

TILLAMOOK COUNTY FAIR.

Program for the Best and Largest Fair Ever Held in the County.

Everything is progressing in a most satisfactory manner for the Tillamook County Fair, which promises to be the largest and best Fair ever held in the county, and people are coming from all parts of the county to view the exhibits and participate in the amusements.

The Fair Board comprised of J. H. Dunstan, W. G. Tait and L. M. Kramer have worked energetically to make the fair a success, assisted by the following superintendents:

- Supt. Live Stock Department, Dr. J. E. Reedy.
Milk and Cheese, F. W. Christensen.
Poultry, H. Booth.
Vegetables and Fruits, R. Y. Blalock.
Flowers, Mrs. Anna Billings.
Domestic Baking, Mrs. Conover and Mrs. Hill.
Needlework, Crochet, etc., Mrs. H. Crenshaw.
Painting and Photography, Mrs. Lola M. Shrode.
Better Babies Contest, Mrs. Mary F. Dunstan.

The result of the examination in the Better Babies Contest will not be made known until Friday, Sept 18th, when all babies who entered the contest will be on exhibition. At that time the prizes will be awarded.

The judges from the Oregon Agricultural College are: Horticulture, Prof. W. S. Brown; Domestic Science and Art, Miss. Helen Cowgill; Dairy Products, O. G. Simpson; Live Stock, Prof. Graves.

Band Concert afternoon and evening by Tillamook County Boosters' Band.

This program is subject to change at any time.

OFFICIAL COW TEST REPORT.

The Nestuca Cow Testing Association was organized four months ago and a daily test of the cows belonging to members of the association has been made. Those who have become members of the association are enthusiastic in the belief that it furnishes the logical and economical way of finding out the profitable members of their herds, or, better yet, the unprofitable ones.

The following record gives the names and records of the cows in the association which have produced more than 100 pounds of butter-fat or 5,000 pounds of milk during the period of four months, ending August 10th, 1914.

Table with columns: Owner of cow, Name of cow, Breed of cow, Age, When fresh, Pounds fresh milk, Pounds fat, Pounds butterfat.

Are you a member of the co-operative cow testing association? What is more essential to successful dairying than cow testing? Dairymen should know exactly what each member of his dairy herd produces each and every month of the year. They should know the margin of profit every cow earns at the end of the month. Every cow that fails to produce a profit should be eliminated from the herd. Too much trouble you say. Dairying for profit is impossible without the members of the herd earn more than

the cost of maintenance. Then if a dairyman does not know what members of his herd earn him a profit and the cows that fail to do so, it is impossible for him to figure out the herd profit at the end of the month. What utter folly to maintain a chaotic "don't know" system in dairy management! A Babcock tester and a Fairbanks scale would be the most prudent and sensible investment a dairyman could possibly make for betterment in dairy management. Begin right, or if wrong, get right.—Washington Farmer.

Deaths.

C. E. Makinster died on Sunday at his home north of town. He had been in poor health for some time. The deceased came from Washington county and settled here a few years ago, and the remains were taken there on Monday for burial. The deceased leaves a wife and four daughters and four sons to mourn their loss.

(From the Cloverdale Courier) Word was received here Tuesday evening of the death of Mildred, the three year old daughter of Mr. and Mrs. Will Galloway, formerly of Sandlake, but now of Palouse, Wash. The cause being spinal meningitis. This is the second child lost by them with this disease within 18 days, their oldest child a boy, having died Aug. 12. Mr. and Mrs. Galloway have many friends in this county who sympathize with them in their bereavement.

Mrs. Cecilia Gould, wife of H. J. Gould, of Meda, passed away last week Friday after a long series of ailments and the funeral took place on Saturday in the little cemetery at Oretown surrounded by a large gathering of her old friends and neighbors. The Rev. F. S. Ford, of Cloverdale, was present and conducted the services. The flowers were numerous and beautiful. The husband who for many years has been untiring in his ministrations and has the sympathy of the entire community. Mrs. Gould was born August 23, 1871, at Newberg Yamhill County, Ore., and was 43 years of age. She leaves a husband and little daughter, a mother, four brothers and a sister to mourn their loss.

Notice to Needlework Exhibitors.

Those wishing to enter needlework for prize competition will please do so by sending same to Mrs. Crenshaw before noon Tuesday, 15th.

By Order of Committee. Mrs. Geo. Grayson. Mrs. Geo. Willett. Mrs. H. Crenshaw.

Christian Church.

Next Sunday evening is young ladies' night at the Christian Church. Letters containing young mens' idea of characteristics to be coveted by young ladies will be written by Tillamook young men and read publicly at this service.

The pastor will speak on the subject: "An Ideal Young Lady." Special song by mixed quartett. Public cordially invited.

Grangers Pass Resolution.

