

**Christian Church.**  
 There were more than 200 in Sunday School last Lord's Day and every one took hold in earnest. Our school has increased every Sunday for two months. We expect to go on to still greater things not only in the Sunday School but also in our church services which have been attended by extraordinary crowds the last two Sundays. The special music furnished by Chester McGhee and Mrs. Myers, and the solo by Harold Humbert were well worth every ones time. Hear them again next Sunday.  
 Next Sunday morning: Chorus singing, communion service, vocal solo by Mr. Humbert and sermon subject, "The Seven Helpers."  
 Next Sunday evening: Chorus singing, orchestra music, male quartette (by special request) and vocal solo. Sermon subject: "The lost coin, the lost sheep and the lost boy." Public invited.

**Editorial Hoard's Dairyman, Febrl.**  
 The day is past when any progressive dairyman is keeping a sire merely that his herd will continue to give milk. The sire is the logical beginning and source of herd improvement and for that reason we cannot afford to have a poor one.  
 With a good registered sire and high grade heifers of the same breed, a man can reasonably expect to improve his herd, but with a grade or scrub sire such improvement is impossible because there is no source from which better qualities may be brought in.  
 Take the advice of Hoard's Dairyman, the greatest authority on dairying in the United States, and discard that scrub bull. Lay the foundation for a herd of cows that will increase your profits fifty per cent by purchasing one of those pure bred, registered, Holstein bulls from F. R. Beals, Tabulated pedigree and certificate of health with each animal.

**Mrs. Parkhurst.**  
 Mrs. Parkhurst again has satisfied the careful guardians of our national purity who watch at the sea gates and scan the suspected alien that our impeccability will not be measurably distressed or injured by her temporary presence within the confines of these shrinking and apprehensive states. Thus twice in about two years our immigration officials have decided that the British suffragist leader is not, after all, a complete exposition of moral turpitude, that she will not burn the White house or corrupt our youth, and that she may enter and stay a while. If time enough be given in each case it will be found that our official processes are wonderfully intelligent—but don't crowd the gentlemen. Give them air and time.

**WHY PRINCE ALBERT WINS.**  
 Patented Process is Responsible for its International Popularity.  
 Smokers so much appreciate the flavor and coolness and aroma of Prince Albert pipe and cigarette tobacco that they often marvel that this one brand could be so different from all others.  
 The answer to this question is to be found on the reverse side of every Prince Albert package where you will read: "Process Patented July 30th, 1907." That tells the whole story. Prince Albert is made by a patented process that cuts out the bite and parch, which makes the tobacco so mighty agreeable and satisfying to men of every taste of every civilized nation on the globe.

Smokers should realize that this patented process cost three years' continuous work and study and a fortune in money to perfect. But the result has proven to be worth all that was expended upon it, because it has set free men who believed they could never enjoy a pipe or a makin's cigarette.  
 Prince Albert makes it possible for every man to smoke a pipe or to roll his own cigarette. And, no matter how tender the tongue, Prince Albert cannot bite or parch. That is cut out by the patented process, leaving for the smoker only the joys of the fragrant tobacco.  
 It is a fact that since Prince Albert "arrived," just about six years ago, it has made three men smoke pipes where one smoked a pipe before!

**The New Wooltex Suits are priced from \$25 up. The New Wooltex Coats are priced from \$15 up.**

**Opening of the Spring Season in the Millinery Dept.**

**Saturday, February 26th**  
 It is with great pleasure we announce the Opening of our Millinery Dept. for the coming season on Saturday, February 26th with Miss Mabel Pratt in charge.

For 12 years Miss Pratt was with Bradshaw Bros., the largest wholesale Milliners in the country, and for many years filled important positions in the large cities of the East.

Miss Pratt is perfectly conversant with the prevailing styles, having spent some considerable time preparing for her season here in Tillamook.  
 We cordially invite you to step up on the Balcony to view the models representing the season's latest and most up-to-date features. You will not be importuned to buy and any help and advice you may desire in Millinery matters will be gladly given.

**Jack and Jill Cloth 18c. Per Yard.**  
 THE popularity of this Cloth last summer encouraged us to increase our purchases for this season's trade. Jack and Jill Cloths come 27 inches in width and are shown in Checks, stripes and self colors.

**Juveniles' Rah! Rah!! Hats. 39c. and 75c.**  
 SMART and up-to-date Hats for the little men in such fashionable styles as Black and White Checks, Fancy Plaids, Scotch Mixtures in various colors, etc. Bring the boys along—and see their eyes dance when they see them.
