District Attorney T. H. Goyme and Attorney General Brown has advised the County Court that it can expend \$10,000 on the Bayocean road provided a bid is not put in to complete the work for \$15,000. As the budget provided \$10,000 for the work on that road, it will have to be expended on that road and it is thought that the court can expend the other \$5,000 on the Bayocean road or on hard surfacing. Should the Bayocean people fail to come through it is thought probably that the court will use the \$5,000 for hard surfacing, but it is to the interest to the taxpayers that it be expended on the Bayocean road, for it will make that much more money to be raised in the next budget.

Expert eye examination is absolutely necessary to determine the proper kind of glasses to use. Selecting them by any other method may result in permanent injury to your sight. When Dr. Turner prescribes glasses, it is with absolute certainty that they are the best, are the only kind suited to your eyes. If you do not need glasses, he most positively will not recommend them. Dr. Turner will be at Jenkins Jewelry store Friday and Saturday, June 23-24, at Cloverdale June 19-20; at Beaver, June 21. Remember the date. Beware of those going from house to house claiming to be Dr. Turner's agents. They are frauds and you will be humbugged. Be sure and call and let him show you that new invisible double vision glass for reading and close work and distant vision, all in one, which looks like a single pair, yet answers the purpose of two.
