

Editorial Snap Shots.

Is it "psychological" or "watchful waiting" free trade, Bro Trombley?

As to the value of dairy lands in Tillamook county, who wants to pay taxes on fictitious valuations?

We wonder whether Bro. Trombley will enter the free trade Democratic baby in the Better Babies Contest?

Stand pat, Bro. Trombley, stand pat, for the Democratic free trade standpatters have knocked the life out of business.

Another editor of the Bay City Examiner has thrown up the sponge. What's the matter anyway, with the sanctum sanctorum of that unfortunate newspaper.

Portland jobbers continue to "knock" because they cannot manipulate the price of Tillamook cheese. They appear to be exceedingly concerned about Tillamook cheese, yet reading between the lines, their object, if possible, is to force a reduction in the price.

Five to fifteen years in the State penitentiary for setting fire to a barn is a severe sentence to pass on anyone convicted of the crime of arson. When Sylvester Davis set fire to the barn he probably had no idea that he would be found out. This should be a warning to others who are likewise disposed.

Eggs are selling in China for 5c. a dozen, and the Democratic party allows them to come in free of duty and to compete with eggs raised in this country, which are now selling from 20 to 25 cents a dozen. We hope the next State Legislature will compel the eggs imported from China to be branded "Fig tail eggs," and we hope the next legislator from this county will take notice of this and act accordingly.

It is a shame that Bayocean is deprived of a wagon road, the sea side resort that has spent more money in improvements than all the other beaches put together. If Bayocean have not been given a square deal it should be given a square deal in the future, for if there is a location justly entitled to a road, it is Bayocean, for it is entitled to some benefit for the large amount of taxes it pays into the county treasury.

The city has made temporary repairs to the bridge across the slough north of town, which was in a dangerous condition on account of the large amount of gravel placed on the approach, which was removed. It is fortunate for the city that no accident occurred, for it would have been a costly affair for the city. The bridge is none too safe now, especially when autos hit the bridge at a lively gait, for then it shows its weakness. The city can't put in a new bridge now too soon, and it will be lucky if some accident don't happen before then.

Our esteemed contemporary, the Herald, the Democratic free trade booster, gave the snap shot man a "roasting" this week. We feel sorry that the Democratic organ is so "peevish" because free trade is bringing about lower prices and stagnation in business. Yes, Bro. Trombley, it is certainly a calamity when one of the home newspapers takes so much pride in and favored everything raised in Tillamook County being placed on the free list. The Democratic party handed the producers of Tillamook County a lemon when it came into power, and Bro. Trombley is the squeeze who is now handing out the juice.

A great many persons are visiting Tillamook County at the present time some for the first time, and they are greatly surprised to find finely constructed roads and substantial steel and concrete bridges. It was wise as well as economical for Tillamook County to get out of the old rut of building make-shift roads and poorly constructed wood bridges, and the citizens see the wisdom of this as they see the wonderful transformation that is taking place along these lines. And there is not a district in the county but what can look with pride on these improvements and admire the policy of those who have been instrumental in making these permanent changes.

The Nehalem Reporter deprecates the closing down of the large saw mill at Wheeler. It is still fresh in the memory of the snap shot man that the people of the north end of the county voted for a "change" of administration. Now that they are experiencing the "change" with free lumber, free fish and free agricultural produce, they evidently don't appreciate Democratic stagnation in business. There was nothing wrong with the Republican party, was there, and no doubt, the voters in the north end of the county will be glad of the opportunity to vote that party back into power, for the Democrats have placed most everything raised in Tillamook County on the free list.

One reason that the pressure is reduced on the water system, especially on Mondays is on account of washing machines being attached to the system. But suppose a serious fire occurred while all these washing machines were attached to the system, what would become of the city? The business portion of the city would be wiped out. It is all right to use water for domestic purposes, but it don't seem right to us that the water commission should be expected to provide the motive power to do the family washing. If there was plenty of water there would be no objection, but the principal is wrong to allow anyone to use water for power purposes without making a charge for the amount of water used. Fire protection is of more consequence and importance just now than power for the family washing machine. Are the business men and property owners satisfied to allow this dangerous condition of affairs to exist?

Your Butter.

