George J. Poysky is Independent Candidate for Surveyor.

George J. Poysky, deputy county surveyor, has announced his intention to run for the surveyor's office as an independent candidate.

Notice to Contractors.

Sealed bids addressed to the County Clerk of Tillamook County, Oregon, for the proposed improvement at West Creek, Beaver Oregon, will be received by the County Clerk...

Notice of Completed Contract.

Notice is hereby given that U. C. Jackson, County Surveyor for Tillamook County, Oregon, has filed in this office his certificate of the completion of the contract of Leach and Company, on the A. O. Foland County Road, near Beaver Oregon, and any person, firm or corporation, having objections to file to the completion of said work, may do so within two weeks from the date of the first publication.

BRIEF NEWS OF OREGON

Oiling of all the main roads of Polk county was completed last week. Prompt action by Mrs. A. Austin, wife of Albany's chief of police, prevented the escape of a prisoner her husband had placed in the city jail.

Young prune orchards in the country about Monmouth are making a rapid growth, surpassing apple, pear and cherry trees in many places.

An order has been placed for 80,000 pounds, or 40 tons, of two carloads, of paper for use in printing the initiative pamphlets. This amount of paper is sufficient to print 300,000 copies of a pamphlet with 128 pages.

Retail meat, poultry, fish markets and grocery stores do not come under the workmen's compensation act, according to an announcement of the state industrial accident commission.

After many months of correspondence between the state railroad commission and the officials of the Southern Pacific and Oregon Electric, the two railroad companies have agreed to a rate of \$2.25 on coke shipped from Fairfax, Wash., to Salem.

The immense flag provided by the people of Oregon for the gigantic tree that is to do service as a flagpole in front of the Oregon building at the exposition was raised at San Francisco, the ceremony being the principal feature of the Fourth of July celebration on the exposition grounds.

The state printing board has decided to bring the state printing department under the workmen's compensation act. The construction work on the Tumalo irrigation project has been brought under the act, so all the hazardous industries under the supervision of the state have been given protection under the new law.

There were 94 industrial accidents reported to State Labor Commissioner O. P. Hoff last week, this being the largest number reported any week this year. Three of the accidents were fatal. J. O. Foulke was killed at Coyote in connection with railroad work. Duke Staul was killed at Goble while logging at Camp Creek.

A. W. Cornell, a farmer living near Riddle, Douglas county, never saw a streetcar in his life until he came to Eugene in his automobile and the first one he saw he collided with. He ran into an Eleventh avenue car with his automobile as he entered the city. He appeared greatly chagrined and offered to pay for the damage done to the car, although his automobile was damaged more than the car.

Deputy Sealer of Weights and Measures Buchtel announces that all counties but two will soon be equipped with weight-testing and measuring apparatus. Mr. Buchtel has received equipment for Baker, Harney, Lincoln, Maheur, Union and Umatilla counties. Immediately after testing the apparatus it will be divided and forwarded to the various county clerks.

Twenty-nine measures will be voted on at the general election in Oregon next November, which is nine fewer than were submitted to the voters at the last election. Eleven of the measures to be placed before the voters were submitted by the last legislature. An important amendment to be voted upon provides for statewide prohibition. It would prohibit the manufacture or sale of intoxicating liquors in the state. Another amendment would abolish the state senate. It was initiated by the officers of the Oregon state granage, Oregon State Federation of Labor, People's Power league, Farmers' union, Farmers' Society of Equity and Proportional Representation bureau. An amendment for proportional representation, initiated by the same organizations, provides that every voter may vote for any one aspirant for representative in the legislative assembly and no more. The 60 aspirants who receive the greatest number of votes throughout the state would be declared elected.

Water permits issued by State Engineer John H. Lewis during the quarter ending June 30, call for the expenditure of approximately \$11,000,000 to make use of the water. There were 147 permits to appropriate public waters issued during the quarter. The proposed ditches and pipe lines aggregate 202 miles in length, and provide for the irrigation of 21,587 acres of land; for the development of 1715 horsepower and for the municipal supply of six towns. One of the most important of these permits is that granted to L. C. Seawell of Payette, Idaho. He proposes to irrigate 10,544 acres with the waters of the Owyhee and Crooked creek in Malheur county. This land lies a short distance from Ontario. The Eastern Oregon Land company of San Francisco proposes to irrigate 4818 acres in the Willow creek valley in Maheur county with the waters of Burnt river. The water is to be conveyed from the Eldorado ditch, which was constructed many years ago for mining purposes. The six towns for which water was appropriated for municipal supply are Turner, Marshfield, North Bend, Beaverton, Myrtle Point and Falls City.

