

### UNITED BRETHREN CONFERENCE.

#### Meets in Tillamook City— Bishop Bell Makes Stirring Addresses.

The sixth annual session of the Oregon Conference of the United Brethren in Christ is meeting in this beautiful little city by the sea. Bishop W. M. Bell, D. D., of Los Angeles, is presiding. Hon. P. O. Bonebrake, prominent member of the State legislature and Superintendent of the Conference, C. C. Bell and J. R. Parker, former superintendents, both of Philomath, Geo. McDonald, of Seattle, Wash.; J. E. Knipe, of Everett, Wash.; J. H. Parsons, of Hood River, J. W. Sprecher, of 2nd Church, C. P. Blanchard, 3rd Church, C. L. Williams, 1st Church, J. E. Connor, 4th Church, Portland; C. W. Corman, Philomath; F. M. Dakin of View, Wash.; J. L. Garrett, of Manor, Wash.; R. G. Summerlin, of Vancouver, Wash.; Mrs. N. R. Lewis, of North Bend; I. E. Meese, of Tillamook; Mrs. B. M. Peoples, of Salem; J. S. Rhodes, of Amity, J. G. Richeson, of Portland; B. E. Emerick, of The Dalles; Mrs. Dora Young, Beaver and W. M. Owens, of Coquille, are the active ministers attending.

The following are the lay delegates present: F. W. Barker, of Coquille; J. A. Cotton, of Gravel Ford; G. A. Bennett, of Philomath; Geo. Betts, of 1st Church, O. F. Hoffman, of 3rd Church, Mrs. T. Brown, of 2nd Church, Mrs. W. F. Betts, of 4th Church, Portland;

BISHOP W. M. BELL, D.D.

Mrs. N. Hansen, of Tillamook, Mrs. Fred Lyster, of North Bend; W. K. Sorber, of Vancouver, Wash.; J. Miller, of Manor, Wash.; Mrs. A. C. Cross, of The Dalles; Mrs. E. L. Kinoman, of Beaver; Mrs. S. P. Hale of Salem; Mrs. E. Allison, of Hopewell; and W. I. Bonebrake, of Coos River.

Rev. Herman Schuknecht, pastor of the First German Evangelical Church, Portland, is present as fraternal delegate from the Evangelical Association.

H. L. Sheldon, of Portland, Superintendent of the Oregon Anti-Saloon League is attending the Conference representing his work.

A fine number of visitors have accompanied the pastors and delegates from all parts of Oregon and Washington.

The conference was opened at 9 o'clock Wednesday by Bishop Bell's reading and comments upon the first chapter of Timothy.

Rev. C. L. Williams was elected secretary and Geo. Betts treasurer of the conference, committees were appointed by the Bishop at once and the conference set upon the regular work of the session.

### Welcomed to the City.

Dr. P. O. Bonebrake, presided Wednesday evening, when a most hearty welcome to Tillamook was accorded by representatives of the various interests of the city.

T. H. Goyno speaking for the Christian laymen of the city, bid the conference welcome, having figured it out that since they were "children of Israel" they had only now found their way to the "land of milk and honey."

H. T. Botts, in behalf of the professional men of Tillamook, flung out a most reckless and generous welcome when he told the ministers and their friends to be perfectly at home, and no matter what they did he assured the marshal would not molest them.

D. L. Shrode welcomed in the name of the business men of the city, saying since Mr. Botts had offered the keys of the city, he felt safe enough to turn over the keys of his store, only he had forgotten to bring them with him, and that if the guests did not get cheese enough in the generous homes in which they are entertained to come into the store and he'd give a cheese shower.

These good natured welcomes were responded to in a very happy way by Rev. George E. McDonald, of Seattle, Wash. Bro. McDonald was sure now since his eyes had beheld this land of promise that it was the very place Columbus and the Cabots really intended to reach when hundreds of years ago they started on their voyage of discovery. He hoped the conference would not only do due appreciation to the

chicken and cheese, the honey and the hospitality.

Bishop Bell then gave the address of the evening which was so vigorous and well directed as to call forth enthusiastic and repeated applause from the audience that filled the large auditorium of the church.

This was the second address on the general theme of the church and economic conditions. The speaker pointed out in a telling way that showed a most damaging inconsistency by which our age has been paying a great premium for commercial ability and activity, while educational and religious work is underpaid and discounted. Intellectual leadership or moral leadership, either one, was more important than mere commercial leadership.

Yet we subsidize the last with an immense remuneration and hold the other down to the mere matter of a living. Teachers ought to be better paid so they could make it a life work rather than a temporary means of promotion. The preacher ought to be a moral leader, the most useful factor in our civilization and ought to be paid at least as well as the man who carries the hod. But the higher forms of progress will be retarded as we a low the greed for the dollar to run riot in capitalizing and building up great financial concerns at the expense of economic justice to the great masses of our common folk. And when this great class is oppressed the whole civilization is arrested and all suffer. The present administration of national affairs was commended for its heroic endeavor to substitute humane interest in the common masses for dollar diplomacy.

