 39.90 13.00 if we are inclined to take evidence 7.50 from the numbers of men who yearly 4.00 44.03 persuade them to cast off their mases line dress and put on more clinging 12.00 costumes. But then their eyes are m bright and their cheeks so red that 1500.00 they couldn't really look homely in anything they might choose to wear. Again, far in the north, where it is 24 92 freezing cold most of the time and people dress to be comfortable and not 3723.45 to look pretty, the women are actually forced into trousers to keep warm. The ancient women warriors always 55.75 wore trousers. But their reasons were purely military. Besides, they were half masculine in manner and appear 10.25 39.3033.75 ance and dressed to accentuate their 25.25 qualities. They had to make them-53.00 selves into fierce looking creatures to 23.00 terrify the men on the opposing side, and from all accounts they succeeded 20.25admirably. As for the stronger sex, there still 29.00seem to be men in existence who wear 8.75 women's garb and enjoy it. In certain 16.7 parts of Greece, Spain and Albania 8,10 there are bands of desperate brigands for all the world like grand opera bal-47.00 let girls in their short, brightly color-78.50 ed skirts, which are made very full and sometimes even ruffied a bit 78.50 45.25 They seem tremendously proud of 47.2 their attire, and rival bands strive to 45.25 surpass each other in vividness of pat-27.25 terns and newness of styles. - Ex-25 25 26.50change. 22.50 30.00 DISAPPEARING GUNS. 14.50 $13.75 \\ 6.25$ Ease With Which These Coast Defense Monsters Are Operated. 14.50 17.00 10.75 22.00 22.00 53.40 a barbette. The earliest guns were of 43,00 46.00

Three kinds of big guns are used on the coasts to defend us from hostile invaders. When a gun is fired over an embankment or parapet it is called this order. The parapets were notched so that the firing could be done over their top. When the gun is discharged through a port or hole in the 41.00 embankment it is called a casemate. The newest kind of heavy artillery is the disappearing gun, which drops 22.00 back behind its wall as soon as it is discharged. The man who aims the gun has a
