Funeral of Henry Zurflueh.

The funeral services of Henry Zurflueh, who died Wednesday afternoon of last week was held at the German Reformed Cong. Church on Sunday, conducted by Rev. Paul Ebinger. The large funeral showed how much the deceased was loved and honored by his many friends and relatives.

Henry Zurflueh was born on October 23rd 1864, near Meiringen, Switzerland. He came to the United States in 1889. After being in Portland for several years, he settled in Tillamook. In 1911 he married Miss Lucy Weiss, of LaCrosse, Wis. He was blessed with a happy married life which ended only too soon. Pneumatism and kidney diseases weakened his strength the last three years more and more. In February, 1916, he was obliged to give up his work, all medical treatments were of no avail. He felt that his time had come. After a few weeks of severe but painless sickness, he had to bid good-bye to his dear family and friends. He died, trusting in God for his and his family's future.
His age was 51 years, 5 months and 20 days.
The mourners are his wife and a 3 year old child, a sister and brother and other relatives.

Easter at the Presbyterian Church.

The choir under the direction of E. J. Claussen as chorister and Mrs. E. E. Koch as pianist, has prepared the following selections of music which will be distributed in the services morning and evening next Sunday: Anthems, "Triumphantly Sing," Wilson; "The Lord is Risen Indeed," Adams; "Hozanna in the Highest," Creswell; "Sing to the Lord a Glorious Song" Petrie.

Duet, Mrs. Poorman and Mr. Zumstein, "A Vision of Angels" from cantata "The Resurrection Hope" by Adams.

Violin solo, Mr. E. E. Koch.

The subject of the morning sermon at 11 will be "The Resurrection of Jesus; the Dawning of a New Day." In this service new members will be received into full communion and parents will present their children for the sacrament of baptism. The evening service beginning promptly at 7:45 will be largely the presentation of the Easter message of hope and victory in music, song and story, with a short sermon on the great theme of the day. All people with a grain of grace in their hearts will want to attend religious services somewhere on Easter; all who are at liberty to do so are most cordially invited to come as individuals and families to these services, and enjoy and profit by their uplift.

Card of Thanks.

We wish to sincerely thank those who lightened our grief by their help and sympathy in the sad death of Del Winters.
Wife, Children and other relatives.

We wish to express our sincere thanks to the many kind neighbors and friends who showed so much kindness and sympathy in our hour of bereavement in the death of our beloved husband and relative.
Mrs. Henry Zurflueh and relatives.

A "BRAIN STORM" IN THE RECORDER'S COURT.

Attorney Marx Makes Some Glaring Remarks While Trying a Case.

Marshal Myers arrested C. J. Paterson for speeding last Saturday night. Paterson had been taking considerable interest in the Reedy case, and ridiculing the marshal over that, boasting that they could not convict him, and that if they did, he Paterson would fight the case through all of the courts. Saturday evening, about 7:00 o'clock, after he had seen the marshal at the Ramsey, thinking the coast was clear, Paterson, who was driving the Oliver auto let his machine out on Third Street. While the marshal did not see the speeding he was not far behind, and found a number of witnesses whose attention was attracted by the speed at which the car was being driven.

The marshal immediately swore out a warrant for Paterson, who put up \$500 bail until Monday. On Monday the case was set for hearing at 5:00 o'clock. Paterson was represented by Attorney Marx. Testimony was taken the witnesses for the city being the Marshal, Don Newman, Edgar Munson and G. W. Kiger. Newman and Munson testified that the car was being driven very rapidly, and in their opinion at a rate of 25 or 30 miles an hour. Mr. Kiger would not express an opinion as to the rate of speed, except he thought that it would exceed 12 miles an hour. Paterson, and a witness for him who was in the car, admitted that the car was being driven somewhere between 12 and 15 miles an hour, but did not think they were going more than 15 miles.

The city waived the opening argument, Attorney Marx in arguing the matter to the recorder took occasion to insult and abuse, not only the Marshal, but the City Recorder, Mayor and Council and witnesses for the city as well. Because Mr. Kiger had not been willing to give any opinion as to the rate of speed of the car, Mr. Marx stated that he was the only honest witness who had been on the stand. That the others, including Newman and Munson and W. J. Hill, who had testified as to some remarks that Paterson had made in the barber shop, were all liars and not to be believed. He seemed to be very much peeved at the prosecution of his client, and not being able to overcome his client's admissions as to the car being driven at more than 12 miles per hour, took his spleen out in denouncing the witnesses as we have related.

He also took occasion to take a fling at the city attorney when he was absent from the room, sneeringly referring to Tillamook City as "Bottsville, sometimes referred to as Tillamook."

