

Advantage of a Checking Account

III. Acquaintance in Bank.

Not the least of the advantages of having a checking account at this bank is the acquaintance which it promotes between the depositor and our officers.

This acquaintance enables our officers to get in touch with the interests of the depositor, and to lend all the co-operation consistent with conservative banking.

Our officers gladly welcome the opportunity to extend the facilities of the bank to new depositors.

On February 7 Jefferson defeated Portland Academy 43 to 12. This will be an interesting and close fought game.

The editor of the Herald was in Salem last week and this may account for this startling news which appeared on Tuesday under the caption of "Nestucca Cows are Tested: Farmers in South part of county take interest in up-to-date methods," appeared a whole raft of paragraphs like this, "Eaton bill for \$20,000 for employment bureaus was killed," "Two story annex will be built to hospital," "Chambermaid sues Crabbell Hotel for \$5,680 personal injuries," etc. As the District Attorney accompanied the editor it is not out of place to ask what was the newspaper man's favorite brand while he was outside.

The West Coast Electric Supply Co. is making a specialty of installing electric light plants with the water available in the neighborhood. A large number of the dairymen can install electric light plants if they will utilize the water power in the vicinity, and it often happens that several can use the same power. The company has installed a plant at Bar View for R. E. Jackson, using water from the water power at that place, which is sufficient to furnish the people of that place with all the lights they have use for, including the summer tourists. There are already ten subscribers to this plant with one mile of polls. Another plant will be started for the Gists, near Cloverdale. There are so many ranches in this county which have a

School Holidays.

As many inquiries have come to the office from teachers of the county as to whether or not Washington's Birthday is a school holiday, we answer through the columns of the Tillamook Headlight that all teachers may know our interpretation of the law on this matter.

In substance the Oregon School laws of 1913, Sec. 234, page 103, reads as follows:

Lincoln's birthday, Washington's birthday, and Columbus Day shall not be school holidays, but a portion of each of said days shall be set apart and be observed in the public schools of the state by appropriate exercises.
