

A Saving Plan

Just about the best plan for saving money is to set as a mark a certain sum to save in a certain time.

Then strive with grim determination to reach it. Figure how much of the income must be set aside regularly to do it.

Deposit this money in our Savings Department or on our Certificates of Deposit which we issue any time in any sum from a dollar up.

Then when you have reached your goal you will have won a thousand battles. You will probably set your next mark higher.

Adopt this plan now, and bring in your first deposit.

Frequently when defendant would return home from work defendant would be away from home and in company with other men, and he had to cook his own meals. Defendant also insisted on going to dances, leaving plaintiff home the latter's finance not being able to afford it, and where defendant would associate with and conduct herself in an improper manner with other men.
