THE TILLAMOOK HEADLIGHT.

Editorial Snap Shots.

The most sensible, practical and economical road booster is the person who boosts for a hard surfaced highway through Tillamook County.

We suppose as usual, a lot of outsiders will attend the budget meeting and tell the dear people of this county what they should and should not

If the City Council will pass an ordinance prohibiting cards in pool years ago when the county was dry.

Lane county has prohibited auto trucks with hard tires to run in that county, because they cut up the roads in winter. Some of our citizens have advocated the same thing in this many of our citizens espoused, which county, but it would be hardly right is responsible for class legislation. to do so, because the south part of the county has no railroad.

We hear some complaint from the north end of the county because the first road district is contributing towards the Sour Grass road. Gentle-men, this road is of inestimable benefit to all parts of the ocunty and the citizens should hold a big celebration when the road is completed next year.

That was a good betting stunt the saloon people put up that the Washington prohibition law would be de-clared invalid. They then turned missions could be done away with, vocated several weeks ago completing round and bet that the law would be decalred valid, and as usual the betting fraternity caught a large number tion in administering the affairs of

It was fortunate that Judge Bagley which saved the cost to the county of feeding several prisoners until the next term of court. They put the law breakers.

the sentiment of the people when it

He is a thrifty farmer who kills his hogs and ship the pork to the city when he finds the animals are getting sick .- Oregonian.

cow meat onto the dairymen as tender young steer. The snap shot man is a little suspicious of meat peddlers, for he has had old cow meat palmed off on him for prime beef.

Here is an illustration of Oregon's a person on road work more than eight hours, but a juryman can be was the case in the city last week, and that is perfectly lawful. It would rooms, it will be a good thing for the not do for the snap shot man to be on bucking on our part. Now we can't see that a man who works on to be protected by legislation than a

head when he said:

'In conclusion I wilf state that accordingly. The county courts are do, and the place to commence tax reform is at the fountain head, and I tion in administering the affairs of premises, and these topheavy comwas holding court last week, when he missions and boards make our taxes disposed of several criminal cases, a burden and retard capital from in-

The Tillamook Headlight suggests county to considerable expense as it that all laws be submitted to the su-was, for it does not take long to eat preme court to be tested as to their up considerable money in presecuting constitutionality before they are finally passed by the legislature. This, we think, would tend to make our The state tax for Tillamook County system of lawmaking more complex. is \$10,000 less. Some good have re- and would confer upon the court a sulted in getting rid of the sensation- sort of legislative power not intended al, extravagant West administration. by the constitution. Still it is along Call out the Oregon National Guard the right lines insofar as it seeks a and lets have a celebration as a re- means of safeguarding legislation. sult of this curtailment in taxation, However, each branch of the assemb-thanks to having a gentleman with ly has a judiciary committee whose business qualifications at the head of the thing that the state government.

The Headlight would have the supreme court do. We believe that if Twenty road districts in Clatsop the legislature were given a little county voted for special road taxes, more time, and that if a few more rewhich ranged from 3.1 mills to 10 striction were placed around the in-mills. This will give some idea as to troduction of bills, the same result would be accomplished in a more satcomes to road improvements: One isfactoary manner. As it now stands district voted for 3.1 mills; 2 for 5 bills are rushed through in the allot-mills; 1 for 5.3 mills; 1 for 6 mills; ted sixty days with such rapidity as I for 7.3 mills; I for 9 mills; and 12 to make legislators and the public

for 10 mills. One district however did alike reel with dizziness, and at the end of the session both have only a very hazy idea of what the legislature

The Banks Herald has taken a to attend the budget meeting and de- wrong view. Suppose, for instance, mand that that part of the county that the judiciary committees of the have more of the road money, because the timber assessment in that our best attorneys, there are attorneys. part of the county is greater than in neys who would question whether ther parts of the county. That is not the laws were constitutional especthe right way to consider the matter, faily if they had a pau case and their The farming community pays, in the chents were ready to put up the moncentral part of the county, exceeding- ey to night the laws on constitutional ly more taxes than elsewnere, and we grounds. We still adhere to our opinhave no hesitancy in saying that ion that all laws should be passed where the population is densest and upon as to whether they are constiravel over the roads heaviest, this is tutional before they become effective, where a large proportion of the road for it is hardly fair to require a littgant to have to go to the trouble and expense of doing so.