Oregonian. The Oregonian the other day told the story of the Chinese egg in the Oregon market. A great many thousand eggs have, since October 3, 1913, when the Wilson-Underwood tariff went into effect, been imported. It is but the beginning. The experiment of bringing the little known egg of China into competition with the fine white egg of Oregon has been successful. Next winter the incoming trans-Pacific steamers will be loaded with them. We have excluded the Chinamen, but we have opened wide our markets to the unbranded and unsanitary Chinese egg; and we eat it without knowing where it came from, except that a hen somewhere gave it to the world.

Now is the butter. The price is going down. There was a 2 1/2-cent cut in Portland yesterday. The tariff in the principal cause. The American market is open to New Zealand and other foreign butter. The fact that the cost of living is going down ought of course to be hailed with joy. But in these particulars it is being done by the sacrifice of the American producer. He is forced to divide his own market with foreign competition. He sells either at a loss or without profit.

Perhaps some eulogist of a Democratic tariff will explain how lower prices for American staples and large importations of foreign foodstuffs, involving actual loss to the American producer, will restore prosperity. The Oregonian cannot. We want cheaper butter, certainly; but will it benefit anybody if we get it below cost to the American producer?

Perhaps Bro. Trombley can explain how it will benefit American producers to allow foreign food stuffs to come in free and make prosperous times.

Tillamook Jottings.

Mr. and Mrs. Riley and daughter, of Chicago, are taking their outing in Tillamook and will remain for about two weeks, taking in the beaches, fishing, etc. Mr. Riley is connected with the millinery firm of D. B. Fisk & Co., of Chicago, New York, Paris, France, and is looking over the north western business affairs for that firm. "It's simply great around here," he remarked; "what wouldn't Chicago do with tons of this great atmosphere?"

All entries for the Better Babies Contest must be filed with Mrs. M. F. Dunstan, superintendent of this department of the Tillamook County Fair, by July 25th. Up to the present time about 70 mothers have applied for cards to enter their babies and a large number of these have been entered. It is the intention of the Fair Board to have the contest previous to the fair, as it will take considerable time to judge the babies, especially as the superintendent expects there will be about 100 entries. The Board of Examiners will consist of seven doctors and one dentist.

The grand jury was called together on Monday and brought in a true bill against Sylvester Davis charged with arson. He was arraigned before Judge Webster-Holmes and pleaded guilty. He was sentenced to the State Penitentiary for not less than five years the minimum and fifteen years the maximum penalty for the crime. Davis set fire to a barn belonging to Mrs. Smith, which contained cattle and hay, and these were destroyed, after which he left the county. Davis was taken to the State penitentiary on Wednesday by E. T. Epplett.

County Court Lets Contract for Another Concrete Bridge.

The County Court met on Friday and attended to some few matters as follows: Tillamook Bay Construction Co., final payment section "A" Garibaldi Wheeler road, \$994.45 allowed. Claim of E. B. Barthrop, for \$27.75, was continued. Claim of Beaver Lumber Co., for \$23.40, was continued.

In the matter of bids for the construction of a concrete bridge over West Creek near Beaver the bidders were Delsman & Dolan for \$1,648.00 and F. C. Feldschau for \$1,336.06. The latter was awarded the contract.

In the matter of a public crossing at Idaville, it appears that the crossing over the P. R. & N. Co. track now in use, is located on private property, and not in the proper location to benefit the public, it was resolved that the Railroad Commission be requested to have said crossing moved to a point where it will connect with the established county road.

Wanted to rent a Dairy Ranch

I have a client who wants to rent a small Dairy Ranch with a view of purchasing the same. Must have from 10 to 15 cows. Reasonably close to Tillamook City. Will pay cash rental from 1 to 3 years or work the same on shares. What have you to offer in the way of trade for property in the Willamette Valley or Portland. I have a number of inquiries. List your trades—or sale property with this office. We will try and place your stuff. Rollie W. Watson, Todd Hotel Building.

THE COMMERCIAL CLUB

Board of Trustees Orders All Delinquent Members Posted.

