Sarah Ann Larsen vs. Ians F. Larson is a divorce suit filed in the circuit court. These parties were married in Tillamook City, February 22, 1913. The high tide on Saturday covered most of the Wilson river bottom and for the first time flowed over the hard surface, county road north of town. The lowest part of the road being between Pat Smith's and Ed. Johnson's, this was covered several inches at high tide. North of Smith's the road was not under water, but on the West side, owing to a strong wind that blew, there was a little wash but not enough to injure the side of the road.

But little interest was taken in the city election on Monday, for out of 800 voters in the city only 145 went to the polls, the citizens staying away from the polls because they did not care to vote for the head of the ticket and were not given an opportunity to vote for some one else. Another thing that entered into the election was the pre election promise to the saloon keepers, consequently the "wets" kept their hands off when they were assured of a majority in the city election. The vote was as follows:

Mayor, F. R. Beals—138.
 Treasurer, A. H. Gaylord—130.
 Councilmen,
 First—John Keldson—15.
 Second—G. A. Edmunds—28.
 Third—S. A. Brodhead—23.
 Fourth—M. Melchior—32.
 Fifth—G. B. Lamb—31.
 Water Commissioner,
 Third—J. C. Holden—33.

Quick is the father, Frances A. Quick is the mother and Addie Quick Olds is sister of plaintiff's husband; that defendant began a series of false and malicious utterances to and in the presence of plaintiff's husband concerning her; that plaintiff was unfit to be the wife of her husband; that she was lewd, unchaste and without virtue; that she had immodestly associated with men other than her husband, and committed adultery with such men on various occasions; that defendant had caused plaintiff's husband to cease to love her and drove her from his bed and board and finally to institute a suit for divorce.

Chamberlain's Cough Remedy is intended especially for coughs and colds, and has won a wide reputation by its cures of these diseases. It is most effectual and is pleasant and safe to take.
