

Rev. Curtis Called to Christian Church.

Rev. C. C. Curtis late of Corvallis arrived here on Saturday and on Sunday began his work as pastor of the Christian Church of this city. Rev. Curtis comes well recommended and

will no doubt receive the hearty support of his church membership here and a hearty welcome by the other church organizations of the city.

A Corvallis paper has the following to say in regard to Rev. Curtis:

"Rev. C. C. Curtis has received a 'call' to come to Tillamook to take charge of the Christian church there and he has accepted.

"Mr. Curtis resigned his pastorate here about six weeks ago. He took charge of the Corvallis church about a year ago, coming here from Dallas. He is a pusher, progressive in all lines of work tending to make the church bigger, more modern and better equipped for present day requirements."

Timber Cruiser Badly Hurt.

On Monday morning John A. Cameron aged 70 years, while timber cruising with another man on the north Fork of the Willamette about four miles above the Wesley Rush place fell a distance of 40 feet striking a ledge of rock and breaking his left leg above the ankle and injuring his eye. Had he not struck the ledge of rock he would have fallen 1000 feet. His partner came out to the Rush place and one of the boys went to help the injured man out, but they were unable to do so, so word was sent to town and N. J. Meyers, Boyd Mendenhall, Dave Brown, Everett Wells, one of the Stewart boys, Chester Thomas, Connie Dye, Heisel boy, two Rush boys and Wooley boy went out with Dr. Boals and Grant Mills in auto and took him out early Tuesday morning. The boys who assisted in this work deserve much credit as it was a difficult and dangerous task.

The patient is now at the Boals hospital doing nicely. The accident occurred on Monday morning at 9 o'clock and he did not arrive at the hospital until 10 o'clock the next morning.

Killing the Goose.

Today the worst foe of the American workmen are of their own household. They are the men who have persuaded the workers in certain trades in New York to go on a sympathetic strike.

The whole future of organized workmen is bound up with the future of American industry. Expanding industry means high wages and prosperity. Decadent industry means a redundant labor supply, with stationary or falling wages and distress and want on the margin of the industrial field. If American workmen are to prosper, more and more of society's savings must be invested in shops and machinery. And they will be so invested in proportion as such investment looks safe to investors.

The systematic strike means just this to the manufacturer: that he can not insure the loyalty and fidelity of his workmen to him by his own loyalty and fidelity to them.

Red Cross Shoe America's Most Stylish Footwear for Women.

"THE STRATFORD."

"What is America's most stylish shoe for women?" someone asked us recently and we answered "The Red Cross Shoe."

"But, I thought the Red Cross Shoe was a comfort shoe" was the retort.

So it is, and that is the wonder of it—that it is at the same time so wonderfully stylish.

The grace of line and refinement of finish of this shoe is reflected to some extent in the model pictured here—one of the models now on our shelves.

To really appreciate the beauty of the Red Cross Shoe, the variety of styles we offer you, and the finish of each Shoe you must have a pair fitted.

The Special Red Cross "bends with the foot" process makes every step you take easy, graceful and wholly comfortable. Priced at Per Pair \$4.00 and up.

NO words of ours could adequately picture the charm and beauty of the New Fall Millinery. Large shapes or small they all possess that indefinable something which the French call "Chic."