An enjoyable feature of the evening was a song by the small quartet—Sprecher, Meese, McDonald and Emerick.

### Thursday's Session.

Fine attendance and tense interest has characterized the entire day. Reports of pastors and committees have furnished the occasion with humor and pathos and oratory. The report of the committees

on finance drew the keenest interest in its insistence upon the goal of \$89 a year as the minimum to be reached in the next four years for ministers. In it is also the idea of such co-operation as shall bring definite assistance from the stronger to the weaker work.

Rev. H. Schuknecht, of Portland, representing the Evangelical Association, read an able paper bearing fraternal greetings and having reference to the contemplated educational federation.

Bishop Bell read a carefully prepared and far reaching report of the committee on social service and community work.

After which H. L. Sheldon, of Portland, Superintendent of the Oregon Anti-Saloon League, made an address outlining the plans of the League to make Oregon dry in 1916.

Dr. P. O. Bonebrake and J. E. Parsons were elected Trustees of the Oregon Anti-Saloon League and a resolution was passed adopting the program of the Anti-Saloon League for the repeal of the so called Home Rule amendment to the Constitution in 1914 and an amendment to the Constitution for Prohibition in 1916.

Thursday night Bishop Bell gave another of his popular addresses to a large and appreciative audience.

### Interesting Personals of the U. B. Conference.

Bishop Bell was Foreign Mission Secretary before he was elected Bishop. While secretary he visited the foreign fields personally.

Mrs. R. N. Lewis, pastor at North Bend, brought in as usual one of the best reports of the conference and her delegate Mrs. Fred Lyster, told the conference that she herself would hardly be allowed to go back home unless she secured the return of Mrs. Lewis as pastor.

There are four women preachers in the conference. Mrs. Donor Young of Beaver, Mrs. Bertha Peoples of Hazel Green near Salem, Mrs. C. P. Blanchard of the 3rd Church, Portland, and Mrs. R. N. Lewis of North Bend.

Dr. J. R. Parker of Philomath has had longer continuous membership in the conference than any other; his has been a long and useful connection and there is lots of scrapping interest and ability in him yet.

Reuben Summerlin of Vancouver, is the self made hero of the Conference; he used to be a logger. Though with few schooling advantages Brother Summerlin has nevertheless dug his way through to an efficiency that is hardly surpassed. Everybody likes "Rube."

P. O. Bonebrake has the "honorable" distinction of the conference, being a member of the state legislature for the third successive time and a member of some of its most important committees. Much of the splendid legislative work of the last session owes no little to his support. He lives at Hood River.

C. C. Bell is a first cousin to the Bishop and was for several years a hardworking and efficient presiding elder or superintendent of the conference. More than once has he walked over the mountains and waded the streams to be at his quarterly meetings.

J. S. Rhodes is the debating scrapper of the conference; he has a record for doing up sepiets and Seventh day advocates.

No one questions Bishop Bell's statement that his mother permitted him to have a good stomach and good nerves. Maybe that is responsible for the fact that he is, as he says, as often taken for a Brewer as a Preacher.

If our conference never meets in Tillamook again it won't be because of lack of hearty welcome, or of cheese, milk and honey. It will be because the Bishop finds it too arduous a task to keep the preachers at work with the temptation of good fishing so near.

Members of the conference admired the grit of Rhodes, of Hopewell, but but were willing for him to confine his treatment to himself when he remarked that when he looks in the face of his gray haired wife and thinks of the sacrifice and privation she has endured while members of his church have increased in wealth he feels like going out behind the barn and kicking himself with hobnailed boots for six days for having allowed such to obtain.

Mr. Sheldon was quite willing to agree with Rev. Mrs. Blanchard, of Portland, Third Church, that the women of Portland were valuable in assisting to elect Mayor Albee.

Three of the visiting women might have accepted Shrode's cordial invitation to stop at the store and sample Tillamook cheese, had he not found it necessary to start to dinner just as they were approaching the store. But the fact that cheese continues to be served in for the preachers' consumption proves the Tillamooker's generous disposition.

After hearing this morning the first of the lectures by Parsons of Hood River, we were glad that we could be privileged to hear the rest of the series.

When a man is called a dog much depends on what kind of a dog is meant. No one was offended when Mr. Sheldon, of the Anti-Saloon League, referred to Elder Bonebrake as the watch dog of the house, during the recent legislation. He said being able to depend on Bonebrake in the house he was the better able to work in the Senate.

ing just graduated from Bonebrake Theological Seminary.

C. C. Poling, D. D., of Portland, came in Thursday. Dr. Poling is fraternal delegate from the United Evangelical Church; he, with Dr. Schuknecht and the United Brethren representatives, are working on a plan to federate the educational work of the three churches they represent.

I. E. Meese of Tillamook is about the busiest man of the conference, but he makes a good host, for he and the good people of his city are royally entertaining their guests.

