drove five miles the other day to pay a debt, losing half a day's time doing so. Had he been a depositor with this bank, he would have mailed his check at an expense of two cents, and spend his time more profitably. It's an extravagance not to be a bank depositor, for nothing help so much to save money as having an account with

A wagon went over the grade on the Netarts road last week, and notwithstanding that the whole outfit rolled down the bank, very little injuries resulted from the accident. Those in the vehicle had a narrow escape, and when the outfit was pulled back on the road the only injury was a flesh wound received by one of the horses.

John W. Boyer and M. O. Boyer vs. Fred T. Blinn is a suit filed in the county court to recover \$2.25, growing out of a dispute over toll fares. Plaintiffs operate what is known as the Salmon River toll road, which allows them to charge 75c for a four wheeled vehicle. Defendant passed through the gate and then refused to pay the plaintiffs so they brought suit to recover, adding three times that amount.

Sometimes a gentleman who is overly anxious to be polite and nice to the ladies is misunderstood, and we are inclined to think that Bert was an innocent victim this week. The joke the ladies played on Bert made him look serious, but he failed to catch the fun and the laughter the ladies were having. Put up the candies, Bert, for the ladies had one on you and you can square yourself that way.

This summer is a record breaker for visitors to this city and Tillamook beaches. Some trouble have been experienced in finding accommodations along Garibaldi beach, as the crowds have been unusually large, and a number of lots have been sold to persons who intend to build, some of the owners of the town sites having done a big business, disposing of most of their lots.

H. F. Goodspeed, D. Martiny, W. G. Dwight, F. S. Whitehouse, G. H. Ward and A. G. Beals vs. M. R. Haneckrat is a suit filed in the circuit court to recover \$19.02. This is another case growing out of the pavement fight, Haneckrat having signed to pay 10 per cent of his improvement to pay attorneys to fight the construction company. He refused to pay, and the result is the plaintiffs have sued him for the amount.

Judge Robt. Aken, of the Oregon Supreme Court, and Mrs. Aken, of Salem, have been spending a vacation visiting places of interest in this county. The judge told Attorney Henderson that the Supreme Court had rendered several decisions in cases similar to the pavement case in this city, and that it had decided that after a contract is let citizens cannot step in and sue, unless there is fraud, as it is a matter between the city and the contractors.

Jas. Goldworthy, who is well known as a teacher in this county and was a candidate for county school commissioner last spring, returned from Wisconsin last week, where he has been teaching for a year. Wisconsin has a law which provides that after teaching school thirty years (twenty-seven years in the state and three years elsewhere), the teacher shall receive a pension of

\$400 per year. It was necessary that Mr. Goldworthy return to the state and teach another year in order that he might receive the pension offered by the state. Mr. Goldworthy has now taught twenty-seven years in Wisconsin and four years in Oregon.

Mrs. Edyth Tozier Weatherred, representing the Oregon Manufacturers' Association, who is campaigning in the interest of County and State institutions, is in the city and will address the business men on the subject of patronizing home products and encouraging new industries in Oregon. "Made in Oregon" is a slogan that is drawing attention to the need of patronizing home industries, for sending money to other cities and the East does not help to create pay rolls. All interested in patronizing home industries are invited to hear Mrs. Weatherred at the Commercial Club this (Thursday) evening.

H. M. Kerron, president of the Portland Riding Academy, and a brother of Dr. S. M. Kerron, arrived here with a party of twelve from Portland, coming in over the Wilson river. This is the sixth annual trip Mr. Kerron has made to this county. The party remained at the Hotel Tillamook until Wednesday, when they left for Neah-Kah-Nie, on their way to Astoria where they will ship their horses. The party consisted of: H. M. Kerron and wife, Miss Noyes, W. M. Ryan, Helen Calbreath, Evelene Calbreath, Dr. J. F. Calbreath, Miss P. Cook, Mrs. R. W. Wilson, Miss Edith Oida, Wm. Wilson and "Baldi" (Mascot).

The weather last Sunday was quite showery, and one of the showers developed into a torrent of rain that resembled a Southwest rain storm in the winter. Thunder and lightning preceded the heavy shower of rain. The south part of the county did not obtain any of the benefits of rain, as it did not reach there, but the center of the county was well soaked, which will help to produce a large crop of green feed for the dairy herds. The showers were disagreeable to campers but a great benefit to the county. Since Sunday the weather has been beautifully fine, with a large number of persons going to the beaches.

Mr. and Mrs. Rufus Holman and Mr. and Mrs. Phil Metschan, jr., were in the city and left for Portland by auto on Tuesday morning. Mr. Holman is chairman of the board of county commissioners for Multnomah, and, like a great many of the visitors who have come to Tillamook for the first time, was surprised to find the roads in such splendid condition and a city that

was progressive and up-to-date. He was particularly interested in the scientific manner in which the roads were constructed and the small number of road supervisors employed. Mr. Holman said that Tillamook County could give Multnomah county some pointers on how to build roads correctly and economically. He had planned to come to Tillamook last month, but business prevented him from doing so.

At a meeting of the City Council on Monday evening, with Erwin Harrison presiding, several matters were taken up in regard to street improvements. A deed was accepted for Fifth street and Recorder Todd was ordered to procure the lumber for the side walk and have the street graded. He was also instructed to have a shed built for the flusher and to attend to other repairs. In regard to improving the road north of town, it was decided to order this done after the street committee had inspected it. A question was raised as to the amount of Wm. Roy's bill, who charged \$250 for inspector's work while four blocks of pavement were being laid. The bill was ordered paid. Mr. Dahlgren wanted an ordinance passed to tax photographer, but the city council would not stand for it, which caused some amusement. The city council will meet again this evening.
