**Teeth of the Muskellunge.**  
Along toward the middle of July a curious thing happens to the muskellunge. His teeth fall out. A sort of piscatorial Rigg's disease seems to attack him. Naturally, he loses flesh in the toothless season, and his inability to enjoy any of the good things that swim about him increases the savagery of his temper.  
With the coming of September he has cut an entire new set of teeth, and they are like knife blades set up on edge in his jaws. Then he takes on new vigor, voraciousness and aggressiveness, with the memory of weeks of pentup fury and unappased appetite to avenge. And then comes the angler's best opportunity with him.—Detroit Free Press.

**Ferry Tolls on the Tigris.**  
At one ferry on the Tigris river the toll is as follows: For a poor Arab, 2 cents; for a prosperous Arab, 4 cents; for a soldier, 10 cents; for a pilgrim, 20 cents; for a European, 80 cents. The scale of prices for nearly everything along the way is similar. But many of the Arabs are so poor that they prefer to swim across in the ancient manner. They bind several old gourds together and then, sitting upon them, paddle their way along.—Christian Herald.

**Made My Life Worth Living**

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Stomach and Liver Tablets. I got a bottle of them and they soon helped my stomach; by their gentle action my bowels became more regular. Today I feel like praising them to all who suffer as I did, for they have cured me and made my life worth living."
