The Bay City basket-ball team was defeated last night by the Tillamook Tigers to the tune of 41 to 10. In a fast preliminary game the high school team defeated the Alumni, 16 to 14. The High School and Alumni will do battle again next Wednesday and with the close score of the game last night a good game is assured.

A stag party was given Wednesday evening by the Presbyterian Church, when about 50 men accepted the invitation. The evening was spent in games and lunch was served, after which a number of talks were made. It is the intention of those who arranged the meeting at the Guild Hall to form an organization or brotherhood at some future date.

A number of the friends of Mr. and Mrs. Crenshaw gave them a surprise Wednesday evening in honor of their 21st wedding anniversary. The evening was most enjoyably spent with music and games during which time the guests presented Mr. and Mrs. Crenshaw with a useful present in honor of their anniversary, after which refreshments were served.

Joe Donaldson informs us that the freshest last week did about \$2,000 damages to the Donaldson farm at Fairview. When the freshest broke over the banks of the Wilson river at that place it carried out the small jetty, covered the place with logs and drift wood, and the sediment is so thick that it is thought it will kill the grass and the place will have to be reseeded.

An unfortunate dispute occurred on Friday night between J. H. Hicks and Wm. Burns over business matters, when it seems Burns attacked and beat him up some. Hicks took the matter up and swore out a complaint against Burns, and Justice Stanley, on motion of District Attorney Goynne bound him over to the grand jury. Burns had a bone broken in his hand during the ruction.

Chas. M. Huggett, wife and four children, accompanied by Alvin Lalonde, left Saginaw, Mich., on October 21st and arrived in Tillamook on Christmas eve, having traveled a distance of 3,400 miles in their auto. They had a camping outfit along and used this for cooking and sleeping. They are at the home of Ray Finch and they expect to locate here. The entire trip cost the party about \$200.

Bro. Hurley of the News-Times, and State Senator Hollis, came over from Forest Grove this week to get a little sunshine—in their souls. Well, they went away perfectly happy; for they obtained it. It does make outsiders feel good when they come to Tillamook. It may be the judge needs a little sunshine, in his soul, but not so with a newspaper man, Bro. Hurley. Come again gentlemen, you will always be given the glad hand.

David Martiny who has secured the agency for the well known Chevrolet Motor Car, received the first car today. This car will be used as a demonstration and it may be seen on the streets or at Pankow's Garage. Those wishing a light car, and one with all the good qualities of a high priced car, will do well to see this one. It is different from the so-called light cars. It has class and durability. This is a car of merit. Do not fail to ride in this car, then you'll feel the difference. They're up to the minute in equipment.

An agreeable surprise occurred last week when it was ascertained that the scow, which was tied at the dock at the Coats Lumber Co's saw mill, had dumped its load into the slough at that place. It seems that the scow had been damaged when something struck it on the side, causing the water to fill it at one end when its load of railroad iron, a logging car, ties etc., slipped off, and at the same time the scow breaking lose from the dock. The scow went down the slough and was found the next day in the bay. Captain Groat with the government dredge, managed to recover most of the cargo, with the exception of the ties and lumber.

State Senator Hollis, of Forest Grove, was in the city Tuesday shaking hands with old friends. J. P. Hurley, editor of the News-Times, accompanied him. This was the first visit Mr. Hurley had made to Tillamook, and was greatly surprised to find such a progressive town. He knew about the reputation of Tillamook cheese, and praised the cheese that adorned the luncheon given at the Commercial Club at Salem during the editorial convention in that city. Mr. Hurley is a pleasant gentleman and progressive newspaper man, turning out a fine newsy weekly and is a booster for Forest Grove and Washington County. There is only one newspaper in Forest Grove, and the business men give it good support and they get a good newspaper on that account. The object of Mr. Hurley's visit to Tillamook was to invite the local editors to a meeting of the Willamette Valley editors at Forest Grove next month. Mr. Hurley was anxious to know what the dairymen were receiving per 100 pounds for their milk and was surprised to find that it was in the neighborhood of \$1.50, while the dairymen in Washington county had some difficulty in getting \$1.00.

### GET TOGETHER MEETING

Delegation Sent to Portland to Attend Development League.

A meeting of a number of prominent business men met on Tuesday evening for the purpose of discussing the advisability of sending a delegate to Portland to attend a meeting of the Oregon Development League, which is called for Friday. Fred C. Baker was elected chairman and G. L. Burge secretary. It was the sense of the meeting that Tillamook should be represented and F. D. Small, F. W. Christensen, E. J. Claussen, Ray Walls and Thad Robison were chosen and will attend the meeting.

A meeting is called for next Wednesday evening, at 7:30 at the Court House, to hear the report of the delegation, to which all who are interested in the development and prosperity of Tillamook county are cordially invited to attend.

The matter of reorganizing the Tillamook Commercial Club was discussed. It was the consensus of opinion that this should be done, but only along business lines.

All of those present signed this pledge. "We, the undersigned hereby pledge our support for the re-organization of the Tillamook Commercial Club along business lines for the promotion and development of the resources of Tillamook County."

The matter of re-organizing the Commercial Club is a good move, especially at the commencement of a new year. Everybody should put their shoulder to the wheel and help boost the city and county, and not leave this entirely to the newspapers. It is to be strictly along business lines, and it is suggested that it have a business manager which is a capital idea. The meeting called for next week should be a get together, pull together, work together gathering, and with that motive in sight a lot of good can be accomplished, for it is not good judgment to be asleep when other towns are wide awake and bringing about good results. So get together, pull together and work together to insure a wide awake city and county next Wednesday at the court house.

Three hundred people saw the pantomime at the Christian Church Christmas eve. It was well given and we are convinced that the Tillamook young people are second to none in talent. McGhee's orchestra of 8 pieces played five selections during the evening.

The Klub expects to entertain their husbands in January. The next meeting will be at the home of Mrs. Reedy and will be the annual election of officers.