A considerable number were present at the trial Tuesday and at the argument which was had on Tuesday morning. Those who heard the argument of Mr. Marx were very much disgusted with the attack which he made on the witnesses, who are among our most reputable citizens, but it is evident that no hit was made by Mr. Marx with anyone, by the line of argument which he put up. The city recorder was not impressed by the argument and he promptly decided that the evidence showed no question of the defendant's guilt, and he ordered a fine against him of \$25.00, with costs amounting to \$5.10. Paterson paid his fine immediately.

Tillamook County Principal's Club Meets.

Prof. Wyman and his able corps of teachers arranged a splendid program at Bay City on Saturday for the Tillamook County Principal's Club. The whole district united and had what may be termed a rally day. The School Board, patrons and pupils attending. The school rooms were decorated for the occasion. School work and industrial work of the school and the homes were displayed. The good quality and quantity of these exhibits were a complete surprise to the visitors of the meeting. What was also a very happy surprise was the luncheon which was served by the patrons and teachers to all who attended. This, however, may not have been a surprise to all for it was said of Prof. English that he had not had breakfast that morning and that Prof. Brimhall would eat no supper.

The relay race between the students of the Bay City high school and those of the Tillamook High School was the first number and created considerable excitement especially among the students. The contest was decided in favor of the Bay City team.

Dr. DeBusk discussed some of the most trying problems of the teacher; how to deal with pupils who are unable to keep up with their classes or work; effect of malnutrition, defective teeth, eye sight, hearing etc. He told how symptoms of that might be noted and some of the things that teachers might do to help remedy them.

The address of Dr. DeBusk was interesting and instructive. We are sure that the fathers and mothers who were in attendance feel well paid for their time. The teachers of the county who were not in attendance missed a rare treat from not hearing the address nor the remarks of Rev. Youel, Professors English, Onthank, Boyd and Humbert, Geo. Lamb and others, for they all discussed subjects particularly interesting and important to teachers.

A local institute will be held at Beaver on the 20th and one at Nehalem May 6th. Teachers, pupils and parents are requested to attend these meetings.

Typewriter Department Wants Work

Some of the advanced pupils of the typewriting class are in a position to do outside work in copying or addressing of envelopes. This can be done in connection with the school work. The proceeds will be used for the department. Anyone having material for such work, may have this done by communicating with Miss McElvaine or Mr. Onthank.

Clean-Up Week.

Next week will be clean-up week in Tillamook City, this being the date Mayor Brodhead designated for that purpose. This will give everybody an opportunity to clean up their back yards and premises, as well as show their civic pride in giving the city a spring clean up. The Women's Civic Improvement League is taking a lively interest in the matter and it behooves every citizen to do likewise. There will be a larger number of visitors this summer to Tillamook than in any previous year, and there is no reason why Tillamook City cannot look as clean and beautiful with flowers as other live and wide-awake towns. Everyone who has parkings in front of their homes should get busy and do their part to help beautify the city.

Christian Church.

Five hundred in attendance, is a big undertaking in a town the size of Tillamook for a Sunday School, but that is our aim for next Sunday, which we will attempt to make the greatest day in the history of this church. An Easter program will be given by the school, which will not be too long but full of interest. We invite all who do not attend elsewhere to come and help us boost. Remember the hour at 10 a.m. The Easter church service will be held in the evening. Mr. Boyd, the entertainer, and Harold Humbert the singer, will have charge of the program the first 30 minutes. Mr. Boyd will give two readings.

"The Broken Seal" is the subject for the Easter sermon. "He did not die in vain," will be the solo for the evening.

Freshmen Boys Lose.

The Freshmen boys lost in the relay race from Tillamook to Bay City by a narrow margin. At the end of the third relay no runner had been posted so Jeff O'Donnell had to run more than his mile and Leslie Conover, who took his place until Klinehan could be put in, had to run his mile in addition to running a part of this mile. The freshmen team was composed of the following boys, Trevor Hare, Roy Hewitt, Roy Klinehan, Bob Myers, Don Hare, Jeff O'Donnell and Leslie Conover. Another race will run the opposite direction on Saturday May 13, 1916.

Easter Services at M. E. Church.

- 1 Song by the Sunday School. Christ Arose. (No. 234).
- 2 The Easter Message. John 20. Mr. Sanders.

- 24 Easter Talk. Mr. C. J. Edwards.

The "Whys" Have it.

A northern Iowa editor, evidently laboring under great stress of thought from his first sight of the new spring millinery creations, went into his den and penned the following:

"If a man went down town with his head doped up in a three cornered dingus with kinks and curcles and a cat's tail and chicken's head pinned on one side, and a young whisk broom and a bunch of spring onions on the other side, and two stripes of red flannel hanging down in the rear, he would be arrested and slammed in the woody hatch. But a woman can do it and get away with it. Why?"

