

Financial Growth

A large, strong bank does not lose dignity or conservatism when it encourages the small depositor.

The large balances of the future are having their beginnings today in modest accumulations.

We want to place within the reach of all, the privileges of an association with a strong, helpful bank. No serious minded person who has a regular income and a desire to conserve it, need hesitate to become a depositor here.

Our young friend, L. A. Fernsworth, who received his early education in this city, has obtained possession of the Cornelius Tribune and will edit that newspaper. The citizens of Cornelius are to be congratulated in having Mr. Fernsworth at the helm of their home newspaper, for he is industrious, pains-taking and thoroughly reliable as a newspaper man, and, above all, a booster and a gentleman. As a newspaper is one of the most important factors in the up-building of a city and community, it is now up to the business interests of Cornelius whether the Tribune receives niggardly or liberal support, for running a newspaper means hard

work and long hours of toil. We wish our young friend success and we feel sure he will be the man behind the gun who will be the biggest booster for Cornelius and the upbuilding of that community.

Was Easily Trapped.

Deputy Sheriff Oscar Svenson made his first arrest on Monday and proved himself equal to an emergency. The sheriff's office was notified that a man was wanted, who was receiving his mail in Tillamook, for breaking into a room at Seaside and stealing jewelry belonging to a woman. The deputy sheriff talked the matter over with Postmaster Baker and they agreed upon a plan of action to arrest the individual. After the postmaster had opened up the call window on Monday the fourth person in line asked for mail addressed to "A. Sommers." The deputy sheriff was standing in the post office watching the postmaster. The latter gave a sign as he handed a letter to a man about 26 years of age, who appeared somewhat nervous, and a few seconds after the deputy arrested his man and was escorting him to the county jail.

On Wednesday Deputy Sheriff Spicer, of Clatsop county, took the man to Astoria.

Two Auto Accidents.

What might have been a most serious accident happened on the Netarts road Saturday night about nine o'clock. The auto truck belonging to the City Transfer Co., was going to Netarts with a load and when this side of the hill met the auto driven by Nelson at a narrow part of the road. The passengers in the car were Henry Block, a traveling man of Portland, and his daughter, and Mr. and Mrs. Geo. W. Coffman of this city. Nelson's breaks failed to act as they should and the light from the auto truck somewhat interfering with his optic vision he attempted to pass on the outside, but striking the hind wheel of the truck his machine turned over and rolled down the side of the hill, landing right side up. All the passengers were pitched out. Mrs. Coffman was covered with the cushion and when Mr. Coffman went to her assistance she said her back was broken, which, happily, was not the case, but she was quite badly hurt in the back. All the others escaped with a few scratches, while Miss Block hardly felt the accident, with the exception of a feeling that she had taken a somersault. Mrs. Coffman was brought to the city by Roy Stillwell and taken to her home, where she has been confined since and had to be propped up with pillows. On Monday a truck was made up the bank and the auto pulled up it and into the city with its own power, with a broken wind shield, smashed fender and a bent axle.

While Martin Peterson, of Forest Grove, was attempting to pass a truck with vegetables south of Beaver on Sunday, a collision occurred and both vehicles went over

the grade into the Nestucca river, where the Ford auto landed on top of the truck. The only person injured, and that slightly, was a lady riding in the auto.

Special Announcement.

Last week we stated that a big proposition would be announced next week. Well, it is going to be some big thing, for every day since this proposition has been known to us, it has been growing larger. Every day some new thing comes up which is added to it, and it is gradually growing far beyond our fondest hopes.

Just think. How would you like a trip to the World's Fair in 1915, with side trips all over California, a chance to see Mare Island Navy Yard, trip to San Francisco, Oakland, Alameda and Berkeley, with side trips to the Santa Cruz mountains and a whole lot of other things? To get all of this and have absolutely all of your expenses paid, sounds good, doesn't it? Now we are not telling you anything about this big proposition, but just you wait until next week and then it will be announced and you will know all about it. You may look, and you may listen, but mum's the word. Watch for next week's Headlight, August the 14th.

Doak-Hanenkratt Wedding.

A quiet wedding was solemnized on Wednesday evening in this city at the home of Mr. and Mrs. M. R. Hanenkratt, when their daughter, Miss Nellie Hanenkratt, became the wife of Mr. Stephen H. Doak. The nuptial knot was tied by the Rev. H. W. Kuhlman, pastor of the M. E. church, in the presence of the family circle. The wedding dinner, which was a most dainty repast, was partaken of and the Tillamook Concert Band serenaded the happy couple.

The bride is a graduate of the Tillamook High School and one of the most respected young ladies in the city, and was on the Headlight staff up to last week.

The groom is from Eastern Oregon and is a graduate of the Agricultural College at Corvallis. He has been engaged as superintendent of the public school at Stanfield, Ore.

The happy couple have the best wishes and congratulations of their friends.

Thursday morning Mr. and Mrs. Doak left for a short honeymoon

**THE OPEN SEASON.
Duck and Geese Hunting
from Sept. 16 to Dec. 16.**

Replying to a letter written by Ira C. Smith regarding duck and geese hunting, William L. Finley, state game warden, has sent this reply:

Dear Sir,—Replying to your inquiry of the 4th inst., desire to state that the migratory bird law does not take effect in this State until October 1st. The open season on water fowl in this State is fixed by said law from September 16th to December 16th, but since, as we have stated, this law does not take effect until October 1st, you would be governed until that date by our State laws, which place the open season on ducks and geese, in Multnomah, Clatsop, Tillamook, Columbia and Coos counties, from September 15th to December 31st. Hunters in those counties, therefore would be allowed to hunt such game birds until the 1st day of October under the State law and then on to December 16th, in conformity with the federal law. We have taken the matter up with the authorities at Washington in the hope of having our season changed in this State so as to make the open season from October 1st to January 16th, but we have not yet received a reply from the Department of Agriculture regarding the matter.