At a meeting of the Board of Trustees of the Commercial Club Tuesday evening, much interest was manifested. President Dwight took right hold of the bit like a veteran and was ably assisted by the entire Board. The report of the Secretary showed that many members were delinquent in their dues, and it was unanimously ordered that the following by-laws of the Club be rigidly enforced without fear, favor or exception, to-wit: "Any member in debt to the club in any manner for a period of 60 days shall be notified in writing by the Secretary. Unless said indebtedness is paid within 30 days thereafter, his name shall be dropped and that fact reported to the next club meeting." There is a general demand among the paying members that those who do not pay to help keep up the club shall not enjoy its privileges, as it costs \$120.00 a month to run the club and not an officer gets a cent of salary or pay, but are giving valuable time to keep up the club. The club is a credit to the city and it is a great mistake that more of our citizens do not help support it and put their name on its roll of members. It costs \$10 initiation fee and \$1.50 a month for those living in the city, and \$5 initiation fee and \$5.00 a year dues for those living outside of the city, every business man and citizen who has property here and population, should join, for the club is now "doing something" along commercial lines, as 100 letters are being written weekly and 200 circulars, newspapers, etc., describing the wonderful vast virgin resources and golden opportunities of the entire county, are being sent to prospective settlers for the county, urging them to come here, and, as a result, people are coming in daily, and no member can write more than once any male resident of this city or county, and that one only with a view to getting his membership, and any member violating this rule is fined \$1.00 by the By-law.

Strangers, visitors are welcome to the club any time on presenting a card, which can be obtained by any member from President Dwight or Secretary Worrall, anyone under the influence of liquor will be refused admission to the club and no "drinking" is allowed in its rooms, the club feels that their elegant rooms, with all magazines, papers, social games and billiards have been imposed upon and are determined to stop it and the Board asks all members to help them. If club members in good standing have friends visiting, or strangers in the city, or commercial salesmen come to the President or Secretary and get a card of admission, good for two weeks, after that they must pay \$1.50 a month dues, same as members, except visitors, etc., who only stay a day or two at a time, may have an annual card, free of charge but all cards must be signed by the President and Secretary to be recognized. Information can be had from Secretary Worrall, President Dwight, or trustees, F. D. Small, C. S. Barnes, C. W. Miller, Geo. Henderson, C. W. Talmage, Ira Smith, John Groat, also treasurer Fred C. Baker, and vice-president, Chas. Kuzner.

Food For Thought.

To the Editor of the Headlight August the 15th is the time set for seventy children from Portland to visit Tillamook. They are coming uninvited. They are never invited anywhere. They are children who have been deprived of all the privileges of childhood. Hollowed eyed and hungry. They live in a few shabby rooms in Portland, their sole support is a poor worn out mother, who slaves over her wash board, or scrubs every day in the week. She is never able to promise her children anything or ask them what they would like to eat. She, her self, has been deprived of all the pleasures of this life, yet if you talk to one of those brave mother hearts she will tell you that she prays God to give her strength to care for her little ones. On Sunday they can't go to church. They have nothing fit to wear. The street is their playground. These are the children we are planning to bring to Tillamook for a ten days vacation. Will the kind hearted and generous people of Tillamook, turn an opportunity for real charity down? I think not. I have every reason to believe the people of Tillamook County will give the kiddies a time that they will never forget, every man in town a boy; again, every woman, a girl, and our slogan be "just keep on smiling." A playground is being planned, a tent city, and entertainments, and if every body will help we can make this the big-

gest thing Tillamook has ever done. We will send the fresh air kiddies back to Portland knowing that the world is full of good people, and that God is love. By "One who knows."

Schreiber-Schiffman Wedding

A very pretty home wedding was solemnized on the evening of Wednesday, July 8th, at 8 o'clock at the home of Mr. and Mrs. S. Schiffman, Bay City, Oregon, eldest daughter, Hazel Ardella, was united in marriage to Mr. Fred William Schreiber of McMinnville, Oregon, by Rev. D. A. MacKenzie of Tillamook. Both young people were popular O. A. C. students, the groom being a member of last year's graduating class.

Preceding the ceremony Martin A. Schreiber, brother of the groom sang "I Love You Truly." Mendelsohn's wedding march was played by Miss Maud Moon of this city who also played softly during the ceremony.

The rooms were attractively decorated with marguerites and fern. The bride was charming in a gown of ivory crepe de chine and carried white roses. Her veil was arranged in Juliet cap and wreathed with tiny white daisies. She was attended by her sister Miss Esther Schiffman who wore a dress of rose colored silk draped with shadow lace and carried Dorothy Perkins roses. The groom was accompanied by his brother Martin A. Schreiber. Little Miss Delma Schiffman was ring bearer.

