

How much do you save?

THAT'S THE POINT

THE "PRUDENT MAN" PUTS ALL HE CAN SPARE IN THE BANK FOR THAT RAINY DAY.

The NET RESULT of a year's work is what counts. If one man earns \$10,000 a year and spends it all, he does not really make as much as the man who earns \$6,000 and has \$2,000 in our bank at the end of the year.

Put your money in our bank and let it STAY there; this is the one SURE way to get ahead.

Make OUR bank YOUR bank.

We pay 4 per cent interest on Savings Deposit.

Do Your Shopping Early.

Our live and progressive business men have taken considerable advertising space with newsy ads, which have been made attractive by the printer. As the Headlight has a large circulation, going into the homes of most every family in this city and county, this is the best way of reaching the people. Our readers will surely find many attractive and useful Christmas and New Year's presents in these stores, as well as groceries and provisions, which go a long way to make Christmas enjoyable. Do your trading as early as possible, for there are only seven days left. Useful presents appear to be the most popular this Christmas and there are an

abundance of these articles at the stores in this city, as will be seen by the advts. in this issue. Remember when you buy at a local store you buy of reliable business men who are endeavoring to do the square thing by the people. However, complete your shopping as early as possible, and by doing so it does not crowd business into a few days before Christmas. Read the advts. in this paper and then visit the stores.

Let's Get Busy Next Year.

The coming year should be one of activity and progress for Tillamook City, so much so that the city needs a live, wide-awake Commercial Club to look after its interests and that of the entire county. Why wouldn't it be a good idea to re-organize the Commercial Club upon a strictly commercial basis? Anyway, what's the matter with the business men that they don't get together and work together for the city's welfare. The ladies are organized and are doing good work, and the men should do the same.

At the city election a little incident occurred that should not have taken place, viz., the matter of a franchise to the Standard Oil Company. The citizens were somewhat divided, but it might have been different had the question been thrashed out previously.

Let's get started in the new year were present.

Let's get started in the new year right and re-organize the Commercial Club for active work.
