THE TILLAMOOK HEADLIGHT.

Editorial Snap Shots.

There is no reason why the County Court cannot get busy as soon as possible and advertise for what contract work is to be done on the roads.

The grippe epidemic does not appear to have caught hold of Tillamookers the community. We have a few drones, hold back, do nothing the community the community the community. The views therein expressions in the community the community that t the same as it has done to persons living in other parts of the country That speaks well for climatic conditions in Tillamook.

The price of logs have gone up in Democrats promise to reduce the cost of living.

What a pleasant contrast. The bouquet thrown at the County Court last week put quite a different complexion on the agitation that have been going on for so long in this county it swatted Dougalism good and hard and made that gentleman look ridicu

Going on the theory of the foolish resolution offered and carried at the budget meeting, we move that whenever road work specified in the budget cannot be done for the amount ap propriated, that the money be spent on hard surfacing the main thorough fare south of this city.

An Oregon woman wants a divorce for 35 years. Woman are so impa-Why not give the poor fellow a little time. The new law may help him.—Telephone Register.

35 year jag.

once more, and with the primary election not far distant and the general election in the fall, the political grooming themselves for the fight, as the Oregon System permits most as the Oregon System perhaps to do anybody to run. All they have to do county for hard surfaced roads should circulate a petition. From what we can gather there will be a whole raft of candidates for county offices, espec ially on the Republicar ticket. It is generally conceded that there is go ing to be a Republican landslide that will bury the free trade party, and carry those who are fortunate in obtaining the nominations to victory.

Tillamook County has had too much Dougal-Dougally-Do-Ism, and we are glad to find such a strong sentiment against special interests attempting to arouse strife and division amongst our citizens by a paid agita-tor, as well as considerable resent ment to the many base insinuations and libelous matter that have been circulated to belittle and ruin the reputation of our county officials. Give some persons plenty of rope and they invariably hang themselves. The Dougal-Dougally-do-Agitator has shot his wad in Tillamook, and we move that the hon, gentleman be pro-moted to raise another Coxey army and that he invite the chronic knock ers whom he hob-nobbled with along with him as his personal advisors.

One of our subscribers writes: "It might pay you to bury the hatchet and abuse Teddy less, as some of us old Republicans that heretofore voted that ticket all our lives are Teddy men first, last and all the time, and the more we are abused the harder it will oc for us to vote the G. O. P. ticket, in fact, in order to win, some man that the Progressive wing is willing to indorse will have to be nominated." The snap shot man is mistaken. He and who were glad to get back into the real progressive and prosperity party. We want to inform this subscriber that the Republican party is not a one man party, like the Progressive party, and that is the reason why it has "Come back" and the Rull Moosers have crawled into their Bull Moosers have crawled into their holes and the party become extinct.

Judge Gant nbein, in Portland last week, took a novel method of disposing of a Sunday closing case in that city. He continued the case until the people had been given an opportunity to vote whether the law should stand or be repealed, Multnomah County will not be bothered with the Sunday closing law until November, when the people will decide the question. It is safe to say that the law will be repealed in November, and then it will be up to the State Legislature to against one class of citizens and give much road money is going out for baker and the undertaker as well as to the theaters. We believe it is necessary to have a Sunday closing law, for business men as a whole design that the sunday closing law, for business men as a whole design that the sunday design country and all our efforts and as much money as possible should be used to eliminate this heavy design country for the force law.

ty, the aims and objects of which are to work together for the best inter-pieted. ests and development of Tillamook
County. We think the idea is a good
one, for, by united effort of all parts
of the county, it will be possible to need to be aroused once in a while, editorial. It is as follows: and now is the time to have a genuine

don't amount to anything, anyway.

The Supreme Court in its decision on the mandamus case said: "It appears that the County Court made Portland \$1.00, the price of gasoline keeps taking a jump and rubber tires are rolling upwards. And didn't the and the Tax Liberator issued by faithful, painstaking effort to comand the Tax Liberator, issued by pecial interests and non-residents vill please give our county officials credit for faithfully performing their duty. The Supreme Court commends the county officials in the above brief sentence, and we are pleased that it does, for of late years the disposition of some persons have been falsly accuse county officials. The snap shot man is in a position to know that Tillamook County has been fortunate in having county officials who have honestly performed their duty and endeavored to serve the public faithfully, and for that reason we prefer to trust them and believe them, and not some outsider who is sent into the county to cause trouble and strife, and who generally obnobble with those who are chron ie knockers and of a grouchy dispo because her husband has been drunk sition. True they have made some mistakes, but this is not dishonesty Don't we all make mistakes? snap shot man is not one of those a little time. The new law may help him.—Telephone Register.

We are wondering how much booze and how much money it took for a person, directly he obtains a public position, that he is a crook and a grafter. It is the easiest thing in the world to accuse public officials of Politics appear to be on the tapis down to produce the proof, why, that is generally impossible. For that reason, our citizens should be careful pot will be kept boiling from now on.

Those who aspire to office are now tions, especially by paid agitators. and not believe such false and tions, especially by paid agitators.

