PETITION TO BOND COUNTY

Stipulations Where Money is to be Expended.

The new petition that is being circulated to bond the county for \$412,000 is given below, for the information of those who have not seen it or signed it without giving it careful consideration. It is the petition submitted by Fred W. Adams. There is some difference of opinion between citizens, and, no doubt, the bonding of the county from now on will be a burning question, and freely discussed in all parts of the county. Following is the petition:

We, the undersigned registered voters, respectfully petition that you call a special election for the purpose of submitting to the voters of this county the question of issuing bonds to provide for the construction of permanent roads in this County, to the amount of four hundred and twelve thousand (\$412,000) dollars, to run not to exceed twenty years each, provided, however, the County may reserve the right to redeem same or any portion thereof serially each year. The aforesaid bonds shall bear interest at not to exceed five (5) per cent annum.

To the Honorable County Court of Tillamook County Oregon:

We are signing in connection with this request a petition to you asking for the calling of a special election for the purpose of submitting to the voters of the County the question of bonding the county in the sum of \$412,000, for the building of permanent roads, and we address you this letter in connection with the petition, but not as a part thereof, requesting that should the State Bond Measure for \$6,000,000 for roads, to be voted on June 4th 1917, carry, then we desire that the county bond proceeds, except as hereinafter provided, be used in connection with the work to be done under the state bond issue so far as possible, but if the state bond issue does not carry, or if it carries and you are able to get state aid within a reasonable time by meeting the requirements of the state in carrying out the various projects designated in said measure for this county, it is your desire that sixty percent of the County Bond issue be used for hard surfacing roads south from Tillamook City, hard surfacing the main County road leading South from Tillamook City to Cloverdale, the hard surfacing to begin at the terminus of the hard surface road near the Frank Blaser farm residence and extending South to Cloverdale, or as far south as the funds will permit. Sixty percent amounting to \$247,200. Premium, if any, for the sale of said sixty percent of said bonds to be added thereto.

We further wish that \$68,000 of the proceeds be used in hard surfacing the road North from Tillamook City to Bay City, beginning at the Wilson River bridge.

We further wish, and this provision is made, that irrespective of the success of the State bond measure or action by the State Highway Commission, that forthwith \$36,000 be used in building a road and bridge between Wheeler and Nehalem, and preparing the road bed between said points for hard surfacing and hard surfacing the same in case of failure to get state aid therefor, and that \$60,800 together with the premium on forty per cent of the bond issue, be used forthwith in hard surfacing the road from Mohler to the lower North Fork bridge on Nehalem river and the remainder of the fund if any, applied to hard surfacing the road on the East side of the North Fork of the Nehalem River from its connection with the Mohler road to the county line.

It is the intention of this request that sixty percent of the county bond issue be applied south of Tillamook City on the projects mentioned and forty per cent North of Tillamook City on the projects and in the proportions mentioned.

Further, the following representative citizens have consented to act as an advisory board to advise and assist in the above project and we have been assured that it is agreeable to your Honorable Body that these citizens act in that capacity and we ask that in all matters pertaining to said project they act with you as far as they can legally do so:

From the Middle District, Chas. Knize and A. G. Beals.
From the North District, Fred Zadschach, H. V. Alley and A. C. Andersen.