In reply a brother from the southern part of the state, down near the Missouri boundary, come back at him with the following bit of rhetoric which he evidently gathers from the "Sights of the Town" as he sees them:

"Well, we don't know. If a woman went down town with a big wad of tobacco in her mouth, stood around on the corner and squirted the juice all over everything, swore every other breath, used foul language and swaggered around, and often got drunk she would soon be arrested. But a man can do it and get away with it. Why?"

Marketing by Parcel Post and Express.

During the past few years a considerable public sentiment has developed in favor of the promotion of direct, or more nearly direct, dealings between producer and consumer, with special reference to food products. While it is probable that the existing means and methods of distribution never will be entirely displaced, there undoubtedly is a field with which direct dealing may become effective, with no other intermediate agency than the transportation companies or the United States mail, in the shape of freight (rail or water), express or

parcel post.

As a result of this demand for direct marketing, especially by parcel post, the office of Markets and Rural Organization, Department of Agriculture has carried on extensive experiments in this method of selling various farm products. Many successful experimental shipments have been made with eggs, butter and lettuce, and on a less extensive scale shipments of strawberries, cherries, blackberries, gooseberries, grapes, cauliflower and tomatoes have been tried.

One of the difficulties encountered in the practical application of marketing by parcel post is the matter of contact between producer and consumer. A producer in the country may be ready to do business by parcel post, but does not know of a person in the city who wants his produce whatever it may be; and the consumer in the city who desires to buy direct from the producer by parcel post is similarly handicapped by not knowing where to find the farmer or producer who has the produce he wants. Attempts are being made to find satisfactory methods whereby growers and consumers may come into contact with each other.

There are only two reasons why the consumer should undertake the additional trouble in securing produce by mail. These are economy in cost and greater freshness of product. The difference between the country and city price must be shared fairly between the producer and the buyer, and all transactions must be made with scrupulous honesty, for otherwise there is little prospect of making a success of parcel post marketing and the benefits which should accrue to both the farmer and his customer will be lost entirely.

CALF HIDES WANTED.

FOR A SHORT TIME GRANT THAYER WILL PAY 17 CENTS FOR CALF HIDES.

There seems to be a great deal of excitement at Washington just now over the government's apparent indifference to the general destruction of American life in foreign countries. Why a government that went to the unnecessary and enervating inconvenience of sitting through the longest term ever performed by a Congress to force a free trade legislative enactment killing American industries should be expected to be interested in the security of its citizens, we do not begin to understand.

The attorney general has decided that the election law amendment requiring numbering for ballots means just what it says and the ballots of the coming primary will be numbered. Just what good the numbering will do is not clear, but the author of the amendment probably thought it sounded good and no one took the trouble to look into it. Under the old law the election clerk numbered the ballot with pen and ink as it was given out, and it was numbered as thoroughly as it will be with the printer's numbering machine. The only difference is that the new plan adds to election expense just as about all the legislation of the past few years has increased expense without apparent benefit. Its true increase cost will be comparatively small, but in the aggregate these small increases forced upon the counties by state enactment amount to a big sum and are responsible for the big taxes of which people now complain.

Suffered Great Pain!

Letter Tells of Long Looked-for Prescription.

Dear Mr. Editor—I am making a personal appeal to your readers who are bothered with kidney and bladder trouble and rheumatism, to give up the use of harsh salts, or alcoholic kidney medicines and in their place take a short treatment of "Anurie" and be convinced of its wonderful virtues as I was. I suffered great pain, had a great deal of irritation, water became foul. I tried everything advised but with no results. I sent for a box of "Anurie Tablets" and soon discovered that they brought relief. I have used them since, and now the water is natural, my health good, and appetite splendid. Some of the doctors pronounced my trouble enlarged prostate. Now I have no more trouble and I most assuredly feel that this latest discovery of Dr. Pierce's is the best remedy for bladder and kidney troubles that I know of. If I can induce anyone to give it a trial, I feel that he will thank me for calling attention to this great boon that relieves this seemingly worst of all troubles that human flesh can fall heir to.
(Signed) H. H. FLEISHER.

NOTE: Up to this time, "Anurie" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach, or send 10 cents for large trial package. Simply ask for Doctor Pierce's Anurie Tablets. There can be no imitation. Every package of "Anurie" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous friend to ailing women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and reconstructer for any one. At any rate don't give up hope of being cured of your malady until you've a few doses of "Anurie" have proven that it will make you feel like a different person.
EDITOR—Please insert this letter in some conspicuous place in your paper.
