

DR. H. M. MASSEY
is a College Graduate in Dentistry, registered in Oregon, and has had several years experience, and has come to Tillamook County to make it his future home.

WISE and MASSEY, DENTISTS, and owners of Bar View Tent City.

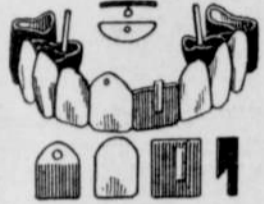

DR. W. A. WISE
is the same Dr. Wise who practiced dentistry in Tillamook County a few years ago, and will be pleased to again wait on those who desire his professional service.

We have Dental Offices in Tillamook, Bay City, Bar View and Cloverdale, and are equipped to do all kinds of Dental Work as good as it can be done anywhere.

What we Cannot Guarantee, We Do Not Do.

Dr. Massey guarantees all his work and can be consulted at any time. Call us by Telephone.

Dr. Wise has had thirty years experience in plate work and guarantees what he says.

OUR BRIDGE WORK has been brought to the highest state of perfection. The teeth on this bridge are interchangeable at will without removing from the mouth.

FREE PAINLESS EXTRACTING

When Plates or Bridge Work is Ordered.

PLATES WITH FLEXIBLE SUCTION—The very best and latest in modern dentistry. No more falling plates. If you are having plate trouble get Dr. Wise's advice as to what should be done and the cost of doing it FREE. We can extract your teeth absolutely without pain—free where plate or bridge work is ordered.

SCHOOL NOTES.

Tillamook Schools Win in County Spelling Contests.

Out of seven classes in which contests were held Saturday for the county spelling championship, the Tillamook schools won three, and tied for first place in two others, in other words, five out of seven first places were won. This is especially gratifying to the teachers because it shows that the Tillamook schools measure up to others in fundamental subjects, despite the fact that much time is spent on special subjects such as Music, Manual Training and Sewing which is used for the regular subjects in other districts of the county. The Tillamook pupils winning championship are as follows: Edith Chaphe, third grade; Arden Pangborn, fourth grade; Marge DeFord, fifth grade; Doris Sumerlin tie for eighth grade and Ina Williams, tied with Velma West, of Bay City for the championship in the high school. The judges in the last two contests pronounce the hardest words in the book in a vain attempt to spell down the contestants. They finally gave it up and decided to call it a tie and divide the prize between those remaining in the contest.

Local Institute Held.

While the county spelling contest was in progress a local institute was held at the high school at which the teachers of the districts around Tillamook were present. Among those appearing on the program Mrs. W. W. Wiley, Mr. G. B. Lamb and Mr. K. W. Onthank, Prin., P. H. Wyman, of Bay City, Miss Lucia Macklin, Mr. G. F. Sanders, Mr. Harold Humbert and Mr. D. E. Reed, of Tillamook High School. The program was conducted by Supt. Onthank.

Parent Teachers Assn. Elects.

The Tillamook Parent Teachers Association held the last meeting of the year Monday night. The reports of officers were received and business transacted. Miss Lucia Macklin gave a talk on local birds, using specimens loaned to the high school. Music from the Victrola purchased by the association was employed. Officers were elected as follows: President, Mrs. F. B. Stranahan; Vice President, Mrs. E. C. Everson; Secretary Miss Beatrice Chaney and Treasurer, Mr. G. F. Sanders. A resolution was passed instructing Supt. Buel and Mr. Onthank to inform the board of education that it was the sentiment of the association that a school lunch should be established at which hot luncheons could be furnished at cost in connection with the Domestic Science Department, to those coming to school from a distance.

School Plans Commencement.

Commencement plans are well under way. The Seniors are arranging a class night program for Thursday night, May 25. They have complete charge of the program which will be comprised largely of music and entertaining features. Friday, May 26th, the regular commencement ceremony will be held at the Christian Church. Dean D. W. Morton, of the school of commerce will be commencement speaker. Clifton Martin and Ernest Crockett, Salutatorian and Valedictorian respectively of the class will speak on this evening. Music will be provided by the High School class and others. The Baccalaureate service will be held at the Christian Church Sunday, May 21st. Rev. Gittins, of the Methodist Church is to deliver the Baccalaureate sermon. The patrons and congregation of all churches are invited to be present. Music is to be provided by a Union choir and High School Music Class.

Attorney Starr, of Portland visited the High School Monday afternoon and spoke at assembly on the qualities of a "good sport." His remarks were very well received. It is hoped that he will come again.

The high school students are enjoying the concrete tennis court during the pleasant days this week. The court is completely finished except for the wire back stops which are being constructed.

The high school weather observatory reports only six and seventenths inches during the month of April, a decided falling off in precipitation from the preceding month. There were only nine clear days however. The maximum temperature was sixty-seven and the minimum thirty-one.

