

"The Deestrick Skule."

The play, "The Deestrick Skule," given at the Guild House, drew a full house this (Thursday) evening, which will be repeated Friday. The performance was a great hit, causing roars of laughter.

Republican Candidates.

There does not appear to be many persons who are anxious to run for county offices, and from present indication there will be but few candidates in the local primary election on the Republican ticket, and less on the Democratic ticket, for voters are going to line up and vote with their respective parties. Judge Homer Mason will be a candidate for re-election, who has made a good judge and taken considerable interest in road building, he will rely on his record for support. We understand that A. M. Hare, who made an excellent assessor, has been asked to run for county judge in the primary election. He has the matter under consideration, as it came as a surprise to him. Should Mr. Hare decide to run, this would, no doubt, leave the race between Judge Mason and Mr. Hare. County Clerk J. C. Holden is a candidate to succeed himself, having made good in that position, and we have not heard of anyone who intends to oppose him. Sheriff Crenshaw is desirous of remaining in the sheriff's office, which he has filled with credit, but Emmet Bales looms up in the horizon as an avowed candidate for the sheriffalty. County Commissioner Farmer, one of the best good roads builders in the county, will be a candidate. County Treasurer Beals and County Surveyor Jackson, both good officials, will also be candidates. For joint representative, the name of Attorney T. B. Handley is mentioned, who made good in the last State Legislature when he filled that position. We have not heard whether Dr. Hawk is desirous of holding down the coroner's office.

Summer Rates on Railroad.

The following letter was received on Thursday in answer to a communication sent by the President of the Tillamook Commercial Club in regard to summer beach rates. Mr. Fred C. Baker, President Tillamook Commercial Club, Tillamook, Oregon.

MY DEAR MR. BAKER:—I have your letter of February 10th in regard to summer beach rates to Tillamook City.

Your information is not correct that we are to omit Tillamook City from our summer rates, but we do intend raising such rates from Portland to Tillamook City from \$4.00 to \$5.00.

I believe I can explain to you in a satisfactory way our reasons for this action, and that we have been forced to do so in protection of our revenue, based on our experience during the time these tickets were on sale for the past two seasons.

As you know, the round trip rate is \$4.00, the same as the one way rate, and it results in all those traveling between Portland and Tillamook purchasing round trip tickets at Portland, a large number of the return portions being disposed of in Tillamook City, which is in direct violation of the law. We have had no protection on account of the tickets not being of signature form, and it is not possible to obtain the signature of each passenger on account of the large number sold during the summer season.

This has resulted in the return portions of these tickets being used to the detriment of our business from Tillamook to Portland, and I am sure you will agree with me that we are perfectly justified in making the slight increase of \$1.00 per ticket.

It is conceded that Tillamook City is not a beach point of itself but is the gateway to the beaches in the southern part of the county, and such beaches naturally cannot be placed on the same footing as Garibaldi so far as the rates are concerned.

I do not know that I can add anything further, but I am sure you will appreciate the condition confronting us and that we are perfectly justified in the action we propose taking the coming season.

Very truly yours,
JOHN M. SCOTT.

The president of the Chicago Butter and Egg Board says that the very highest grade of butter is sold by wholesalers at 27 cents and should be sold by retailers at 32 cents, but because housewives demand it and will not take the second grade—which, by the way, he as an expert says is good enough for anybody—the retailers put the price up higher. This seems to divide the responsibility between the retailer who runs up the price and the housewife who lets him do it.

Methodist Minister Recommends Chamberlain's Cough Remedy.

Rev. James A. Lewis, Milaca, Minn., writes: "Chamberlain's Cough Remedy has been a needed and welcome guest in our home for a number of years. I highly recommend it to my fellows as being a medicine worthy of trial in cases of colds, coughs and croup." Give Chamberlain's Cough Remedy a trial and we are confident you will find it very effective and continue to use it as occasion requires for years to come, as many others have done. For sale by all dealers.

How to Detect the Alum Baking Powder

"Which are the alum baking powders; how can I avoid them unless they are named?" asks a housekeeper.

Here is one way: take the can of a low-priced powder in your hand and read the ingredient clause upon the back label. The law requires that if the powder contains alum that fact must be there stated. If you find one of the ingredients named alum, or sulphate of aluminum, you have found an alum baking powder.

There is another and a better way. You don't have to know the names of the alum powders. Use Royal Baking Powder only; that assures you a cream of tartar powder, and the purest and most healthful baking powder beyond question.

Real Estate, Etc., Transfers.
