Editorial Snap Shots.

Bro. Trombley belongs to the "Slump" party.

Some of our real estate sharks are doing to Tillamook dairy lands what J. P. Morgan did to the New Haven railroad, with the same result.

Have you noticed how foreclosures are increasing in the county, and in what a critical condition some of our citizens are in who have been induced to buy land at inflated valuations?

Don't forget that next Thursday is clean-up day in Tillamook city. But get busy every day up to that time and there won't be so much to do on the day specified in Mayor Beals' proclamation.

For the information of Bro. Trombley, the Democratic free trade booster, pig tail eggs are selling in China at 6c a dozen, and the Democratic party allows these eggs to compete with eggs raised by Oregon farmers.

What's all this fuss about auto speeding in the city? Impossible; it can't be done. Ask Freddie if anybody can speed on a rotten pavement. It may be that was the reason some of our prominent citizens were not arrested for speeding last fall.

It is reported that owing to the Democratic policy, of free milk, free cream, free fish, free meat and free lumber, some of the large saw mills in this county are contemplating closing down until lumber prices are better. Say, Bro. Trombley, the free trade advocate, how does that sound?

Outside attorneys are reaping another rich harvest in this city, and it looks as though those who put money into buildings to improve the city and make it pleasant for visitors will have to foot the bills. There is too much foolish and expensive lawing in this city in late years. But some persons like to law.

Bro. Trombley is piling on the agony when he says that Hon F. R. Beals presided at a council meeting. Is there any honor in being mayor of a city where city warrants are hard to cash at a big discount? That was the way the old rule or ruin faction made money in causing a slump in county and city warrants.

Our esteemed contemporary took occasion to censure us for a few typographical errors last week, owing to a galley of matter not being read. We notice in a flaring heading, Bro. Trombley says: "Farmers' meetings this week." Say Bro., have you been taking it straight and often that you got into such a mixup? Now it is our turn to chide. Bro. Trombley should read for his evening's devotion that part of the good old book which relates to first casting the mote from his own eye and the self righteous Pharisee. Those two incidents were intended to show the characteristics in such a self-righteous individual as Bro. Trombley.

"Like all Englishmen they are slow to adapt themselves to new ideas and ways," say Carl Haberlach. Perhaps so. But as it costs more to manufacture small cheese, the New Zealanders have been placing large cheese on the market at the least cost possible for manufacture and selling it in England below cheese exported from the United States. Nothing slow about that is there? We may mention that it is the Swiss, Dutch and German people who are engaged in the dairy business of Australia and New Zealand, similar to this county, but there is this difference in the two markets. The demand in England is for well cured cheese

while on the Pacific Coast the market calls for "green" cheese only a few weeks old.

The County Court appointed F. L. Sappington county commissioner because he received the majority of votes at the primary election. Had Mr. Thompson been the successful candidate he would have been appointed commissioner. Mr. Sappington, no doubt, was the best qualified person from practical experience as a civil engineer and road builder for the position, as road building is one of the principal things that county commissioners have to attend to. But, somehow, the people don't always elect the most competent persons to run city and county affairs. We believe that Mr. Sappington will make a good commissioner and give to all parts of the county a square deal, with a view to economy and in obtaining the best results.

A former Tillamooker, who knows the actual valuation of dairy land in this county and other parts of the Northwest, writes: "I picked up a Tillamook Herald this morning in the library, dated 22nd, and I noticed a sort of an editorial referring to the price of cheese this spring, etc. Then it proceeded to rake you for something you must have published as to the price of dairy land in Tillamook. For your information I will state you can buy the finest bottom lands in the state of Washington, all cleared and beautifully situated with three lines of railroads and about six to eight passenger trains a day each way between Portland Tacoma and Seattle, also with as fine county roads as anywhere on the coast, from \$100 to \$200 an acre, according to location, improvements, etc." It must be that this land has not been sold by real estate sharks several times and a large amount of inflated valuations placed in it, similar to some of the dairy farms of this county.

