

Death of Mrs. W. B. Powell.

Jane Spencer was born in Iowa, Feb. 17, 1848. She crossed the plains with her parents, Lewis and Elizabeth Spencer, by ox team to Portland in 1862. From Portland they moved to Clark County, Wash. She was married to Willis B. Powell in 1867. Mr. Powell disposed of his farm in Washington and moved with his family to Bellevue, Yamhill County, Oregon, where he purchased a farm in 1883, where they lived until 1901, when they again sold and came to Tillamook County, securing a farm four miles south of Tillamook City, where they resided until about one year ago when they came to this city where she lived at the time of her death, which occurred Wednesday morning, March 17, 1915.

Besides her husband she leaves three daughters to mourn her death: Mrs. W. A. Williams, of this city; Mrs. William Corral, of Portland, and Mrs. Stella Gassen, of Wisconsin.

Mrs. Powell was in apparent good health until about two months ago, when she was taken quite ill from what appeared to be an attack of Jaundice. Her trouble refused to yield to treatment and after consultation of the physicians of Tillamook it was decided that an operation would be necessary. Dr. Rockey was called from Portland and performed the operation. The trouble proved to be from a growth on the pancreas. She survived the operation and seemed to be doing as well as could be expected until last Monday, when she took suddenly worse and the end came the second day following the change.

Mrs. Powell was a devoted wife and a loving mother. She has a large number of friends who will miss her kind words and deeds both at Tillamook and in Yamhill County, where she has lived for the past thirty-four years. She united with the Christian Church at Sheridan, Oregon, about thirty years ago and has been a devoted Christian ever since that time. Funeral services will be held at the Christian Church, Friday at 11 o'clock a.m.

Celebrates 60th Wedding Day.

The Fairview Grange gave Mr. and Mrs. L. S. Maynard a surprise party on Sunday, it being the 60th anniversary of their wedding. About 200 Grangers and friends assembled at the Grange Hall which was decorated for the occasion, and under a bell, Rev. D. L. Shrode re-married the happy couple. This was followed by a big dinner, after which a subscription was taken up and \$50 raised to help pay Mr. and Mrs. Maynard's expenses to the San Francisco Fair, it being the intention of the Grange to make up the difference in the price of the tickets. It was a general good time and the old couple greatly enjoyed the surprise that was given them and the many tokens of congratulations extended to them.

Mr. and Mrs. Maynard have resided in Tillamook County for 30 years the former having taught school in his younger days. Mr. Maynard is 85 years of age and Mrs. Maynard 78 years of age. They have one daughter Mrs. W. Newcombe.

Notice To Contractors.

Scaled bids addressed to the county court of Tillamook County, Oregon, for the construction of additional buildings and fencing at the County Fair grounds, will be received by the County Court at its office in Tillamook City, Oregon, on or before the 8th day of April, 1915 at 10 o'clock a.m. and at that time opened and read.

Each bid shall be accompanied by a certified check made payable to Tillamook County, for an amount equal to 5 per cent of the amount of such bid, which shall be forfeited to the County, in case award is made and the bidder shall fail, neglect or refuse for a period of five days after which the award is made to enter into a contract and file a bond satisfactory to the Court.

Plans and specifications will be ready and on file with the County Clerk, March 20, 1915.

The County Court reserves the right to reject any and all bids. Dated this 18th day of March, 1915.

J. C. Holden, County Clerk.

TREASURE HUNT REVIVED.

Nehalem Beach Beeswax Mystery Accentuated by Discovery at the Root of Ancient Tree.

Nehalem Or., March 13.—The quest for the Neah-Kah-Nie treasure has started again and this summer promises to see two or more industriously digging on the side of the mountain for the hidden wealth. It has been several years since anyone has sought the treasure and for a time it looked as though it had been forgotten.

For two months this winter a party of four men has been quietly at work seeking the treasure and several good sized holes testify to their industry.