> Those who advocate bonding the remember that the law only allows this to the extent of two per cent of the assessed valuation of the property of the county. Two per cent of \$21,117,313 amounts to \$422,446. Interest on this at five per cent would be \$21,122.30 annually. Thus far our concrete roads have cost in the neighborhood of \$14,000 a mile. It is safe to predict that if the county was onded for the full amount, there would be a contention as to where the money should be extended; unless it was agreed that one half be expended in the south part of the county and the other half in the north part of the county. Anyone can see that \$422,446 will not hard surface the entire length of the county which is about sixty miles in length To do this at the present cost of concrete roads, \$840,000 will be required. Where is that amount of noney coming from? One thing that makes concrete roads in this county so costly is lack or suitable rock and sand. We have given this information to enlighten our readers on facts and figures in regard to the cost of hard surfacing. There is some probability of getting the work done for \$10,000 a mile, but this has to be demonstrated first. We do know that last year's work on conservations. last year's work on concrete roads in this county cost in the neighborhood of \$14,000 a mile, and if it can be con-structed in the future for less money so much the better. It would only take six years to do the work at an expenditure of \$100,000 annually if roads can be constructed for

our efforts. The snap shot man from same words. Separate reports will be now on will boost for hard surfaced made for these divisions roads and that every year \$100,000 Complete details with reference to the contest will be mailed the teachpurpose. As to where the hard surfacing should be done, we care very lit-tle about that. Our efforts will be to get as much hard surfacing as possible without increasing taxation, which we think can be done by not starting new road projects for several years. The snap shot man believes this should interest every good road booster and every taxpayer, for every When he lays another roof, structed it means a considerable saypass a law that does not discriminate ing in maintenance charges. Too ecial privileges to the butcher, the maintenance, owing to the increase Has a man some idle earthsire to close up, but it often happens that other business men want to take advantage and open up when other sition, as we did in the Bayocean road!

Should be used to eliminate this heavy drain on the road fund. Probable we shall meet with some opposition, as we did in the Bayocean road!

SPELLING CONTEST.

For Students of Public Schools on February 4th.

For students of public schools on A spelling contest is being arranged for the schools of the county. The first one of a series of four contests

will be given Feb. 4.
The words will be selected from Hick's Champion Speller. The words for first contest wi'l be selected from the following named

sections and lessons. Third grade, Section 1, lessons 1 to inclusive and lessons 86 to 110 in-

Fourth grade, section 2, lessons I 25 inclusive and lessons 86 to 110

Fifth grade, section 3, lessons 1 to 5 inclusive and lessons 86 to 110 in-

25 inclusive and lessons 86 to 110 in

for contest will be selected from Minimum Spelling Requirements for the schools of Oregon." For Feb. 4. the first column on pages 4 to 7 in-

clusive will form basis for contest Contests for two divisions for those not attending school who are under wenty years of age are also planned. First division: Those who have not completed the eighth grade. These will spell the same words as the 8th grade. Those who have completed the cighth grade will be classed in the large examined. econd division. Such contestants will have the same words as the high school. The words for this contest will be in the hands of the teacher and may be procured by those wishing to enter by making application to my teacher in the county. Contest-

Teachers will observe from the above planned convest that it is pre-sumed that all grades of school will be working on lesson 86 in their respective sections. If any are not de ing so, and you decide to enter these contests, it is suggested that lessons 86 to 110 inclusive be made the basis

Pursuant of your appointment, I he county officers of Tillamook ounty, Oregon, from Oct. 1st, 1914 Jan. 1st, 1916, and the following is true statement of the amounts col-cted by said officers, belonging to illamook County and the disposition

County Assessor. The Assessor has collected personproperty taxes, as follows: Company Warren Construction 123.00 which was deposited in the reasury in October, 1915. pril 7, from C. Stouder April 17th, from R. Barker . April 26th, from J. F. Hill une 2nd, 1915 from J. Erickson 12.33

Still in the Assesor's hands. The law requiring these collections y the assessor has him collect acrding to the levy for the previous car. If the levy for the current year xceeds, or does not equal the levy of the preceeding year then these col-ctions have to be amended to correspond to the levy of the current

The County Clerk. The County Clerk has collected ees, fines and scalp bounties, as appears upon his fee books, as follows: Oct., Nov., Dec., 1914 \$783.10 1915, Jan to Nov. 4261.19 1915, Nov., Dec., 733.15

Which has all been deposited in the reasury, the latter item, Jan. 5th, 1916, and this item does not appear upon the Treasurer's statement herewith, as his books were closed before the Clerk could get his deposit com piled. The Clerk has also collected other scalp bounty money which has been deposited in the treasury as Bridges Reads and Highways shown by the treasurer's statement.

For the satisfaction of certain heavy taxpayers I have compiled a statement of the expenditures of the county from Oct. 1st, 1914, to Jan., quested to appear at the nearest school building on the afternoon of Feb. 4, that the contest words may be \$183,220.82, and I make this statement under another cover, it being no part of an accounting contemplated un-

court, with this statement.

The Sheriff. I have examined all the receipts in the Sheriff's office, and have compared them with the tax collecting egister, or tax ledger, and find that the Sheriff collected from Oct. 1914, to Jan, 1st 1916, the following

1,611.03

These taxes were deposited reguamounting to \$177,733.98; Total \$182,837.33.

Fees and Milage. The sheriff has collected fees and milage, as follows:
Oct., Nov., Dec., 1914, \$23.60; 1915, \$77.40; Total, \$101.00. And these amounts have been regularly paid into the treasury.

The Treasury. The Treasurer collected taxes for 1914 to the amount of \$228,532.07. which items were audited last spring or summer. And this money appears on deposit in his books, exactly as collected.

Treasurer's Receipts.
