#### SENSATIONAL RAIL-ROAD REPORT.

#### Doubt is Entertain as to the Accuracy of It.

There appeared to be a great deal of satisfaction in this city on Tuesday upon the receipt of telephone messages from Portland stating that the United Railways was going to extend Watson. Action for money. Settled its line to Tillamook. On the arrival of the Portland newspapers, the Journal published the following:

St. Paul, Minn., April 6.-That harbor improvements at Tillamook, Ore., which it is proposed to make a rival to San Frrncisco, as a shipping point, will be built along lines formulated by ex-President John F. Stevens of the North Bank road and the Hill lines in Oregon, was announced here today by the Hill

It was explained that the purpose is to outdo by sea and rail the fastest time now made along the coast and from the coast to the interior.

The plans call for the expenditure of many millions of dollars,

Philadelphia.

The government, Hill sources were authority for saying, will spend \$2,-000,000 iu dredging Tillamook harbor, and it was understood that it was to secure federal aid in opening this har-bor that James J. Hill's recent trips to Washington were undertaken.

United Railways from Portland to Tillamook is to be one of the links in the system. It is said the line will tunnel the mountains between Tillamook and Hillsboro. The rail and water line is to make trip from San Francisco to Portland in 24 hours.

There appears to be some doubt as to the accuracy of this account, the officials at Portland not having any information in regard to it. From accident, when the small bone of other sources we understand that everything is in readiness for the United Railways to construct its road to this county, but when this is to start it is hard to tell.

#### Obituary Notice.

Albert John Getchell was born in Athens County, Ohio, August 25th, 1848, died at Hebo, Oregon, March 30, 1914, aged 65 years, 7 months and 5 days, after a lingering illness of more than I year's duration. He was married to Florence A. Varner, August 5, 1877, and nine children were born to this union all of whom are living, and residents of this state, viz:

Mrs. H. A. Chopard, Beaver; Mrs. J. W. Hester, Hemlock; Chas. C. Oregon City: Louis E. Tillamook; Dudley C. Dallas; Clarence V. Hebo; Edna L. Salem; Cecil L. Dallas, and Hume of Hebo. Mr. Getchell became a Christian at a very early age, and lived a life of strict honesty, and devotion to his Master's commands.

### City Council Meeting.

The city council met in regular session on Monday evening with the fol- disbursement \$17.20. lowing officers present: Mayor Beals, Councilmen Brodhead, Edmunds, Lamb, Melchior and Keldson; Recorder Hays and Marshal Meyers.

The regular bills were allowed. The street committees report on sanitary sewer was continued.

The new electric light was ordered on the corner of Fourth and Park streets and the light on Eighth and Park was ordered moved to Seventh and Park.

Some of the property owners of Maple Grove Addition having failed to pay for their public improvements under Bancroft Bonding act, the council instructed Attorney Botts to proceed to collect.

The order requiring a cement walk on Fourth Avenue West and the opening of Tenth street to Sixth Ave. East was continued.

The ordinances relating to franchises, the use of cigarettes by boys, and fire hazard restrictions were laid over until another meeting.

The matter of a garbage dump and a clean-up day for Tillamook was referred to a committee.

F. J. Miller of the state railroad commission addressed the council and gave an instructive talk as to the power of the commission in regard to munleipal affairs and pointed out to some extent the ability of the commission to assist the city in handling certain mat-

charge of assault and battery upon Grant Walker. He pleaded guilty and was sentenced to pay a fine of \$50, and being unable to do so went to jail for 25 days.

## How to Detect the Alum Baking Powder

"Which are the alum baking powders; how can I avoid them unless they are named?" asks a housekeeper.

Here is one way: take the can of a lowpriced powder in your hand and read the ingredient clause upon the back label. The law requires that if the powder contains alum that fact must be there stated. If you find one of the ingredients named alum, or sulphate of aluminum, you have found an alum baking powder.

There is another and a better way. You don't have to know the names of the alum powders. Use Royal Baking Powder only; that assures you a cream of tartar powder, and the purest and most healthful baking powder beyond question.

#### Notice to Bidders.

Sealed proposals will be received t the office of the County Clerk of at the office of the County Clerk of Tillamook County Oregon for the construction of a fifty-foot (50) re-inforced Concrete Bridge, over West Beaver Creek, near the Kinnaman place, up to 10 o'clock A M. on the 17th day of April, 1914, in accordance with plans and specifications

of Tillamook county.

By order of the County Court.

J. C. Holden,

County Clerk.

#### To the Voters of Tillamook at least 6 per cent of the amount of said bid, which shall be forfeited to County.

hereby announce myself as a candidate for re nomination at the Primary Election for Justice of the Peace for the Second Justice Dis-trict, on the Republican ticket. E. W. STANLEY.

#### To the Voters of Tillamook County.

## Great Majestic Malleable and Range Charcoal Iron Range

Outwears Three Ordinary Ranges

It is the only range made entirely of maileable iron and charcoal iron. Charcoal iron won't rust like steel—mailaable iron can't break, and while the first cost of a Great Majestic may be more than some other ranges, it outwears 3

Movable Copper Reservoir than some other ranges, it outwears 3

The reservoir is all capper, heated

### Half The Fuel

The Majestic is put together with rivets (not bolts and stove putty) making it absolutely air tight, like an engine boiler. The joints and seams will remain air tight forever as neither expansion hor contraction can affect or open them.

Pure Asbestos Lining

Movable Copper Reservoir
The reservoir is all copper, heated like a tea kettle through copper pocket (stamped from one piece of copper) setting against left hand lining of fire box. It boils is gallons of water in a lifty and, by turning lever, the frame—and reservoir—moves away from fire. This feature is patented and can be used only on the Majestic.

Ask us to show you the greatest improvement ever put into a range—makes Majestic 2009, stronger when other ranges are weakest.

Other Exclusive Features In addition, it is lined with pure It's the best range at any price.