The first regular meeting of the Tillamook County Pomona Grange, since its organization was held with the Oretown Grange on Tuesday September 3rd. Only one officer was absent and the attendance was very good indeed. Eighteen applicants received the degree of Pomona. The next regular meeting December 3rd, will be held with the White Clover Grange of Nehalem.

The following resolution was adopted: Be it resolved that the Tillamook County Pomona Grange, in session at Oretown on this third day of September, 1914, go on record as opposed to the Eight Hour Law to be voted on at the November election, and be it further resolved that we are also opposed to the \$1500 exemption law to be voted on at the same election.

R. C. Jones, Sec.

Change in Premium List.

In cattle cancel bull under two years and add the following:

- Bull, senior yearling, 1st prize \$5.00, 2nd \$2.50.
Bull, junior yearling, 1st prize \$5.00, 2nd \$2.50.

Prizes will be 1st \$2.00, 2nd \$1.00.

FOR SALE.

Peninsula Acreage. Portland.

I have two hundred acres of land on the Peninsula, below St. Johns, in the future INDUSTRIAL CENTER OF PORTLAND. For the man who can hold this land for a few years there is a fortune. For the present it is non-income bearing and I find it necessary to sell. Adjoining land is held for \$1000.00 per acre. I have placed the extremely low price of \$300.00 per acre on this land to induce immediate sale. Would consider a good income bearing farm of approximately the same value in exchange. My property is clear of incumbrance, as must be any offered in exchange. Could divide into two tracts if desirable, of approximately \$40,000.00 and \$20,000.00 in value. Act quickly if interested.

Owner, 610 Chamber of Commerce Building, Portland, Oregon.

Editorial Snap Shots.

No matter how low the price of Oregon eggs may go, it is reported that the pig tail importers of pig tail eggs will sell the pig tail variety 2 1/2 cents a dozen lower than the home product.

There is something we can't hardly comprehend. Bro. Trombley is riding the Democratic free trade band wagon and holds the first seat on the prohibition water wagon. We are afraid our esteemed Bro. cannot straddle two political horses at the same time.

We think that the county court has done a wise thing in deciding to use oil on the county roads. It is not very expensive, for in Tillamook it will cost about \$100 per mile for what is known as a three ply layer of oil, that is one each on the two sides of the road and an extra layer in the middle.

The government investigating those who are raising the price of food stuffs, but at the same time the government is concocting a scheme to fleece the people out of \$100,000 additional taxation. Wouldn't that jar you? No one need be surprised, however, for it is characteristic of the Democratic party to be in the hole with a deficit.

It beats the band the number of tax liberators, reform leagues, reform associations, taxpayers' organizations etc., that have come into existence the past few months. They are all exceedingly concerned about the poor taxpayers, and, no doubt, they are all anxious that the voters cast their ballots for some hobby or some measure they want to become law. The fact of the matter is, the people have been humbugged too much, in late years by so called reformers and political cranks. Give the people a rest, for instead of decreasing taxes they are continually increasing them.

The Pomona Grange at Oretown has gone on record as opposed to the proposed eight hour and the \$1500 exemption measures to be voted on at the November election. As the Oregon System made it possible to adopt class legislation, why not get at the root of the pernicious system? Only a few years ago, when the snap shot man and others pointed out what a muss the Oregon System would cause they were looked upon as non-progressive and called "standpatters," but what is taking place is only proving what they predicted, with the result that taxation is growing at an alarming rate, and it will do so as long as there are two legislative bodies to grind out laws. The crafty politicians succeeded in getting the farmers to support the Oregon System, and from the looks of things the farmers now realize that they were fooled. But is it too late, the labor organizations and the great body of employees are at the back of the eight hour law, and it looks as though it will become a law by a good majority. Those who stood pat for the System ought to stand pat for the eight hour law, for that and other class legislation measures belongs to the system. Stand Pat, gentlemen, stand pat.

Exposition Opens in February.

Mr. John M. Scott, General Passenger Agent, Portland, advises us that he has been officially announced by Mr. Chas. E. Moore that the Panama Pacific International Exposition will open from February 20 to December 4th 1915, notwithstanding the European crisis.

Mr. Moore is authority for the statement that the Exposition is now ninety per cent complete, and that the European war situation will make very little difference in the matter of exhibits.

THE LIFE CAREER

"Schooling in youth should invariably be directed to prepare a person in the best way for the best permanent occupation for which he is capable."—President C. W. Eliot

Entered as second class mail matter July, 1888, at the postoffice at Tillamook, Ore., under the act of March 3, 1879.

THE TILLAMOOK HEADLIGHT.

Deafness Cannot Be Cured by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitution remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. It is our motto: CURE OR REFUND. Our system of treatment is guaranteed to give you permanent relief, or we will refund your money. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c.

DR. WENDT, Eye Specialist, Fit Glasses at Reasonable Prices Guaranteed.
