Coast Artillery Company Fund.

The Tenth Company Coast Artillery was organized in Tillamook on the seventh day of August, 1916, and since that time the men and officers of the company have devoted much of their time and gone to considerable personal expense in order to effect. the purpose for which the company was organized, to-wit: to make preparations for the defense of this country in case the same should unfortunately be embroiled in a war. The only income which the Company has is fifty dollars a month paid by the State of Oregon. The company is required to pay \$65.00 per month for the rent of the armory, and, in addition to this, its expenses for lights and days. other incidentals are more than ten open season on male Chinese pheas- She-Is there really? tween the income of the company, and its actual expenses, must be made up from some source, and it is the sense of the undersigned that, in view of the sacrifices made by the members of the company, the people of Tillamook, who are not members of the company, are patriotically bound to render some assistance to the organization. In case the company should be called into the service, which is by no means improbable, a begins April 1st and sportsmen are father, making his appearance at that substantial company fund will go a long ways toward insuring the comfort of the men belonging to the company until the status of the organization is definitely established, and the red tape incident to mobolization is completely unraveled. If the company is not called into the United States service any funds which are contributed will be disposed of not only in the interest of the company but to the benefit and improvement of Tilla-mook as well.

Therefore, the undersigned have subscribed the sums set opposite their respective names to the fund of the Tenth Company, Coast Artillery, and respectfully invite other citizens to make contributions, paying the same to either of the banks in Tillamook City, and a receipt will be given for contributions, and the name of the party subscribing published as an extension of the original list of subscrib-

The "Lady Reporter" In Japan.

One of the newest stunts of the Japanese newspaper is to employ the "lady journalist," which is considered a remarkable innovation in a country where woman is emerging more and more from the seclusion of her home. 'Is the lady reporter's work satis factory?" I asked the editor.

"Yes, in a way, but she is not satisfied with writing personals. I find that woman's rights and equal suffrage. We have to go pretty carefully on that sort of thing in Japan, you understand, and keep a pretty close watch on what she writes, because it is like-World Outlook.

Bench and Bar.

Sir Edward Carson is noted for his ready Irish wit. On one occasion in court, when the judge, with whom he had had more than one passage of other a saloon keeper, he answered. In District No. 2, the open deer "That's so, my lord, yet another case season begins on September 1st and of difference between bench and bar."

QUIET AND NEAR LONDON.

The Lonely Cotswolds Nearly Tough The World's Biggest City.

The Cotswolds are an example of the variety of natural scenery that England succeeds in packing away within her narrow sea barred boundaries Here, within three hours of the largest city in the world, you can walk incomplete loneliness over a grassy road that follows the route laid out by Rospend two weeks in Cathlamet receiv- man engineers, with a tumbled sky Fear of an acute stock-feed famine ing practical instruction in the logand a sweep of empty fields falling Recent reports made to the state away to the left. You can take tea im an old Roman villa, where the tiled. courtyard is still smooth and tight; you can sleep in an inn that has apparently not changed its habits or its bill of fare since the days of Richard theout Oregon, according to Dr. David N. Crusader.

As mountains the Cotswolds cannot pretend to any great eminence or boldof killing William Booth in October, ness. They have no attractions for theman who wishes to brave steep cliffs or for him who would travel for a week on end through a single pine dark. valley. They are well bred little hills: compared with the Alps or the Rockies, but they have the true mountain flavorof loneliness and sturdy charm. Theoccasional farmhouse enhances the peculiar feeling of isolation, for a singlehuman dwelling only serves to set off loneliness.

And the roads are a perpetual delight. The King's highway winds: through these hills-a public road that would cost the landed proprietor whoowns the ground on either side of it half his fortune in legal expenses toclose up.-Exchange.

NEW YORK'S DOWNTOWN.

Where Those "Tired Business Men" Earn Their Daily Bread.

There is a region of mystery intoner of all returning warriors, with as tender solicitude.

Downtown is the trackless jungleinto which father plunges to stalk the by Governor Withycombe as members family's living. After 10,000 years of for Oregon of the finance committee of civilization it is still the same. Anxscenic wonders and attractions of the railroad station, and fond eyes greet him as he staggers out of the elevator door in his apartment house home with his prey, so to speak, on his shoulder.

Wives will never be reconciled to downtown. It swallows up the man of the house when he would much rather Oregon have been invited to attend a dents of New York City.
