# Why Not This Christmas?

You have intended buying that Piano for quite a while, but have neglected doing so for one reason or another.

Why not decide NOW?

In the delay you are no doubt neglecting musical talent in your children. There is no reason in the world why your children should not have these advantages.

I can sell you a Piano on very reasonable monthly terms.

It is safe to say that nine out of every ten pianos are sold on the monthly

You buy for the identical price as the spot-cash buyer.

There is no difference whatever.

The Wiley B. Allen Co. handle none but the Best Pianos and absolutely guarantee every one sold against any defect.

A Standard Piano costs you more, but the lasting satisfaction from such an instrument more than repays you.

I have several of the late styles right now at the Harris-Ammer Furniture Store and would be pleased to have you call and see them.

If you have grown tired of your talking machine I will take it off your hands and make you a good allowance for same on a new Piano or Player-Piano. And, by the way, while we are on this subject of Player-Pianos, do you realize the wonderful improvements made in Player-Pianos in the past few years? Space will not permit the details, but will sum it up in these few words:

You get every degree of Expression in the New Players that is possible in Hand-Playing. Remember, I said "NEW Players."

Of course, Player-Pianos put on the market in former years were just like certain models of motor cars. They were only experiments, and some of them poor ones at that.

LISTEN! The Player-Piano is for those who love music and can't play. And don't overlook this: Player-Pianos Develop Musical Capabilities. There's as Much Soul in a well-played Player as there is in a hand played piano. It sort of Unfolds within the person who plays, as they become better acquainted with the technic of the Player.

Does a name mean anything to you? Here are a few of the big sellers handled exclusively on the coast by the Wiley B. Allen Co. :

'PAKARD INTERPRETER," "ASTAPOLLO," "LUDWIG ANGELUS," "MILTON INVISIBLE," "CAROLA," "EUPHONA," "CONOVER."

If interested, I would be pleased to talk Piano, not AT you, but WITH you. Yours for business.
