

HAY ! HAY !

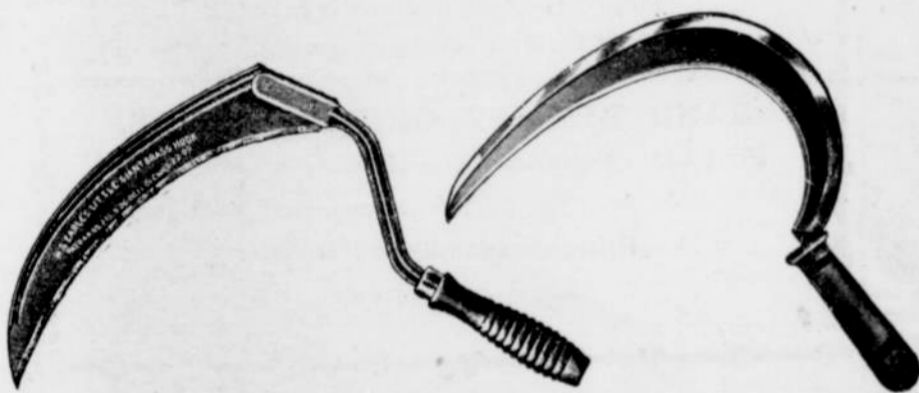

Haying Season will soon be on. We are better prepared to take care of your needs in this line than ever before. You should get everything in ship shape now and not wait until the last minute and find that you need a new Rope, Block, Carrier or some other item that must be had to carry on the work. See the items we list below. Look at the prices we submit, and above all, every item is dependable and of high quality.

Myers' Clover Leaf Hay Carrier.

The above illustration represents the Clover Leaf Unloaders made for wood track. This carrier is fitted with a wide open mouth to receive the fork policy. The rope sheaves and track wheels are all fitted with large turned bearings. The machine is both swivel and reversible combined in one machine. By this device the machine can be reversed by reversing the swivel or by drawing the rope through from end to end.
