Notice of Completed Contract

Notice is hereby given, That the City Engineer has filed with the undersigned his certificate of the completion and his approval of the work of the improvement of Eighth Street from the East side of Stillwell Ave. to the West side of Miller's Addition to Tillamook, under provisions of resolutions for establishment of Local Improvement District No. 3 and that on Monday the 25th day of September, 1916, at 8 o'clock p.m. at the City Hall in Tillamook City, Oregon, the Common Council of Tillamook will consider the acceptance of said work.

Dated this September 14th, 1916.
Ira C. Smith,
City Recorder of Tillamook City, Oregon.

ACKERMAN IS FOR PENDLETON MEASURE

HEAD OF MONMOUTH NORMAL SAYS ONE SCHOOL CANNOT SUPPLY DEMAND FOR TEACHERS.

Monmouth, Ore.—"A careful analysis of the situation will convince any one that Oregon needs a Normal School in Eastern Oregon and also one in Southern Oregon," said J. H. Ackerman, President of the State Normal School at Monmouth. "It is a well-established fact that a centrally located Normal School cannot supply the needs of the entire state. The need of a Normal School in Eastern Oregon is readily proved by the cursory investigation of the list of our students and the list of our graduate teachers. The estimated population of our state in 1914 was 795,000. Take for example the eight Western Oregon counties, Clatsop, Clackamas, Benton, Lane, Linn, Marion, Polk and Yamhill Counties. Their population for 1914 was 214,608, or less than 27 per cent of the total population of the state, yet 50 per cent of the graduates from our Normal School for the past five years are teaching school in some one of these eight Western Oregon counties. There are 35 counties in the state, yet eight of these counties are getting half of the benefit of the teachers for which all of the counties pay the taxes.

Here is the list. During the past five years we have supplied the following graduates as teachers to these counties:

Clatsop, 18; Clackamas, 20; Benton, 23; Lane, 36; Linn, 28; Marion, 28; Polk, 25; and Yamhill, 20. In other words, 203 of our 407 teachers who have secured places in the public schools in Oregon during the past five years, have gone to these eight Willamette Valley counties.

Now take eight typical Eastern Oregon counties and see if they have secured their proper share of teachers with Normal training. During the past five years we have supplied Normal graduates as follows to these Eastern Oregon counties:

Baker, 9; Grant, 1; Harney, 4; Malheur, 2; Morrow, 4; Umatilla, 10; Wallowa, 7; and Wheeler, 2.

The eight Willamette Valley counties had 203 Normal teachers as against 39 Normal teachers for the eight Eastern Oregon counties. Eastern Oregon received less than 10 per cent as against Western Oregon's fifty per cent.
