Schrader for Nehalem and Millis for Tillamook, each pitched good games, Schrader getting twelve strike outs and Millis getting eleven. Nehalem got seven hits to Tillamook six. The same teams will meet on the Stillwell Park grounds next Sunday, June 1st, when Nehalem will come with a big excursion train of rooters. Good umpiring makes good baseball games and we must commend Umpires Hastings and Stillwell for their work Sunday, as it was above the standard.

**Two Trains To Tillamook**

Additional train service between Portland and Tillamook will be inaugurated by the Southern Pacific early in June, providing two trains a day each way.

Schedules for the improved service now are being completed. It is unlikely that the time of the trains will be changed. The new trains will leave each end of the line early in the afternoon about 1 o'clock, arriving at the other end of the road about 7.

Heavy travel to the Tillamook beaches has made the new trains necessary. It is probable, though, that they will be continued in effect permanently if the business justifies.

In addition to the through trains the Southern Pacific will operate a motor car between Tillamook and Mohler twice a day each way, giving Tillamook eight arrivals and departures a day.

The week end excursion train from Portland will go into effect next Sunday.

### ANOTHER LARGE BUILDING FOR TILLAMOOK

#### L.O.O.F. Lodge Awards Contract for \$21,871 Structure.

The contract for the erection of a new building for the L.O.O.F. lodge in this city was let on Tuesday to Mr. E. B. White, of Portland, his bid being \$21,871. There were six bidders, there being a difference of \$4,500 between the highest and lowest bidder. The new building will be erected on the south east corner of Second street and Second avenue east, which is in the center of the business district of the city. It will be a two story brick building with stores on the ground floor and offices and a lodge room on the second floor, from plans drawn by Architect E. E. McClaran, of Portland. The building will be another creditable addition to the city, and not including the site, will cost \$25,000 when complete.

The Oddfellows have been fortunate in letting all the offices, and on the ground floor The First National Bank will occupy the corner store and Arthur Stillwell the next store on Second avenue East. It is expected that the building will be completed in September or October.

### Decided to Incorporate.

At a meeting of the committees of the Fairview Grange and the Tillamook Commercial Club at the Court House on Monday, at which there were a number of citizen who are interested in a county fair, it was decided to incorporate what is to be known as the Tillamook County Fair Association, with capital stock placed at \$1,000 at \$1.00 per share, with no one allowed to own more than 25 shares. The committees were—Fairview Grange: M. Chance, W. Maxwell and Morrison Mills; Commercial Club: Will Spalding, Ira C. Smith and C. L. Clough. Mr. Spalding was the chairman and Mr. Smith the secretary. The law in regard to the matter was freely discussed. When there is no fair association, the County Court is authorized to appoint a County Fair Board. It was thought advisable, however, that an association be organized, and with that object in view, the committees were authorized to make arrangement to perfect the organization of a Tillamook County Fair Association, and when this is done permanent officers will be elected to manage the fair by those who take shares in the Association. The dairymen are taking considerable interest in a county fair, and no doubt, they will

### United Railway Is to be Built for Tillamook City

FOREST GROVE, Ore., May 23—Messrs. Young, Wickersham and Perry, of the Oregon Electric Railway, were here this forenoon, and went by auto to Cherry Grove to look over possible route from here to that point, a distance of ten miles. They were accompanied by leading members of the Commercial Club. They expect to extend the line to Cherry Grove.

This afternoon they will go to Gales Creek to look over the route from here to that place, and Mr. Young stated that it was possible that the United Railway line would not be built into Tillamook from Banks, as had been planned, but that the extension would likely be made from this place, in order to avoid one tunnel which would have been built, if the United Railway line was extended from Banks to the Tillamook country. The people of this city hope to see the Tillamook line built from here instead of from Banks.

### Rev. E. H. Hicks Is Coming to Tillamook.

The Ladies' Guild of the Presbyterian Church have made arrangements with Rev. Elbert Hicks to lecture in this city on Thursday, June 12th. This is what the Ashland Record had to say of him after he had lectured there:

"Rev. Elbert Hicks is an Orator. Nature made him one and the broad reading and research shown in his addresses have made him the peer of any man who has addressed a Southern Oregon audience. It would be invidious to undertake to analyze and try to bring out the points of that grand address— suffice it is to say that it was history, mythology, statistics, anecdotes, epigrams, quotations, imagery, woven together with the skill of a master mind and delivered in a matchless manner."

This, after having to address there such men as Col. Bain, William Jennings Bryan, Governor Hanley and others.

The lecture by Rev. Elbert H. Hicks for Auxiliary Commercial was replete with pointed illustrations and enlivened with amusing anecdotes. Sparkling epigrams frequently illumined the progress of the address and often the speaker would drift into flights of oratory that thrilled his hearers. Reeking such an effort would be poor compensation for having missed hearing its mastery delivery, and those who heard it will long treasure it in their memory."—Roseburg Review.
