

LUCK

THE "PRUDENT MAN" DOES NOT TRUST TO LUCK

HE PUTS HIS MONEY IN OUR BANK

The CAREFUL man—the man who takes no long chances—is the one who will win out over the man who goes blindly into things and trusts to "luck." Nothing can stop the success of a man who keeps sober, works hard and regularly BANKS a part of his income from his labor or his business. Is it not better to have your money and keep your balance GROWING—than to trust to DANGEROUS "luck"?

Mr. Wm. G. Tait, president of the First National Bank recently paid a visit to the Panama-Pacific Exposition at San Francisco and is loud in his praise of it. He says that Oregon is well represented and that 20 per cent of the attendance at the exposition visit the Oregon Building. This building attracts a great deal of attention and makes a very convincing impression of the products of Oregon. Another feature that Mr. Tait praises highly is the luncheon served daily in this building by the Domestic Science Class of the Oregon Agricultural College. As their room is rather limited, especially in the kitchen, and the lunch is so good, it is necessary to speak for a seat in advance and get a ticket that will reserve a place for you where can be enjoyed the best prepared and best served meal on the grounds. He was disappointed in not finding any Tillamook cheese at the Fair and in interviewing members of the Oregon Commission found them to be exceedingly anxious for such an exhibit and willing to aid in every way possible to get it there. The Fair, he says, is a splendid one and Oregon has done herself proud in her exhibits, her success being largely due to the able and efficient Oregon Commission. *
