Special Sale of Ladies' Suits at \$17.45 and Ladies' Coats at \$8.45 closes Saturday at 10 P.M.

Double Gold Bond Trading Stamps Given with every Cash Purchase on Fridays.

By doing your shopping on Fridays you will secure double the number of Gold Bond Trading Stamps that you would ordinarily receive on purchases made on any other day of the week.

In this connection we would strongly urge that you have your books filled as directed before presenting for redemption.

An Act passed just recently by the Legislature prohibiting the use of trading stamps may come into effect at an early date. We are desirous that none of our customers should suffer disappointment through presenting their stamp Books after the law becomes effective and therefore recommend that all filled books be presented as early as possible.

**CONCRETE ROADS URGED.**  
Grangers Present Petition to County Commissioners.  
Representatives of ten Granges in Multnomah County, and of Pomona the county grange, making 11 in all at a meeting in room H. of the Public Library Friday, adopted recommendations of a sub-committee of six members who recently investigated different types of hard surfaced roads in Washington, that all roads to be paved in Multnomah County under the \$1,250,000 bond issue be paved with concrete.  
Members of the sub-committee were: J. J. Johnson, chairman, who read the report; H. A. Darnell, John

Townsend, H. A. Lewis, R. P. Rasmussen and John Slerit. The report was made to the permanent roads committee of the grange, composed of 33 members, but 75 grangers from Pomona, Evening Star, Russellville, Lents, Pleasant Home, Multnomah, Columbia, Woodlawn, Fairview, Gresham and Rockwood granges attended the meeting and signed the report, after which they marched to the courthouse and presented it to the county commissioners in a body.  
W. S. Hare 2.50  
Amos Vaughn 11.75  
Ike Wells 23.75  
Bob Wilson 11.25  
Geo. McDonald 22.50  
John Cornett 15.00  
Lin Sharp 22.50  
Chas. Wells 55.00  
Oscar Munson 25.00  
(Remainder of bills will be given next week.)

The recommendations follow:  
"We respectfully recommend that each and every road under this bond issue of Multnomah County be paved with a concrete pavement, because of the following facts that we believe to be true:  
1. Concrete is the safest, easiest riding and offers least resistance to traction of any type of pavement available today, and is servicable 365 days in the year.  
2. Concrete properly constructed, has the least maintenance and least ultimate cost of any type of pavement  
3. We further recommend that the County Commissioner employ a capable, experienced and disinterested engineer to have charge of inspection and construction of these proposed concrete roads.  
We further respectfully suggest that this engineer be one who has successfully built concrete roads in other communities. Oregonian.