The last spelling contest showed a further improvement in the work in the school. In the high school thirty two students had perfect papers and thirty nine others had a grade of above ninety. Few had below that number. The perfect papers in the senior class numbered five, there being one boy and four girls. Six Junior girls were perfect and in the Sophomore class six boys and eight girls had perfect, and four Freshman boys and eight girls had perfect papers. Of the grades the third grade had sixteen perfect papers, the largest number of any grade. The fifth grade came next with thirteen and with an average of the whole class of ninety-eight and four-tenths. The fourth grade had the highest average of ninety-eight and seven-tenths, having twelve perfect papers in an enrollment of eighteen. The sixth grade had ten perfect papers and the seventh grade three.

Wednesday afternoon was celebrated by the high school as Shakespeare Day. The ladies of the Shakespeare Club attended in a body and provided part of the numbers on the program. There were a number of other visitors. The program from the students was made up of the regular work which had been done as class work and was repeated as part of the program. The program follows:

Song Music Class.
Solo, (Below Ye Winter Winds) Mr. Humbert.
Paper on the life of Shakespeare, Irma Sumerlin.
Discussion of periods of Shakespeare's life with quotations..... Mr. Humbert and pupils.
Solo (Kiss Kaitz) in Italian.... Miss Cohen, of Portland.

EAT VIERECK'S BREAD, TILLAMOOK BAKERY
At All Grocers.

SPELLING CONTEST.

Pupils Do well in this County.

Third Grade Contests.

Edith Chaphe, Tillamook, first place; Herbert Lundy, Wheeler, second place; Noah Richards, Beaver, third place; Eta Burge, Cloverdale, fourth place; Viola Johnson, South Prairie, fifth place. The first two spelling all the words without misspelling; the third and fourth missed but one word each, of the grade words. It required an hour to spell off the tie between Edith Chaphe and Herbert Lundy. Then the missing of the word that decided the contest between the two was, it appeared, more from weariness of continued spelling than from lack of knowledge. All of these contestants are deserving of much credit for the unusual ability they displayed before so many strange faces.

Fourth Grade Contests.

Arden Pangborn, Tillamook, first place; Homer Blum, Sand Lake, second place; Homer Worthington, Cloverdale, third place; Florence Smith, Beaver, fourth place; Edith Reed, Wheeler, fifth place; Raymond Lunsay, Rockaway, sixth place.
Arden Pangborn and Homer Blum spelled all the grade words without misspelling. The third, fourth and fifth grade words had one word when the grade words had been spelled. It required a long time to spell off the tie between Arden Pangborn and Homer Blum.

Fifth Grade Contests.

Marge De Ford, Tillamook, first place; Helen Kaous, Bay City, second place; Edith Owen, Cloverdale, third place; Bermece Blum, Sandlake, fourth place; Marie Mayer, Sawcett Creek, fifth place.
The first four pupils spelled all the grade words without missing. The tie between the two was spelled off terminating in the order stated.

The tie between the two was spelled off terminating in the order stated.

Sixth Grade Contests.

Alice Daniel, Mohler, first place; Hazel Bodie, Bay City, second place; Orval Johnson, South Prairie, third place; Christina Olson, Wilson River, fourth place; Gladys Carl, East Beaver, fifth place; Mildren Scherzinger, Uretown, sixth place.
The first four spelled all the grade words without missing. Gladys Carl missed but one word. The tie between the first four was spelled off with the above results.

Seventh Grade Contests.

Jennie McClew, Bay City, first place; Charles Lundy, Wheeler, second place; Ollie Miner, Trask River, third place; Beatrice Blackburn, Pleasant Valley, fourth place; Mabel Lundquist, Cloverdale, fifth place.
The first four spelled all the grade words without missing.
All contestants showed that they knew the work perfectly.
The tie continued between Jennie McClew, and Charles Lundy until the annual and other contest words had been spelled. It was ended only by selecting words as was agreed upon by the two. Charles said he missed by confusing the word with another.

Eighth Grade Contests.

Margaret Hamilton, Bay City, Lillie Hopkins, Harmony, and Doris Sumerlin, Tillamook tied for first place; Jennie Carl, East Beaver, second place; Dorothy Owen, Cloverdale, third place; Fred Chalker, Brighton, fourth place.
The first five named spelled all the grade words without missing. Dorothy Owen and Jennie Carl missed one word after a long time and were eliminated. The first three continued to spell until both themselves and the one pronouncing were too tired to continue.

It was agreed by all that an adjournment be taken until Monday. All three contestants met as agreed upon Monday. After considering and talking it over it was agreed upon to divide the prize and the honors. It was proven beyond a doubt that all knew all the words for the grade work and the Superintendent and Judges thought, it would only be decided by chance or error if the spelling continued longer and suggested a compromise to the contestants. It would have been too bad for either to have lost after proving to be so thorough and perfect in the work outlined for the contest.

High School Contests.

