

NEW VOTING PLACES.

Tillamook County is Divided Into 29 Precincts.

The Board of County Commissioners increased the voting precincts from 18 to 29. Most of the increase is in Tillamook City and neighborhood, which have the largest population. The increase was made necessary on account of an increase in the voting population, as some of the precincts contained too many voters. We give below the boundaries of each voting precinct, and it would be a good thing for some of the citizens to preserve this sheet, for there will be a good many inquiries made as to which precinct voters are in.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hill's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hill's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address H. S.
