to effect, namely, a sort of clearing house. In the front of the building will be a complete line of cigars, tobacco, candy, etc. Then comes a large billiard room containing eight tables with the very best equipment; and back of this will be a reading room where you may read the latest and best papers and periodicals; or play chess, checkers, cards, etc., as the fancy may dictate. To the north of this and connecting it with an archway will be found one of the most elegant and best appointed bowling alley rooms in the state. Sometimes in the near future the management will announce a lady's day where social intercourse and physical culture can go hand in hand.

Attorney S. S. Johnson and Ray B. Walls who have interested themselves in organizing a company of militia in this city have succeeded in obtaining the names of 5 young men to join the company. Mayor S. A. Brodhead received a telegram from the Attorney General's office that it would require 75 before a company could be organized in Tillamook, also giving other particulars to the same. As the number who have signed up is about 50, this leaves about 25 names yet to be obtained. Those who want to join the Tillamook Company should communicate at once with either Attorney S. S. Johnson or W. B. Walls.

Fourth of July Celebrations. Tillamookers in all parts of the county participated in Fourth of July celebrations, which were held at Tillamook, Fairview, Blaine, Cloverdale and Nehalem on Tuesday, all of which were well attended, the fine weather making them thoroughly enjoyable events. Each of the orators gave splendid patriotic addresses, which were attentively listened to by large crowds, especially in Tillamook, the space on the South side of the Court House being packed.

A letter was received by the President of the Tillamook Commercial Club from the lot owners of Bayocean, who want to meet the members of the Club and the County Court in regard to having work started on that road. Therefore a meeting of the Executive Board and club members is called for Saturday night at eight o'clock at the club rooms in the City Hall. It is hoped that as many business men will be present as possible for the completion of the Bayocean road is not only a great benefit to that place, but to the entire county. There are lot owners who want to erect bungalows at Bayocean as soon as they can get there by road, and who want to discuss their side of the question with the club and the county court.

Kunze, doing business under the firm name of Tillamook Feed Co., and Pioneer Livery Co., is a suit filed in the Circuit Court in which the plaintiff wants an accounting as the stock in the Pioneer Livery Co. had been transferred to the Tillamook Feed Co. for security for goods furnished. Victor Murdock Coming to Chautauqua. Regardless of conflicting political opinions, Victor Murdock, of Kansas is one of our national figures whom true Americans keenly admire. He has that ringing Rooseveltian punch to his thought, speech and manner, which compels attention. Murdock stirs an audience, there is edge and an incisive twist to his remarks that keep people all at angle while he is speaking. There is no rehash about Murdock. The only thing about a Murdock speech that repeats is the interest which it creates. His great lecture "Uncle Sam's Tomorrow" is an up-to-the-minute eye witness exposition of contemporary events at home and abroad, and their bearing upon the future. Securing Victor Murdock for this great circuit was a scoop for western chautauquas, and his coming is everywhere anticipated with interest.

New Place of Amusement. The saloon is out of business in Oregon. This may or may not be a social tragedy, but what are we going to do about it? What will we substitute for this so-called "Poor Man's Club" or social center? The need of a substitute goes without saying, and this being so it would seem that whoever approaches the problem practically and conscientiously, and try to effect a praiseworthy social readjustment, merits the hearty support of the community. We are shortly to have an experiment of just this nature in Tillamook. C. S. Barnes and Frank Fitzpatrick are about to open up a place of business to be known as "The Rialto," in the new building under construction by the First National Bank. The name or term "Rialto," is an Italian word and signifies a place where everybody meets, and this happily expresses what they will strive
