HEAR WITHOUT EARS.

Police and Detectives Are Using Lip Reading in Place of the Dictagraph.

Thousands of deaf people are today throwing away all hearing devices and enjoying all conversation. This method is easily and quickly acquired through our system. Absolutely the only thing of its kind in the country. Our proposition is entirely original. Cost is trifling. See what New Laternational Encyclopaedia says on Lip Reading. Hundreds of people with normal hearing are taking up Lip reading for the many additional ben-efits gained. You can understand what the actors are saying just as far away as you can see them. The eye understands beyond the range of hearing. Send no money, but mention this paper and state whether or not you are deaf. All particulars will be sent you absolutely free and with no expense to you. Address, School of Lip Language, Kansas City, Missouri.
