

Are You a Money Saver?

Most every one expects to be a money saver some time.

Some expect to save when their income is larger; others plan to save when their expenses are less.

People who wait until they can save without effort rarely begin to save; they wake up some day filled with regrets because of the opportunities they have missed.

The moral is: Begin regular saving at this bank NOW; whatever the income, make the outgo a little less and save the difference.

It's a simple matter to start a savings account here.

The Spur of Approval.

The great attendance at our opening last week was undoubtedly the greatest tribute ever paid a commercial establishment in Tillamook.

We feel deeply honored by the generous expressions of good will, also the kind words about the store and the stocks.

We take the splendid triumph in no spirit of empty conceit. The out-spoken approval of the public spurs us on to merit that approval.

Your enthusiasm inspires in us larger ideas. The triumph of a day means little. The growth and expansion of this business shows that the public is not blind—not indifferent to our efforts, you have encouraged us much by your loyalty. It is this co-operation that strengthens us that makes us Leaders.

We shall never let an opportunity pass to present proofs—clear positive attestations, that we are worthy of this public loyalty and confidence.

We have builded well in the past. We shall build better in the future. The greater the patronage of the public—the greater the duty to deserve it.

This is a progressive store, the store with a spirit, sincerity. It is a store for all the people—Your Store.