The Grangers were the first to espouse the Oregon System. They began to see that it was not what it was cracked up to be, and now realize that the system can be used against the farmer's interest, as an attempt is to be made to interfere with the running of his farm by the introduction of the eight hour law for help.

The Grangers have been misled by the oft-reported slogan, "The sovereign will of the people." The labor organizations and the great body of laboring people have the votes to place this new eight hour law on the statute books of the state of Oregon, and our new fangled system of legislations, causing class legislation. By lation placed his power into their votes cast for the eight hour law for city, county and state, no doubt many Grangers voted for that law because they saw ten hours pay for eight hours road work. That law was but a wedge for others of a like nature, to-wit, the initiative bill to make it law so that no farmer can work his employee more than eight hours a day. As the other eight hour bill had the approval of the sovereign will of the people, we expect that the present initiative measure will meet with like success when it is voted upon next November.

HIGH SCHOOL.

Juniors' Banquet and Reception to Faculty, Seniors and Alumni.

The occasion on last Thursday evening was one to be long remembered in Tillamook. The Commercial Club rooms were beautifully decorated in both class colors, the penants of both Seniors and Juniors were displayed. The motto, "Tonight we launch, where shall we anchor?" is a beautiful thought. The tables in the shape of letter "T" were arranged with much taste. The place cards were very appropriate, hand painted and endorsed thereon were the names of the toastmaster, Mr. Howard La-

mar, president of the Junior Class, whose dignified manner and appropriate remarks were the admiration of all. The toast responses were by Prof. R.U. Moore, representing the Faculty, and to whom the Junior Annual was dedicated; Prof. Buchanan, principal; Miss Stella Goyne, president of the Senior Class; Mr. Elbert E. Ginn, President of the Alumni Association; Mr. Verne Bain, representing the Student Body; Miss De Bar, from the Faculty; Mr. Benly Stam, from the Alumni. All acquainted themselves well and were highly applauded. Mr. Ginn led in the High School "yell." The eight course banquet was planned by Miss Ueland, of the Domestic Science Department, and both the menu cuisine and service would have done credit to a first class hotel, and many compliments were given the young ladies from the freshmen, and eighth grade who so delicately served. The elegant Club rooms, the tastily decorated tables, the rich banquet, the manly young men and intelligent and beautifully gowned young ladies, all made a picture long to be remembered.

The Junior Class deserves much credit for the occasion, also the appearance and subject matter of their annual, "The Tattler." Each student and every citizen of Tillamook should purchase one of these delightful booklets as a souvenir. The tables were laid for about fifty and the entire faculty, Senior and Junior classes, and Alumni graced the occasion by their presence.
The midnight chimes sounded the passing of another day as "Good Night" were spoken and another happy occasion passed into memory's halls to be lived over again, when age, business cares and duties of a home shall have come upon the lives of these young men and women whose little boats are just sailing out into life's great ocean.
We wave them our hands. We wish them "Bon Voyage," that all their dreams may come true and each reach the goal of their ambitions, ambitions.

PROGRAM FOR G. A. R. ENCAMPMENT AT TILLAMOOK

At a meeting of the committee on arrangements for the G. A. R. Encampment on Thursday evening, it was decided to give an excursion to Bar View on Thursday afternoon, June 18, after the business sessions are over. This was done to give the visitors as much enjoyment as possible, for it seems they are anxious to spend a little time together on the beach, which is only natural in coming to the coast. The committee has been debating this matter for several weeks, which was decided on Thursday evening, none of the committee voting against it. The Bar View people offered to give a clam bake free of charge and provide the camp fire, and besides this the committee have made arrangements for a light lunch for the visitors. From letters received from a large number of those who will attend the encampment they are looking forward to a good time while in Tillamook, and the committee acted wisely, and was broad-minded, in making it possible that the visitors go away talking about our city, our beaches and other beautiful things they saw while they were here.

Made My Life Worth Living
"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Stomach and Liver Tablets. I got a bottle of them and they soon helped my stomach; by their gentle action my bowels became more regular. Today I feel like praising them to all who suffer as I did, for they have cured me and made my life worth living."
