### CHEESE ON THE SLUMP.

Democratic Free Trade "Knocks" the Price of Tillamook Cheese.

Tillamook cheese took another drop in price on Wednesday on account of Democratic free trade, and from all reports will continue to drop in price and get down to bedrock. This makes a drop of 1c. per pound in two weeks, with little demand for the home product. Senator Chamberlain is one of the Senators who voted for free trade under the Democratic party whip, and as a result the dairymen of Tillamook have suffered. And Free Trade Chamberlain is asking the citizens to vote for him, and in that manner show that they endorse free trade.

### The Registration.

The registration in Tillamook County which closed last week, amounted to 3,187, made up as follows:

Republicans	2033
Democrats	575
Prohibitionists	236
Socialists	117
Progressives	41
Miscellaneous	185

Total 3187

There is a large gain in the Republican vote since women were given the suffrage, and a small gain in the Democratic ranks. The Prohibition made an increase in their numbers over the registration two years ago, bringing the total number of prohibitionists up to 236 in the county. Notwithstanding that a number of women registered as socialists, that party's registration remains about the same as in previous years, being a little over 100. A few Progressives still cling to the Bull Moose party, but those who affiliated with the mushroom party have returned to the two old parties. There are 185 voters who have registered as non-partisan or independents and, no doubt, a majority of these will vote the Republican ticket.

### Bids Wanted.

Sealed bids will be received by School District No. 9, for the construction of a playground building in accordance with the plans and specifications therefor prepared by U. G. Jackson, Architect, Tillamook, Oregon. Separate bids wanted for carpentry, concrete, sheet metal and plumbing, painting and electrical work. The contractors must furnish approved bond in the amount of the contract. Plans and specifications may be had at the office of the Architect. The school board reserves the right to reject any and all bids.

Bids must be in the hands of the Clerk by Saturday, October 31st, 1914 at 6 p.m.

E. J. Clausen, Clerk.  
 H. T. Botts, Chairman.

"Hawley is a Man of the People," So States Editor of the Lebanon Criterion.

One of the strong reasons why the democrats are so anxious to defeat Congressman Hawley is that the Oregon Congressman is a thorn in the flesh to the democratic majority in lower house of the national congress, and they would do away with him. He is not amiable to the administration and they want to fill his place with a man that will bend the knee when the finger of the congressional trust beckons. Hawley is a man of the people with the courage of his convictions and they want a man who will follow and ask no questions.
