

School Notes.

Next Thursday evening, May 27, the Senior class will have Class Night at the High School Auditorium. The class will, class prophecy, and so on, will be given, and there are other very interesting features on the program. There will be no admission fee. The public is heartily invited to this entertainment. This program is probably an unusual feature for our city; but this year's graduating class is a capable class, and wishes to show appreciation for all patronage rendered to the high school.

The commencement exercises will take place Friday evening, May 28, at the Christian Church.

Last Friday evening the faculty of the high school entertained the Senior class at the home of Mr. and Mrs. H. C. Hanson. The evening was filled with delightful surprises, which reached a climax in the stunt "Lochnivar" given by the faculty. The evening was thoroughly enjoyed.

Last Thursday afternoon Rev. Summerlin spoke to the high school student body. There was a great deal of sound advice in what he said, and a great deal of comfort and encouragement, especially for those who will soon enter "life's school."

Tuesday afternoon, Professor Epply, President of the Philomath College, spoke. His theme was "Preparation for your life work." It was very interesting and helpful.

The last of the series of track meets among the grades for the prize cup will be held next Friday afternoon, if the weather permits.

Since this is the last week of regular school work the grades are contesting lively for the Palmer pennant. The sixth grade has won in its class for two successive weeks, and the second grade has done the same thing for the primary department.

Since Thursday morning, yellow slips and souvenir spoons are all the fad among the Seniors. How strange!
