Death of D. W. Gilbert.

D. W. Gilbert, of Beaver, departed this life at four o'clock on last Tuesday morning, after a lingering illness, caused by a stroke of paralysis two years ago. He was a man widely known by the business interests of the county and will be sadly missed by his many friends and associates. He was a man of sterling qualities, whose business integrity was never questioned. He was born in Morgan County, Ohio, Nov. 20, 1849, of Quaker parentage, and was educated in the public schools and at a course at the Friends' School at Barnesville. In his early manhood he married Mary King, also of Morgan County, who he survived by ten years before coming to Oregon. He was a commercial traveler working 21 years for one house just previous to coming to this county. He came West in 1907 and with his sons took over the Joe Bigsby store at Beaver, which steadily grew under his management.

The body was brought to this city by Undertaker Henkle and will be shipped to Ohio for burial.

Insurance Federation of Oregon.

It is expected that Tillamook County will have one or more representatives in attendance at the annual meeting of the Insurance Federation of Oregon to be held in Portland on April 28th. The plans for the state meeting include a business session and election of officers at 10 a.m., a trip over the Columbia River Highway in the afternoon and a big banquet and entertainment in the evening. The Insurance Federation is now organized in 45 states with a total membership of 100,000. The Oregon Federation was organized a year ago and has members in nearly every county in the state. The movement is aimed at state and government paternalism in general and state insurance in particular. Its membership is not limited to active insurance men, but is open to buyers of insurance and all those who believe that business should be conducted by private enterprise with reasonable and adequate government regulation, rather than by the states or the federal government.

Resolution of Condolence.

Whereas, it hath pleased the Supreme Master to enter our ranks and remove therefrom our esteemed sister Mrs. Anna Burton

Therefore, be it resolved, that while we mourn the loss of our beloved sister we bow to the will of the Divine. Her life has gone out and her chair is vacant. Only yesterday she was with us. Today we have but the memory of her work.

Resolved, further that Fairview Grange has lost one of its faithful officers, the children a kind and affectionate mother, the community an ever helping hand.

Be it further resolved, that a copy of these resolutions be sent with the sympathy of the Grange to the family. A copy be sent to the Grange Bulletin

and the county papers for publication, and that her office be draped in mourning for thirty days.

Rose Crawford, Mrs. A. B. Folks, Rachel Weston, Committee.

Call for Warrants.

Notice is hereby given that School Warrants of School District No. 9 issued and endorsed prior to November 30th, 1916, are called and are now payable. Interest will cease after date of this notice.

Dated this 10th day of April, 1917. Ira C. Smith, Clerk.

To the Officers and Members, All Camps Woodmen of the World.

T. E. Epplett, clerk of No. 219 W. O. W. has received the following letter from the Head Consul:

Esteemed neighbors: Believing that the unanimous sentiment of the members of the Woodmen of the World is favorable thereto, I hereby suspend that provision of the constitution requiring the payment of an extra rate by those of our membership who are now enlisted, or may hereafter enlist in either the Army, Navy or Marines, under the flag of the United States.

The fundamental purposes of our order are essentially patriotic; our neighbors are eager to respond in time of our country's need. The society itself, therefore, is fully justified in doing its part and thus carry into practical operation, the "four-square" principle of our order.

WOULD DONA'VE TOLL ROAD

John Boyer Offers to Relinquish Paying Property to State.

John Boyer, of Bear Camp, owner of the toll road on Salmon river, visited the state highway commission at Salem the other day and presented to that body the necessity for an improved highway from the Tillamook road at the Bee ranch to Siletz bay, offering to turn over his toll road to the state without remuneration if the commission would include that route in its extensive improvement plan. During the winter months the Salmon river road is practically impassable, and although the government maintains a daily mail route it requires ten horses and five men to cover the thirty-five or forty miles. Mr. Boyer says that he was required to walk from his home at Bear Camp to Wilamina, it being easier to traverse the distance on foot than by team.

The toll road in question is in Tillamook county, and Mr. Boyer's contract with the county runs until 1920. During the summer months there is considerable travel over this route, not only by residents of the Salmon river country but by tourists and others. After the fall rains set in the entire territory is isolated because of a lack of roads.

Boulder Creek.

The directors of the cheese factory consider themselves fortunate in securing the services of S. C. Woods, as cheese maker for this season.

Clarice and Lila Booth visited Geneva Chopard last Sunday afternoon. The ranchers hereabouts are hustling to get their oats and potatoes in while the sun shines.

We hear that Frank Ebbesen is home for a short visit.

Mr. and Mrs. George Henige have moved back from Portland, to live on the place they bought of L. N. Sandoz several years ago.

J. W. Hester and family drove up from Hebo Sunday, for a short visit at the H. A. Chopard home.

Mrs. R. Y. Blalock is slowly improving from her recent illness. Geneva Chopard visited her aunt

Mrs. L. N. Sandoz, last week, and also Reta Kinnaman. H. D. McIntyre has moved to the Jenck sawmill to board the mill hands, we understand.

Artillery Company Fund.

All Enlistments are for Duration of War Only.

Washington, April 12.—All men enlisting in the regular army or the national guard in the present emergency were assured in an announcement by Secretary Baker today that they would be kept in service only for the period of the war. The action followed a conference between the secretary and President Wilson.

In effect this places on a war-time volunteer basis all of the men enlisted since the state of war was declared. It makes available a total of 517,868 places in the enlisted grades of the two services to men who wish to serve for the war only.

President Warns People of Treason.

Washington, April 16.—All persons in the United States, citizens and aliens, are warned in a proclamation issued today by President Wilson that treasonable acts or attempts to shield those committing such acts will be vigorously prosecuted by the Government.

The proclamation defines treason, citing statutes, provisions of the constitution and decisions of the courts, and declares that the acts described will be regarded as treasonable whether committed within the borders of the United States or elsewhere.

Far-reaching importance attaches to the direction of the warning to aliens and the declaration that resident aliens, as well as citizens, owe allegiance to the United States, "and therefore are equally subject to the laws against treason and like crimes."

At war, the United States is in a very different position from a neutral. Bomb plotters may now be gripped with an iron hand. Not only conspirators themselves subject to heavy penalties, but anyone, even a German resident, who has knowledge of treasonable acts and fails to make known the facts to the authorities, may be sent to prison for seven years and fined \$1000 for concealment of treason.

Farmers to Receive Seed Potatoes Soon.

Klamath Falls, Ore., April 14.—In making arrangements to ship in several hundred sacks of seed potatoes, at a reduced price for the farmers of the county, the Klamath Commercial club took its first active step to increase the country's food supply.

Locating an opportunity to secure some exceptionally good seed at a figure lower than the market price, the directors of the club hastily got together and arranged to borrow money on their joint personal note and ordered the potatoes shipped at once. They will be placed in a warehouse here and turned over to the farmers at their exact cost through the Commercial club office. Each farmer receiving potatoes must sign an agreement to plant them and not use them for eating purposes.

Not more than 20 sacks out of this consignment will be sold to any one man.
