

## Advantages of a Checking Account

### II. Checks as Receipts.

Before cashing a check, payee must sign his name on back in acknowledgment of receipt of the money.

All checks which depositor issues are returned to him after being cashed by the moneys paid, and safeguard the depositor against claims for duplicate payments.

Checking accounts are always welcome at this bank, subject only to reasonable restriction as to minimum average balances.

CAPITAL AND SURPLUS, \$80,500.

## The Truth.

Every statement in our advertisements is absolutely the truth. At times, however, possibly, a typographical error may occur. In starting this store, the one great and good feature was—not to exaggerate or mislead the public, and that our talk through the papers are as a bond of truth—actually dependable. It costs some to advertise—deception (like Judas) is the route to downward progress and respect. We request you at any time misstatements occur to give us an opportunity to prove that you are wrong.—STILLWELL'S.
