Don't Throw Away
Your Prescription.
By taking it where it may not be accurately filled—where part of the ingredients used may be so old as to have lost their freshness, strength and purity.
Get the full value of your doctor's services by bringing your prescription to us—where you know it will receive all the exact care and honest attention that our pride of reputation—backed by experience, training and the most complete, modern, carefully-selected, thoroughly-tested and well-kept stock of prescription drugs—can possibly give it.