Ina Williams, Tillamook and Velma West, Bay City, tied for first place; Claire Finley, Nehalem, second place; Arlene Fitzpatrick, Academy and Berenice Ripley, Miami, tied for third place; Leota Carl, Beaver and Bessie Jensen, Boulder Creek, tied for fourth place; Nancy Tomlinson, Barnesdale, fifth place.
This was a written contest. All were eliminated in the first writing but Ina Williams and Velma West. Four more lists were given with the results of a tie in each of the prize and merits. The ability of the two to spell was thoroughly brought out. The different lists were selected from different portions of different texts. This proved ability much above the average student.

The contestants are all to be complimented. The winners for their success and the others no less for the manner they accepted defeat after proving their extraordinary ability to spell.

The prizes were furnished by the First National Bank and the Tillamook County Bank, both of Tillamook City, and the County School Superintendent.

This office wishes to take this opportunity to thank the teachers, the pupils and the parents for the interest shown and the cooperation received which was necessary to secure the results that we have gotten.
On behalf of the contestants we also express our appreciation to the banks for their help with prizes.
W. S. Buel,
County Supt.

AGRICULTURAL NOTES.

By R. C. Jones County, Agriculturist.

Better Livestock for Tillamook Holsteins.

The Tillamook County Holstein Friesian Association met Tuesday of this week at the home of John Schildt. A tour of inspection of the farm was made in the forenoon after which a bountiful dinner was served in the orchard. One of the features of the dinner was strictly Holstein cheese which all pronounced excellent and hard to surpass.

A short business meeting followed the dinner at which John Hathaway was elected director for a term of three years. Chas. Kunze was elected as a member of the County Agricultural Council. The matter of a good representation of the breed at the county fair was also taken up.

At the conclusion of the business Mr. Kunze gave a short talk on "The Aims of the Association" pointing out the fact that the chief aim is to better the dairy industry of the county by arousing more interest in better cows. B. A. Folks followed with a talk on "Importance of the Dairy Sire," emphasizing the importance of production pedigrees in the selection of the sire.
D. T. Werschkul, of Cloverdale gave a talk on "My Experience with Registered Bulls." Starting with a herd of scrubs Mr. Werschkul bought his first registered bull at the Lewis and Clark Fair. In 1910 with 13 head of half bred heifers and 20 of the scrubs he delivered to the factory 132,162 pounds of milk. The following table shows his milk production for the last six years:
1910 33 cows 132,162 lbs. milk.

1911 23 cows 157,054 lbs. milk.
1912 30 cows 193,054 lbs. milk.
1913 34 cows 234,981 lbs. milk.
1914 37 cows 256,644 lbs. milk.
1915 38 cows 272,146 lbs. milk.

This increase in milk Mr. Werschkul credits almost entirely to the use of the registered bull. He has weeded out the scrubs and now has a fine herd of grade Holsteins.

County Agriculturist gave a talk on "Does It Pay to Feed Grain on Good Pasture?" He concluded with the low producing cows it does not pay. It does not pay to feed a cow producing less than 25 lbs. of milk but above that it does. Returns may not be immediate but the high producing cow cannot consume enough grass to produce to her utmost and maintain her body. If she runs down in body, she will go down in milk earlier in the fall in order to build up her body again. The returns will come in her first lactation period. This is especially true of the heifer in her first lactation period. The grain, to supplement pasture, should be of carbohydrate nature, like corn or barley. A cow producing 50 pounds of milk can profitably be fed 9 or 19 pounds of such grain when she is in good pasture. The feeder should study each individual cow and feed according to her needs.

Guernseys.

Sunday, there arrived in the county a Guernsey bull that will leave his mark in the county for years to come. This bull is, without doubt, one of the best bred bulls of the breed in the entire Northwest. His name is May Rose Starlight No. 24803. His sire is a half brother to Dollie Dimple with 906.8 lbs. of fat as a three year old, and out of Florham Daisy with 747.7

pounds of fat. His dam is a close descendant of Lily Ella with 782 lbs. fat. It is not a case of a few good records in the pedigree for the near-est seven dams average 630 pounds fat. This bull was purchased from the Jean Du Luth farm in Minnesota and represents the line of breeding that has put this farm on the Guernsey map of America. James Williams, of Tillamook is the lucky purchaser of this sire and should be congratulated for his wise selection. We can not have too many such bulls in the county. Who will be the next to fall in line for better dairy cows.

P. E. Allen, of Nehalem, has also recently purchased a promising Guernsey youngster from A. I. and J. Hughes, of Oregon City. The dam of this call is now on test and is making a very creditable record. He comes from one of the best herds in the state and is backed by all the good breeding of that herd.

Jerseys.

L. S. Miller, of Nehalem, returned from Portland Sunday and reports the purchase of a foundation herd of registered Jerseys from the W. S. Ladd Estate. This herd consists of a bull and seven cows. Many of the cows are of the Golden Glows Crier breeding and should be heard from in the near future. Some of them already have Registered of merit records. Mr. Miller will place this herd on his farm at Batterson and intends to put them all on register of merit test as soon as they freshen. Come on the rest of you Jersey breeders and get on the boat. If you don't, the new breeders will be leaving you behind.

The place to eat is at the "Good Eats," Ramsey Hotel.
