

COST OF ROAD WORK TO BE HIGHER.

Wages Raised from \$2.50 to \$3.00 and From \$5.00 to \$6.00 for Man and Team.

In the matter of the petition of Everett Wells for a county road, R. L. Shreve, Henry Leach, and Sid Anderson were appointed a board of road supervisors. In the matter of the petition of S. H. Rock to vacate a county road, the same was rejected. In the matter of the claim of H. H. Hayward for indemnity, \$75.00 was allowed, and \$35.50 to N. S. Nehl. In the matter of completion of contract of Mallory and Blum on Compton trestle it was ordered that the clerk give notice of completion. In the matter of an audit of the county books for the year 1917, J. H. Wilson was given the work for \$200. In the matter of the petition of D. L. Jones for county road, on report of viewers, the same was established and considered as a public highway. In the matter of opening ballot boxes, the clerk was ordered to open the same preparatory for the June election. In the matter of wages for road work, the wage was raised from \$2.50 to \$3.00 a day for man and from \$5.00 to \$6.00 for man and team.

Agricultural Defense Day.

Saturday, May 12th, has been set aside by Governor Withycombe as Oregon Agricultural Defense Day. It is the intention at this time to acquaint the farmers of Tillamook County with the exact conditions regarding the world's food supply and to discuss plans for meeting the situation by the American farmer.

Each Grange and Farmers' Union local in the county will be summoned in extraordinary session on that date on their respective meeting places and there acquainted with the situation. The Agricultural Council of this County are acquainted with the situation, each member of the Council will act as leader in his own district.

That we all should know the real situation is of extreme importance. For instance, do you know that the wheat crop in 1915 was over three and one-half billion bushels while last year it fell short of that by 834 million bushels, over 4-5 of a billion bushels. Other food-stuffs show a corresponding decrease.

It is the patriotic duty of every farmer to turn out Saturday and find out just exactly what he has to do and to help organize the effort of this county so as to accomplish the greatest good. The Tillamook district meeting will be held at the Tillamook City Hall at 2:30 p.m., Saturday, May 12.

AGRICULTURAL NOTES

By R. C. Jones, County Agriculturist.

Patriotism and Profit.

General farmers and live stock producers can do their country no greater service than by seeking to make their production reach the very limit of possibility. Men who send to market immature and young stock that could carry greater weight are wasting the country's resources. In all human probability they are also sacrificing profits they might reap. The unprecedented prices have been and are a temptation to cash in while the cashing is good; but when a man sends to market underweight and young breeding stock he is killing the goose that lays the golden egg. He is making it harder for himself and others to replenish feed lots and pastures.

To be sure, no man can be expected to go out and buy dear feed to make 1600 and 1700-pound steers or 350 to 400-pound hogs, but it is little less than an economic crime at this time to send in half finished 100 to 1200-pound steers and 150 to 180-pound hogs. Marketing of strictly dairy veal calves is excusable, but every calf that could grow into good beef should by all means be kept. Sending to slaughter pregnant cows and heifers for beef should be absolutely discontinued, at least for the period of the war.

Triple Birthday Anniversaries.

Last Tuesday afternoon, twelve lady friends of Mrs. M. E. Gruber, gave her a pleasant surprise, it being her birthday. The beautiful gifts received betoken the love and esteem in which the hostess is held by her many friends, fancy work and a contest being the features of the afternoon. Having partaking of a hearty lunch, the guests departed, wishing many returns of the day. Those present were Mesdames Roy Jones, C. J. Edwards, W. J. Peterson, M. Rhodes, Ray Walls, J. Lamar, Farley Seiffer, F. Feldschau, Erickson, and Ellison.

IS NOW A BRIDE.

Miss Rose Werts United in Marriage To Mr. H. D. Wheeler. (Napa Daily Journal.) At a quiet wedding in San Francisco, at 2 o'clock Thursday afternoon, Miss Rose Werts became the bride of Mr. H. D. Wheeler, of that city.

The Della for some years has been operated as a freighter between Portland and Nestucca Bay. The promoters of the new undertaking are confident of success, as extensive investigation of the halibut bed has been made recently and its size and location have been determined. On this trip the Della carries three halibut lines. Three more have been ordered for future operations. Each line carries 150 hooks.

Delia to Fish in Deep Sea.

Deep sea fishing in the halibut beds off the coast will be undertaken by the schooner Della, which left port Tuesday. It is expected that the fastest trip will take two days. The new venture is being financed by Charles Ray, of Cloverdale; F. D. Small, of the Tillamook Ice & Cold Storage Co. and W. G. Dwight of this city. Captain Emmett Jenkins is in command of the craft.

Rheumatism.

If you are troubled with chronic or muscular rheumatism give Chamberlain's Liniment a trial. The relief from pain which it affords is alone worth many times the cost. For sale by Lamar's Drug Store.

Miscellaneous Bills.

When you advertise your county, yourself and the other fellow's business you are a true blue booster. Let us all be boosters. We have all got to learn the game so begin now. To-day is the day to start the preparation for the big Booster's Day by exhibiting at the County Fair, August 28-29-30-31. Select, prepare and exhibit your product so as to be as near perfect as possible. It is very easy and everyone can and has plenty of exhibiting stock on hand. The essential points is to keep in mind is to select specimens of uniform size and color, be free of scales, insects, mechanical bruises, and lack of stems. You realize the great benefits you have derived at the last County Fair. It has made it possible for you to increase the production of your farm and factory. It is most important this year that every one of us should put forth every effort to make an exhibit even though it be small, as it is our sacred duty to our country, and especially in this agricultural county to insure the fullness of our fields. You cannot serve your country any better nor be more loyal than to grow the largest crop you have ever grown and then come out and not be selfish. Bring your best and show your neighbor what you did and tell him how to do it. That's the way "We'll make 'er go." Everyone who visits the fair will look over your efforts with the greatest interest, and I feel you will not allow any one to disappoint his just expectations. Kindly let me hear from you. B. Kuppenbender, Mgr. Tillamook Co. Fair.

The Silver Lining.

The four years more of Wilson have begun. Patience, brethren! They may seem long; they may pass very quickly. They may be drawn out in "watchful waiting," they may be shot through with a splendid burst of American patriotism. But, whatever the character of the era, it will be broken by a general election at which the Republicans of the country will have their chance to redeem both houses of Congress and to put the legislation of the land upon a plane where it will contract with and show legitimate opposition to the administration. The problems of today are pressing and troublesome, but they should not blind Republicans to the fact that 1918 is not so very far away.—Exchange.

That \$6,000,000 is a large sum to take away from the taxpayers,

"That \$6,000,000 is a large sum to take away from the taxpayers," is an assertion being made a good deal in commenting upon the pending road bond issue. The assertion is based upon a prevalent misunderstanding of what the act involves. Nothing in the act requires any increase of taxation in order to get the \$6,000,000. It is the automobile which pays the money. Auto license fees have doubled, and with a normal increase of machines owned in Oregon, the fees will more than cover the interest and the sinking fund payments to retire the bond issue. Should there be no increase at all in the number of autos used, it would still be unnecessary to raise taxes for the extra money would come from the quarter-mill road tax. Supporters of the road bonding measure will do well to correct the misunderstanding.—News.
