

Christian Church Sanday School, Tillamoo'r, Ore., 318 Present W. V. Baird, Supt.

rock

We began our second year as pas- COURT REJECTS ALL BIDS the Tillamook Christian tor of Church the first Sunday in June. The past year has been one of victory. We have preached 139 sermons in the County and there have been 125 new members received into the Church-this includes only adults and those old enough to respond personally to the invitation. Fourteen have been removed by death and otherwise leaving a net gain in membership of

The average attendance in the Sunday School has been 221 since the first Sunday in October and 186 for the entire year. There were 108 more in Sunday School last Sunday than on the same date last year. Bro. J. V. Baird has brought the

music up to a high standard and all departments of the work are in good condition. The year with this church has been exceedingly pleasant. One could not ask for more loyal and unanimous co-operation than we have received in this field. We have reason to look to the year before us with great anticipation.

H. A. Van Winkle, Pastor.

#### Vote of Condolence.

We, the committee to draft 'resolutions on the death of our beloved sister Dove Olds, submit the following:

We are again reminded that our lives are of short duration and are called to pause a moment in the busy whirl of the Coast Power Co. to construct life and bow our heads in reverent electric lines to Bay City, the same ause a moment in the busy whirl of silence. Her loyalty to her family is a shining example for all to follow.

Therefore, be it resolved, that we the officers and members of Farview Grange extend to her husband and family our heartfelt sympathy in this their sad hour of sorrow. Resolved, that a copy of these reso-

lutions be spread upon the minutes, a copy sent to the family and one to the Headlight and Herald. Fraternally submitted,

Bertie Tinnerstet, Rose Crawford, Maude Johnson.

#### Tillamook Still on Top.

Tillamook took another grip on the pennant Sunday at Nehalem when they put that team to rout, the final count showing Tillamook winner by a score f 2 to 1, or in actual figures 16 to 8 which amounts to practically the same proportion. The game, however, was much better than the score would incicate, both teams playing air tight ball with no hits, runs or errors up to the first of the fifth, when Nehalem bunched hits on Blanchard and filled bunched hits on Blanchard and filled the bases, and when the scorekeeper got the record complete it was 5 to 0 for Nehalem. Tillamook failed to score in their half, but in the sixth score in their half, but in the sixth Alderman started the fireworks by a long drive to right which was dropped Matley, and Nehalem proceeded to ascend to the dizzy heights where they remained while Tillamook hit, ran and remained while Tillamook hit, ran and made errors at pleasure. The batteries were: Stasak, Emery and Atwood for Nehalem and Blanchard and Heitzman F. C. Feldshau. Bay City went to Beaver and regain-ed second place by defeating that team crete, river gravel, \$1.421/2; Asphalic, successful hidder and types of pave-5 to 3: It was a very good exhibition of base ball from start to finish. A ic concrete with gravel, \$1.61; Sheet large number of fans from Bay City Asphalt, gravel-concrete \$1.73. Exompanied the team to Beaver. accompanied the team to Beaver. The games for next Sunday have not p been announced, but there is a possi-bility of a big double header being played in Tillamook, Nehalem vs. Bea-ver at 1:00 p. m. and Tillamook vs. Bay City immediately following. Definite announcement will be made later.

FOR HARDSURFACING.

Uncle Silas Says.

Some one has said that "variety is he s, ice of life," and, in my view rom e perience, it is true, it works ut that way all along the journey of ife, in the home and in business. What is a pleasure to us today may be a bore to us tomorrow; hence peole are constantly secking a change rom existing conditions of life. For istance, friel corn meal mush at breakfast occasionally is something rood, but nobody can relish it 365 iner a year. It is good sport to go ishing occasion ily, but nobody but logic or one who makes his list loafer or one who makes his living "hat way wants to be dabbling in the "ater with a hook and line all the me. So it is with the farm. The sell

diar one bird of stant war after ear, and the fool who can't see or imprehend anything beyond the end of his nose wonders why his soil has gone back on him. He thinks it is worn out, but it isn't—it is only tired of producing one kind of crop and wants a change. He goes blindly to all sorts of expense for fertilizers and till gets no crop worth while. Finally somebody who knows puts him wise on the practice of crop rotation and ae tumbles to the scheme furiously, planting corn where he had only wheat, potatoes where he had corn, wheat where he had potatoes, and so on, and is so puffed up by the result that he quits swearing at the ground, and when he markets his bumper The friends of Mr. and Mrs. L. S. and when he markets his bumper Maynard will be glad to know they arrived safely in San Francisco, June and family, buys an automobile and and family, buys an automobile and lets old Dobbin rest on Sunday while he drives the "Chu-chu!" to church

20,992.55 23,198.03 22,385.48 g a drain-a f M s. Maynard expect to be gone a drain-by their three months. day and from the great increase in the number of silos to be filled this to understand language by accompanying action with words, that is. some action must be associated with stock in case of a dry season of for spring feeding. Dolph Tinnerstet be-gan work Wednesday at W. Max-well's, the first silo to be filled this aside, so we may be able to get up to his head, we say "step over," and at the same time lay our hand on his hip on the side from which it is to move, and increase the weight of the hand to a push, until the colt steps over. Continuous treatment in this way will teach it to understand the meaning of "step over" and obey the word alone. In this sort of trailing we must preserve, with gentle kindness, always giving our commands in the same tone of voice, accompanied with action to illustrate what you want him to do, and he will learn the meaning of your words. Be firm, but never harsh. Some drivers have a habit, and a very silly one it is, of continuously clucking at their team to induce it to go faster, and sometimes when a faster gait is not desired. The horse becomes accostomed to this clucking as readily as they do to the rumbling of the wagon, and pay no attention to either.

> In this age of hatching eggs by machinery the nonsetting variety of chickens is the best. She has her mind too firmly set upon producing eggs for the great omelette-living human race to care about reproducing her-self and loafing about with a brood of little ones. For all she cares the chicken race, foot and crop, may com-mit suicide. She seems to have almost forgotten the delights which her wild ancestors found in hatching out pro-geny. Perhaps she thinks that in this day of incubators an industrious her is only wasting her time setting round on a nest for three weeks. There's nothing in the family raising game for such a biddy, but in eggswell, that is her regular business.

are required to carry on the work quite as well, if not better, and the avoided, what? won't I let you take or or taking care or your best girl out in my car for a chat depends if you'll swear by the great horn spoon that you'll keep your names on the wheel every minute v. lle your running and go at a decen apece and local where you are going, all tote fair and fet you have it say the machine after it has been used every day.