H. L. Sheldon, Superintendent of the Oregon Anti-Saloon League, presented the "irrepressible conflict" and stirred the conference with his slogan, "Home Rule repealed in 1914, Oregon Dry in 1916."

Rev. H. Schuknecht of Portland, representative of the Evangelical Association, read an able paper bearing the kindly greetings from his association and referring favorably to the federation of educational and other interests of their own association with that of the United Evangelical Church and that of the United Brethren Church.

The editor of the Tillamook Headlight found a mysterious looking parcel on his desk on Thursday, and fearing that it might be a bomb or some other device, cautiously made an investigation. It proved to be a pair of well worn antiquated shoes. We do not know anyone at present who is going to get married and the shoes were left in the office for the editor to use after the happy event, but perhaps one of the visiting ministers will put the editor next, for the shoes evidently belong to a minister who came from the neighborhood of The Dalles.

### Bishop to Preach Sunday.

Services will be held in the Christian Church on Sunday evening, the sermon to be preached by Bishop Bell.

Katherine L. Norton, New Bedford, Mass., says: "I had a terrible pain across my back, with a burning and scalding feeling. I took Foley's Kidney Pills as advised, with result certain and sure. The pain and burning feeling left me, I felt toned up and invigorated. I recommend Foley's Kidney Pills."

There is more Catarth in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarth to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarth Cure, manufactured by P. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a tea-spoonful, it acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: P. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

# Comparative Digestibility of Food

## Made with different Baking Powders

### From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with phosphate powder:

68 1/4 Per Cent. Digested

Bread made with alum powder:

67 3/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

### MANY NEW LAWS IN OPERATION.

#### More Power Given Governor Now as Result of Legislative Acts.

SALEM, Or., June 2.—All the laws passed at the recent session of the Legislature except those having emergency clauses or those to be referred to the people, will become operative tomorrow.

Chief among the new measures are those relating to highways, irrigation, wages of women and children, pensions for mothers, fixing number of hours of workmen in factories, mills, etc., giving the Governor more power to enforce laws locally, revising fish and game laws, appropriation for Pacific-Pacific Exposition, regulation of brokers, regulation of pawnbrokers, uniform system of accounting in state and counties, teachers of Portland on civil service basis, pensions for Portland police, abolishing district fairs and creating county fairs.

Summaries of the most important measures which will go into effect tomorrow are as follows:

Roads to Get \$360,000—Highway commission bill—Creates a highway commissioner and provides for a highway engineer at a salary of \$3,000 a year. Under the measure about \$360,000 will be provided for road work annually. The work will be done by the counties, and the engineers will give all assistance possible to the county courts.

County bonding act—Gives counties the right to issue bonds to build roads. This and the highway commission bill are important, for they constitute virtually the first practical highway legislation enacted in the state.

Columbia Southern bill—Appropriates \$450,000 for irrigation of 23,000 acres of land in Eastern Oregon, work to be started at once. The United States Department of Interior has offered to give a similar sum for the work, but it has not been accepted by the desert land board. Another bill provides for an appropriation of \$50,000 to investigate feasible irrigation projects, the Federal Government to cooperate by giving a similar amount. Still another measure appropriates \$15,000 for the investigation of a proposed power plant on the Columbia at The Dalles. It is declared that the project contemplates the creation of one of the greatest power systems in the United States.

Wage Law Important.—Minimum wage bill—Creates commission to be named by the Governor to investigate wages of women and children and the conditions under which they work. It gives the commission power to enforce decrees, fix wages and regulate sanitary conditions.

Mothers' pension bill—Provides for assistance of mothers whose husbands are dead, in state institutions or physically or mentally unable to work. The counties are to provide the pensions.

Ten-hour law—Provides that 10 hours a day or 60 hours a week constitute the working schedules in factories, mills, etc., but that employees may work 13 hours a day, but no longer. They are to receive time and one-half pay for all time more than 10 hours a day.

Bill increasing power of Governor—Gives Governor power to appoint special district attorneys, sheriffs, constables, when regularly elected do not attend to duties. Another

measure, urged by the Governor, classes immoral resorts as nuisances so they may be closed more easily than at present.

### Liquor Shipping Act in Force.

Shipping of liquor act—Provides that intoxicating liquor shipped from "wet" to "dry" territory must be labeled and bear the name of the consignee and consignee. The package must describe the liquor it contains. Another measure provides that saloon keepers who sell liquor to intoxicated persons or blacklisted persons shall be liable for all damages that accrue.

Game and fish law—Complete revises game and fish laws of state. It is probably one of the most comprehensive measures ever passed by a Legislature.

Election revision measures—Uncertainties existing in many laws cleared and laws which proved unsatisfactory repealed.

Bill creating Board of Control—Board to have jurisdiction over all state institutions except those for higher education. To be composed of Governor, Secretary of State and State Treasurer.

### Blue Sky Law Important.

Blue sky law—Object to protect persons trading with brokers in stocks and bonds.

### Card of Thanks.

I wish to thank the friends and neighbors for their kindness and sympathy on account of the death of my child.
