

REPUBLICAN LANDSLIDE IS FREELY PREDICTED.

Democratic and Progressive Candidates are Ashamed of their Parties.

Republican candidates seem to be the only ones proud of their party in the present campaign. Dr. Smith, Democratic candidate for Governor, recently sent out several thousand imitation typewritten letters, which he refers to in the letter as "strictly confidential correspondence."

Of course, this must be left to the judgment of the parents. If a child is not in a robust condition, it should not be sent to school at 5 years of age. Not that it will not learn, for the delicate little child will often surprise his parents and teacher by the alertness of his mind, but this is at the expense of his physical development, and does not argue for the child's future good.

The youngster is ready for school when the little machine, its physical make-up is in perfect running order—bearing, eyesight, nerves. This may be at 8 or 9 years, but the intellect will soon catch up when the body is in perfect adjustment.

Editor Promptly Sent Receipt.

The following appeared in the Troy (O.) Record and was printed from an exchange. It is herewith passed along "Refused Notice." Every editor has received them. The postmaster sends them to the editor. For instance, there is a man by the name of John Black who refused to take his paper out of the postoffice. He did not want it any longer, and we wondered what was the matter. Upon investigating our own subscription book we found that John was short \$5.70. He stopped the paper as a matter of economy to us.

Many a mother's heartaches as she sends her child to school for the first time. Although there is something of joy and pride mingled with the ache, yet the ache is there as she sends him out from the shelter of the home to meet with outside influences.

When he and sis part at the door It seems to part it's "never more;" Its first "good-bye," and then "good night;" At last he turns out the dim hall light, And long he stands—and so is Sis,

The thing for the United States to do is to stay out of the war game until all the other nations shall have exhausted their supplies and ammunition, and then to insist upon universal peace.

Attorney General McReynolds is not going to prosecute the food trusts. He evidently believes that the gentle hand of moral suasion will be more potent in reducing prices than the strong arm of the law.

The cost of the necessities of life is not as high in the war zone as it is on the outskirts, and it is not as high on the outskirts as it is in remote localities. War prices are not so much the result of scarcity as of a scare.

Why Make Oregon the Goat?

Why Is OREGON Picked for Alleged Nationwide Prohibition Fight?

Why Have Eastern Millionaires Brought THIS Agitation to THIS Pacific Coast State?

It is not generally known in Oregon that the proposed prohibition amendment to the State Constitution is an issue framed by men who have no personal interest in this state.

Who the real politicians are who comprise this group of men is kept a profound secret from the people of Oregon. Their real motive is likewise kept a secret. All that is made public is that they are philanthropists, who are bent on saving humanity. Millions have been raised to accomplish this philanthropic work of saving a nation, but who these millionaire philanthropists are is not being told to the public.

The question naturally must arise, therefore, in the minds of Oregon voters: Since when have these kind of millions worked for the uplift of real humanity?

Having brought nearly every necessity of human life in this nation under their monopolistic control, not for the good of humanity, but for the satisfaction of their own greed, why are they now so clamorous, so noisy in their demands for nationwide prohibition? Is it not the duty of every voter in Oregon first to "stop," "look," and "listen" for a moment and to ask himself or herself:

Why have these Eastern millionaire philanthropists so suddenly turned their spots? Why so anxious for humanity? Is there a "dollar reason" lurking behind the movement somewhere?

Why do they not come to Oregon with a uniform issue? Why do they frame one issue for Washington to catch votes in that state and another issue in Oregon to catch votes here? Why do they not frame one issue for all states? Why do they not put into the Oregon issue a provision against distribution and giving away of liquor? Why do they only want the manufacture and sale of alcoholic beverages prohibited here in Oregon? Are they truly working for prohibition or even true temperance, or is there a joker somewhere which they are asking the good people of Oregon to swallow in the shape of a constitutional amendment? Why have they included the words "manufacture, sale, giving away and transportation from one point to another" in the California amendment now being agitated in that state? Is it because they know in advance that they will lose that state by at least 200,000 votes and are resorting to political trickery so common with millionaire philanthropists in order that they may delude the people in other states as to what they are "fighting for in California?"

Why do they not bring that same issue to Oregon?

What are these Eastern millionaire philanthropists really trying to do? Are they really worrying about humanity and Oregon or is it some new scheme to control something to make some new kind of dollars that is worrying them?

Why is it they have framed a law for the Washington voters on our North for this fall which provides that a half gallon of alcohol or a dozen bottles of beer may be bought every two weeks by an adult person? This would permit Washington to stay drunk all the time. Why do they claim that that is temperance or prohibition? Why do they not bring one of these three issues to all three Pacific Coast States?

Why are not all sister states made to confront the same issue at the same time? Is it not a national organization, with a national fund of millions, with a national program to do nationwide good, "humanity"? Or, are they really working for nationwide temperance or prohibition, after all? Or is there something covered up by these millionaire Easterners? Is it some new scheme to get the public to help them to make some new kind of dollars?

Why has Oregon been selected as the focusing point for this campaign of Eastern millionaires? Why should it be the one state of all Pacific Coast states to have 5,000 men thrown out of employment, 1,500 to 2,000 more-homes made empty, 1,000 more stores made vacant, a \$6,000,000 hop industry crippled, incomes reduced, realty values depressed, taxes made tremendously higher and business unsettled when the very millionaire philanthropists who have framed the Oregon amendment have not proposed a true temperance issue?

Many right minded men and women of Oregon, not knowing all the foregoing facts and other facts to be published in these columns from issue to issue, have been swayed by the loftiest of motives in supporting the issue brought to them by these Eastern millionaires. They have been made to feel that they were enlisting in a national fight for temperance and in too many cases have been blindly led into the support of a cause which will not only injure true temperance, but make present admitted hard times in this state twice and three times as hard if the proposed statewide prohibition amendment is adopted. Stagnation would have been created, yet any husband, son, brother or father would be able to transport liquor into and through the state and to give it away if the present splendid home rule and local option laws are replaced by a state constitutional amendment and the control of the liquor traffic is turned over to the state police authorities. Even then, would true temperance have been secured at this fatal expense of stagnation?

What are these Eastern millionaire philanthropists really trying to do? Are they really worrying about humanity and Oregon or is it some new scheme to control something to make some new kind of dollars that is worrying them?
