The Women's Civic Improvement League held a meeting on Saturday when several matters were attended to. The matter of making Tillamook the dahlia city was advocated by the President, Mrs. J. C. Edwards, and Fred C. Baker and Mrs. Billings gave short talks on dahlias.

Owing to the extreme cold weather in Eastern Oregon and Idaho and the poor train service that we have been having lately, it has been very detrimental to us in handling all of the young calves, but we are still taking them all and doing the best we can with them. Call us when you have anything to sell and we will call and get it. We want a lot of hogs at this time as we are going to ship a car in the very near future.—Tillamook Livestock Co. Both Phones.

On Monday evening at the bowling parlors of Frank Fitzpatrick, the bowling enthusiasts of the city met to form plans for a bowling tournament to be held in the near future. W. J. Reichers, Frank Fitzpatrick and Howard Millis were named a committee to arrange the details of the tournament. It was decided by those in attendance at the meeting that the teams would be composed of five men each and in case of absence the absentee's average score would be used, thus eliminating the bad practice of substituting. In this tournament the team winning the greatest number of matched games will be declared the winner, the last tournament being decided on the basis of the greatest number of pins bowled. At least 6 teams will enter the tournament and plans are under way to organize one of professional men only and another of farmers.

The Star Theatre received a week's supply of pictures today coming by way of Willamina.

Dr. J. G. Turner, formerly of Lowe & Turner, the well known eye specialist of Portland, will be in Tillamook again Friday and Saturday, Feb. 25-26, at Jenkins' Jewels Store. Headaches relieved. Cross eyes straightened. No charge for consultation or examination. Satisfaction guaranteed. At Bay City, Feb. 21 st., Cloverdale, Feb. 24th, Beaver Feb. 23rd.

Last Saturday the Wheeler light plant went out of order, the generator burning out, and the city asked the aid of the Coast Power Co. to assist them before Saturday evening. C. J. Edwards ordered one of the excitors removed from the local plant and this outfit weighing about 700 pounds was loaded on an Overland car and accompanied by five men. Mr. Edwards drove to within a few miles of Wheeler. Many streams were overflowing their banks and several temporary bridges had to be constructed. Six men carried the equipment over half a mile where it was loaded on a Ford car and together with the men was hauled to Wheeler. By dark the damage had been fixed and the lights turned on by evening.

Mr. and Mrs. Wm. Hill entertained about twenty-four of their friends last Tuesday night, progressive rork being the game for the evening. Mrs. Hill had planned the decorations characteristic of St. Valentine's, and many a broken heart was mended that evening. Music was another feature which always is pleasing, especially when listening to Mr. Koch's well rendered violin solos. The luncheon was one of those made famous by our Tillamook ladies and was enjoyed by all. Those present were: Mr. and Mrs. Koch, Mr. and Mrs. Haberlach, Mr. and Mrs. Burge, Mr. and Mrs. Bales, Mr. and Mrs. Ammer, Mr. and Mrs. Olson, Mr. and Mrs. Harris, Mr. and Mrs. Campbell, Mr. and Mrs. Poorman, Mr. and Mrs. Williams, Mrs. Thad Robison, Miss Marie Tinnerstet and Fred Christensen.

United States Agriculturalist R. C. Jones assisted by county agriculturist K. C. Jones is making a survey of 100 typical Tillamook County farms with the purpose of securing dependable data for government reports. Although the two agriculturists have only been working a week 46 farms have been covered and some remarkable facts ascertained. Some of the farms are in a high state of prosperity. The Oregon Agricultural College is cooperating with the U. S. department of Agriculture in this survey which will be of great benefit to the farmers of the state. In Lane county which was surveyed lately it was found that the average farm was losing \$37 per year. At the close of the survey of this county a summary will be made and given to the farmers of the county as an aid in their work. These men are experts and the information obtained will be valuable.

### Frank A. Rowe for Representative.

Frank A. Rowe, of Wheeler, was in the city on Wednesday, and he informed us that there is some probability of the Wheeler Lumber Co.'s sawmill starting up soon, which will be good news when it does. He also informed us that quite a number of persons were wanting him to run for Joint Representative on the Republican ticket. After interviewing quite a number of our leading citizens, who promised him their support, he decided to announce himself as a candidate. Mr. Rowe is a live wire and one of the best boosters in the county. If he succeeds in being elected, there is no doubt but what he will make a good representative and will diligently look after the interests of the people of Tillamook County, and will make a good legislator, for he is full of energy, using good business judgment. One thing can be relied upon, if there is anything coming to Tillamook county Mr. Rowe will get it. His business relations and connections make him a good candidate for the position, and we are pleased that he has consented to run.

### Holstein Cattle for Sale.

The Helstein-Friesian breed of cattle with few exceptions, have held the World-Records in the production of milk and butter-fat for the past twenty years. The last three world-Records were made by the Holstein breed in the following order, namely: Funderne Holigen Fayne produced in one year 24,612.8 pounds of milk, and 1,116.50 pounds of butter-fat. Funderne Pride Johanna Rnd produced in one year 28,403.7 pounds of milk and 1,176.47 pounds of butter fat. Duchess Skylark Ormsby finished her year a few weeks ago with 27,761.7 pounds of milk, and 1,205 pounds of butter fat to her credit.

Recognizing the superiority of this breed of cattle, I have purchased and have for sale on my farm on the Miami River, several choice pure-bred, registered Holstein-Friesian cows, heifers, and bull calves, also some choice grades, all tubercular tested.

If you have a scrub bull at the head of your herd, relying upon his get being producers because his dam, of no particular breeding, was the best cow you ever owned, you are taking desperate chances, as the science of

### Basket Ball.

In two fast and exciting games the local high school girls' and boys' basketball teams defeated two teams representing Garibaldi. The local girls' team composed of Lola DeLillies, Zylphia Switzer, Irma Sumerlin, Fay Hill, Agnes Coates and Athyle Sumerlin played a splendid game and clearly outplayed the visiting girls by scoring a 12 to 6 victory. The boys' game was the roughest and fastest game that has been played on the local floor. Both teams were fairly evenly matched and the local boys had to fight hard for victory. The first half ended with a score of 11 to 5 in favor of the school boys but the visitors came back strong in the second half and almost evened the score in brilliant play. The final score registering 10 to 18 for the high school. The school lineup was Ray Erickson and Crockatt forwards, Lucas center, Jot Erickson and Boquist guards substituting men were Edwards and Crimmins.