We sell many good medicines but we are told the mixture of buckthorn bark, glycerine, etc. known as Adler-ka, is the best we ever sold. Tillamook folks astonish us daily by telling how QUICKLY Adler-ka relieves sour stomach, gas on the stomach and constipation. Many report that A SINGLE Dose relieves these troubles almost IMMEDIATELY. We are glad we are Tillamook agents for Adler-ka. J. S. Lamar, Druggist.

NEWS FROM OUR NATIONAL CAPITAL

New York, Pennsylvania and Illinois Lead in Income and Corporation Excise.

Washington.—New York, Pennsylvania and Illinois paid more than half of the \$71,86,146 turned into the national treasury in income and corporation taxes during the fiscal year just closed. A detailed statement of collections made public showed that these three states contributed \$37,931,717.

New York alone paid \$12,528,247.03 in individual income tax, while the entire amount paid by individuals throughout the country was \$28,306,336.69. The empire state paid \$9,766,248.57 of the \$43,079,810.44 paid as corporation tax by all states.

Pennsylvania ranked second in both individual and corporation taxes. Its corporations paid \$6,096,305.28 and its individual income tax collections amounted to \$3,176,095.28. Illinois was third in the list, with corporation taxes amounting to \$4,293,648.68 and individual incomes aggregating \$2,076,171.11.

3 Federal Board Choices Confirmed.

Three of the members of the federal reserve board nominated by the president—Charles S. Hamlin, W. P. G. Harding and A. C. Miller—were confirmed by the senate.

The nominations of Paul M. Warburg, of New York, and Thomas D. Jones, of Chicago, have not been acted upon by the banking and currency committee and probably will not be before the end of the week.

Messrs. Hamlin, Miller and Harding take the oath of office within a few days, and the work of setting in motion the new federal banking system can begin at once. The secretary of the treasury and controller of the currency are ex-officio members of the board, which consists of seven members. The five will constitute a quorum to do practically all preliminary business.

Borah Continues to Fight Harbor Bill.

There is little likelihood that the fight being made against the river and harbor bill in the senate will accomplish its defeat, though it is believed that the bill cannot go into effect much before August and may not become operative until a later date.

Senator Borah, of Idaho, who is holding up the bill, intends to hold up the conference report later, unless congress grants some of the legislation asked by the west. As a means of accomplishing his purpose, he has offered an amendment to the bill authorizing a loan of \$50,000,000 to the reclamation fund, and is demanding that that amendment be accepted by the senate. His contention is that the river and harbor bill, with few exceptions, carries no direct benefit to the states, where the government is building irrigation works.

Columbian Treaty is Likely to Fail.

The administration by a party vote will be able to secure a favorable report from the foreign relations committee of the senate on the Bryan treaty with Colombia, but senators opposed to that document assert positively that the administration will not be able to force ratification by the senate. It requires a two-thirds vote to ratify and more than a third of the senate are said to be opposed to the treaty.

National Capital Brevities.

Major General Wood, former chief of staff of the United States army, has been ordered in command of the eastern department of the army.

In a wordy altercation over the Nicaragua treaty before the foreign relations committee, Senators Root of New York and Smith of Michigan nearly came to blows.

It is said that leaders are hoping that a vote on the Hobson prohibition amendment to the constitution will be had in the house about August 1.

The United States has been asked by Consul General Cheshire of Canton, China, to send aid for the 2,000,000 people who are said to have been rendered destitute by the recent floods in two southern provinces of China.

The house passed the bill repealing the provision that anyone who was in any way active on the side of the rebels during the civil war should not be eligible for the collection of claims from the government. Claims totaling \$165,000,000 will thus be revived, it is said.

President Wilson will fill all vacancies where negroes are now employed by other negroes, in accordance with a promise which he made about the time of his inauguration. White men will not take the places of the blacks.

The San Dominick situation continues to be a puzzle for President Wilson. He admits having received a report that the American gunboat Machias had fired on one of the warring factions because they had violated an agreement not to bombard the rebel city.

Notice of Completed Contract.

Notice is hereby given that U. C. Jackson, County Surveyor for Tillamook County, Oregon, has filed in this office his certificate of the completion of the contract of Leach and Company, on the A. O. Foland County Road, near Beaver Oregon, and any person, firm or corporation, having objections to file to the completion of said work, may do so within two weeks from the date of the first publication.