The snap shot man was a little dis-

appointed that so small amount of noney was to be used for hardsurfac-This puts us in mind of the dairy- ing, but realizing that so many roads men who sell their old worn out in different parts of the county need cows to the butcher and then howl improvements, we are not going to like blazes at the poor class of meat | complain, for we believe the County that is sold at the meat market, or court is a better judge than we are roast the local butcher because he in this matter. With several untinishwon't buy the old cows that the ed road projects completed the commeat peddlers do, and unload the old ing year, we hope in future to see considerable of the road money to be used for hard surfacing, for it is false economy to keep spending large sums of money on the macadam highway through the county. Had the county ten years ago started hard surfacing it would be money ahead to freak laws. It is unlawful to employ day, but it was not then fully realized that autos and auto trucks would cut such a figure in destroying makept at work all day and all night, as cadam roads. It will not take many years to hardsurface the main thoroughfare if our citizens would use a little patience and quit advocating city and minors. Don't allow the pool a jury that was overworked in that new and expensive road projects in rooms to be run like they were a few manner, for there would be some different parts of the county. Cut it out for a few years and concentrate the our efforts and as much money as road is a more superior class of being possible out of the road fund on hard surfacing. We advocate this because juryman. Thanks, however, to the believe it is to the best interest of boasted Oregon System which so the county and the taxpayers, as well many of our citizens espoused, which as the most economical way of expending a big portion of the road fund for the next tew years. By eliminat-County Judge C. G. Gillette, of ing all new road projects and ex-losephine County, hit the nail on the pending \$100,000 every year on hard surfacing, this would not necissitate an increase in taxation, nor would it about all the county court has to do be necessary to bond the county. As with the making of the budget and we advocated a few weeks since, our fixing the levy is to figure out what plan is to pay as we go in road work. the statute provides and fix the levy It is as plain as the nose on a man's face that we cannot have a lot of exblamed for the high taxes, but they pensive road projects under way and only do what they are compelled to obtain much hard surfacing at the same time without extra taxation, which is not wanted or desired. This as they are expensive, and then give all unfinished road projects next year so as to make it possible to start in with hard surfacing with only one their locality. In other words, the iron in the fire. We offer these few counties have nothing to say in the suggestion to the citizens and suggestion to the citizens and taxpayers as a solution of our road problems, and if this becomes the consensus of opinion of the people, which we know it will, then now is the time to start in and carry out what we have advocated to obtain a hard surfaced highway from Clatsop the Southwest is not missing the op-to Yamhill counties lines, and climi-nate all new road projects from the \$142,000 and Arkansas \$137,000. New nate all new road projects from the budgets until this is accomplished. maintenance charges on macadam provided for the year comes from the more expensive it is going to heard a provided for the year comes from the more expensive it is going to heard. road, for the longer this is put off mational treasury, so that state supply but little more than 50 per cent of the large increase in travel. Our slogan is "swat" those who bob up with new and expensive road projects. So lets get down to actual business and use good horse sense and constituted the final travel. Our fear of foreign invasion is and use good horse sense and constitute the final travel. Three Varieties of Seed to be Given Away by Government.

In connection with the distribution of new and rare field seed authorized in the act making appropriations for the United States Department of Agriculture, the Department has placed at the disposal of Congressman W. C. Hawley a number fo packages of the Sudan grass seed, some Montana-grown altalfa seed, and a few packages of an improved variety of field peas, so that he might distribute them to the farmers of the First Congressional District of Ore-

A considerable portion of this seed s intended for spring planting and Mr. Hawley is requested to submit the names of farmers to receive it at an early date. The Department desires that a farmer experiment with but one variety of the seed at a time, as the supply is limited, and seed rare and expensive, and a wide dis-

tribution may in this way be secured. Congressman Hawley will be glad to have all those who desire to exwill endeavor to secure for them without cost to them one variety of the three varieties placed at his disposal. Seed will be sent by the de-partment, upon Mr. Hawley's sug-gestion, to those with whom suitable arrangements can be made

Millions For Farm Studies. state is encouraged to cooperate with with congress in making appropriations for agricultural improvement work, the allotments to the forty eight states for the fiscal year is \$4, 782,270, an amount that ought to produce substantial results and promote rivalry among the states to get larger shares of this national aid, contingent on the extent to which a state is willing to labor for its own advancement in soil production. The average sum allotted to a state is \$100,000, but the average practically does not apply. What a state does for itself is the main factor in the case. In the present allotment, Texas leads with a share of \$234,000, Iowa coming next with \$229,000, New York third with \$219,000, North Carolina fourth with \$192,000, Indiana fifth with \$182,000 and Georgia sixth with \$166,000. Missiouri does not reach as high a place as it should, its share standing at \$114,000, which is less than that of West Virginia or Mississippi. But Pennsylvania also gets but \$144,000 and Ohio \$117,000, so they, size considered, have been even less alert than Missouri. The Southern States obtain nearly half of the total, and Mexico gets \$36,000, Arizona \$26,000,

is regarded in a majority of the states. with \$149,000, is lower in the list than Georgia, and not much ahead of the \$135,000 of South Carolina. There is all, the flexibility that could be asked in the spending of the money by each state. New York allows half of its allotment for county agents, the rest going into home demonstration, movable schools, boys' clubs, dairying, horticulture, fighting plant diseases, farm management, and pub-

lications. A state that looks over the list and finds itself nearer the bottom can offer nothing better than the excuse that it was not awake to the situation. -Globe Democrat.

It may be recalled that even the original bloodhounds of history didn't catch Eliza. Their record for utility consistent.

To many of our readers the streets of McMinnville are almost as familiar as those of our own town, and we are naturally interested to read of happening there. The following report from a well-known and respected resident will be helpful to numbers of men and women of Tillamook.

Mrs. J. O. Rogers, 603 Grant Street, McMinnville, Ore., says: "I suffered intensely from backaches and headaches. Sometimes the attacks lasted for a week. I couldn't move without having pains in my back and hips. Sometimes when the headaches came on, I had to go to bed. I didn't know the trouble was caused by my kidneys but since I have been so greatly relieved by Doan's Kidney Pills, I know what caused the trouble. They not only regulated the action of my kidneys, but relieved the headaches and backaches. "(Statement given Aug. 28 1907.)

Over five years later, Mrs. Rogers said: "I think as highly of Doan's Kidney Pills now as I did when I the time so appointed. recommended them several years ago Kidney trouble hasn't bothered me

greatly modified by the coviction that within forty-eight hours of the enemy's landing, Yankee ingenuity would have invented a dozen contrap-

tions to demolish the foe. Part of the perennial mirth of America is derived from amateur descriptions of weddings.

Kansas is a state of such high spirits that good crops are almost as much of an inspiration as religion.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS as they cannot reach the seat of the disease. Cacannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure ityou must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and muccous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what procuces such wonderful results in curing Fatarrh. Send for testimonials, free.