Pat Smith, who has already spent nine years gophering the mountainside in quest of the treasure, has the bee again and has applied for permission from Mr. Reed to dig this summer. He has the location of the treasure figured down to 100 square feet and desires the right to excavate that area.

A new mystery was added to the beeswax story connected with the Nehalem Beach by the discovery of a large chunk of the substance under a stump some distance back from the Tavern at Neah-Kah-Nie. While digging out a stump the men removed a root that was more than two feet thick. Under this root the chunk of beeswax was found. From all indications the tree must have been several hundred years old and the wax placed or drifted there when the tree was small.—Oregonian.

High School Notes.

Judge H. H. Belt, circuit judge of Tillamook County, addressed the high school student body and the eighth grade on Monday of this week at the high school. He spoke for just a short time, but said a great deal that was of concrete value. Among other things he said that success of the right kind is to be obtained through hard work, through "perspiration" rather than "inspiration" or genius; that every one has an opportunity once, and that it is essential to be prepared to grasp it. The speech was keenly enjoyed, and a sigh of disappointment arose from the whole audience at its early conclusion.

The next debate of the Webster Club will take place Tuesday evening, March 23, in the high school auditorium. The question for discussion is "Compulsory military service." The last debate was won by Areta Everson and Elizabeth Whitehouse, representing the negative of the "capital punishment abolishment" question. Erwin Schueller and Charles Lamb argued for the affirmative.

Wednesday afternoon Rev. MacKenzie gave us a very pleasant half hour of "Bobbie Burns." He read several of the poet's best known poems and sang the two songs "A Man's a Man for A'That" and "Scots Wa' Hae." This half hour was an unusual treat.

Wednesday morning Rev. MacKenzie told the Junior Eighth class about Robert Burns' life, and read to them in Scotch dialect from the poet's works. Several days before Mr. John Leland Henderson read Poe's "The Bells," and gave a selection from Shakespeare's "Richard III" for the Senior Eighth class. These services are greatly appreciated.

The Civic Biology class is interested in the "Anti-Fly Campaign," and will work in co-operation with the Women's Civic League to rid our little city of flies, and other enemies of sanitation.

L. E. Lange, the lawyer, returned from Tillamook Monday evening where he had been on legal business. The judge looked, as though he had feasted on juicy clams during his absence. Haynes Holmes, who was at Tillamook during Mr. Lange's visit there, reports that the judge appeared to enjoy himself greatly in the coast town.

Dr. H. L. Toney and Haynes, Hol-

mes represented the local Royal Arch chapter at the conclave at Tillamook last week when a large class was initiated in the chapter at Tillamook. Delegates were present from various chapters and the occasion proved a pleasant one. Dr. Toney speaks in highest terms of the hospitality extended by the Tillamook contingent. —News Reporter.

Following the exposure of the alleged spy system among Japanese students of the University of Pennsylvania, Prof. O. R. Sweeney of the department of chemistry named a former Japanese student today who, he said, had frankly admitted he had been instructed by his government to "keep his eyes open" while in this country, and "to pay particular attention to the United States coast defenses."

Chinese students at the University of Pennsylvania yesterday charged that the Japanese were regularly sending home detailed information and maps of military and naval bases.

If intervention in Mexico becomes a necessity it should not be undertaken by the United States alone. More than a year ago the newspapers in a vain effort to rescue the administration from the wholly un-American policy it had adopted in dealing with Mexican affairs, urged the co-operation of other American governments toward some solution of the difficulty. This was some time before matters had been pushed to such a crisis by the hostility of the Washington administration toward Huerta, that the Argentine, Brazilian and Chilean governments felt impelled to offer their good offices as intermediators. Since that offer was made and accepted, although it was without result, the idea of joint intervention has grown. It is possible that Mr. Wilson and Mr. Bryan may be brought to look upon it with a greater degree of favor now than when they were bent upon the elimination of "the individual Huerta".