After the ceremony a delicious four course supper was served by the Misses Inez Bozorth and Jessie Warren. Beside the members of the immediate families Mr. and Mrs. D. A. Simmons, Mr. and Mrs. J. B. Mather, the Misses Jessie Warren, Inez Bozorth, Edith Watt, Maud Moon and Mr. A. Beebe-liner of this city, Miss Rosina Schreiber of McMinnville, Inez Paul of Tillamook, Miss Helen Horning and Mr. D. C. Howard of Corvallis were present.

The couple will be at home to their friends after July 14 at their country home near McMinnville.

COLD COMFORT.

It Came After the Little Faker Had Got His Punishment.

The enst end small boy had sadly misbehaved and was locked in his room. Pretty soon his mother heard him calling.

"Muvver," said the shrill voice, "I'm goin' to bust the window and fall out!"

The mother made no reply. Again the shrill voice arose:

"Muvver, I've found some matches, an' I'm goin' to set fire to the curtains."

The mother remained indifferent. Once more the voice hailed her:

"Muvver, don't you smell sumfin' burnin'?" Even this drew no response.

"If you don't smell nothin'," the voice went on, "it's 'cause I pulled off all th' match heads an' swallowed 'em, an' I'm goin' to die. Do you hear that, muvver; I'm goin' to die."

By this time the mother was thoroughly incensed, and, hastily preparing a cup of mustard and hot water, she hurried upstairs.

"If you've swallowed match heads," she announced, "you'll have to swallow this to keep them company." And then she poured the nauseating stuff down his throat.

A little later the aggravating youngster, sadder, wiser and much humbled, concluded to take the balance of his punishment in silence.

"I didn't really swallow the matches, muvver," he contritely explained. "I knew you didn't, sonny," replied the mother.—Cleveland Plain Dealer.

Tips For Tennis Players.

One of the faults of the inexperienced doubles player which is most persistent is standing still. This is one of those necessities in doubles that are often overlooked. But no partner can do justice to his team unless he moves after every shot to the center of the angle of the return. In other words, both men must constantly change their positions, moving back and forth toward one side or the other, according to where they have sent the ball. If the net man has volleyed deep into the right hand corner both players move across to the right. The right hand player thereby protects the shot down his own side line, and the left hand player protects the cross court shot down the central diagonal of the court.—Outing.

Lubricant For Aluminium.

Many machinists, especially those employed in the motor engineering industry, are frequently called upon to work in aluminium. To satisfactorily do this work various lubricants have been tried, which, however, owing to their volatility, are of little use. A suitable lubricant is tallow or coal-brier wax. This latter does not dissolve quickly and consequently does not flow as freely as the volatile oils.—American Machinist.

Going On.

A terrible noise of thumping and stamping came from Bob's room early one morning.

"Bobby, Bobby," called his mother from downstairs, "what is going on up there?"

"My shoes," replied Bob.

Love's Paradox.

"Love results in many paradoxical situations," remarked the professor. "What is one?" "To keep the love of another one must return it."—Buffalo Express.

Interpreting the county division law for G. B. Putnam of Bend, Attorney-General Crawford holds that if a county is to be divided into three counties, each of the two new counties must receive 65 per cent of the vote cast in its proposed boundaries, and 35 per cent of the vote cast in the balance of the territory, including the other proposed new county. In other words, the attorney-general holds that when two new counties are being created at the same time out of one county the percentage of the vote that must be obtained is the same for each proposed new county as though only one county was being created.

"We want to everlastingly kill off single tax; that's what this measure is for," declared T. J. Fording, of Portland, when he submitted a copy of a proposed constitutional amendment to the secretary of state. The measure, which Mr. Fording said would be initiated, bears the name of David M. Dunne. It proposes to amend section 1 of article IX of the constitution. The measure provides that no property, to exceed in value the sum of \$300, shall be exempted from taxation, and that this provision, when once adopted, shall never be amended, except by two-thirds vote of all the electors who may participate in any general or special election wherein a change in the system of assessment and taxation is proposed.

Minsker-Owen.

From Cloverdale Courier: At the home of the bride's parents, Mr. and Mrs. W. M. Owen, early yesterday morning, occurred the marriage of their daughter, Ruth, to Geoffrey C. Minsker, of Wheeler. The ceremony took place in the presence of the family and a few invited friends, Rev. F. S. Ford officiating. The bride was becomingly gowned and departed with her husband on the early stage for Tillamook.

Mr. Minsker holds an important position with the Wheeler Lumber Co. and is held in high esteem by his employers. The bride taught school at Wheeler last year, and the good wishes of the people of Cloverdale go with them to their future home at Wheeler.
